A Message From The President

Welcome to West Los Angeles College.

Founded in February, 1969, West is celebrating its 35th year of service to the community, going from a handful of temporary structures on a muddy field to state-of-the-art facilities on a lushly landscaped campus, with at least six new buildings on the drawing board.

At West, we are here to help you acquire the knowledge and skills you will need to function successfully in this dynamic environment. West offers exciting career options with vocational programs leading to a certificate or Associate degree, or academic programs to enable you to complete the first two years toward your Bachelor's degree and then transfer to a four-year university as a Junior to continue your studies.

Our outstanding faculty will enlighten and inspire you, and you'll be able to attend classes part time, full time, days, evenings, weekends and online. You'll find support services, as well, including tutoring, academic and personal counseling, writing lab, computer lab, childcare and clubs and organizations. There is the Accelerated College Transfer (ACT) program, a fast-paced transfer oriented program, with tracks in liberal arts, business and for future teachers. The Transfer Honors Program offers an enriched experience with guaranteed priority admission to selected prestigious four-year institutions. And Westside Extension brings you personal fulfillment with not-for-credit enrichment classes.

On behalf of everyone at West Los Angeles College, I extend to you our warmest welcome and best wishes for a rewarding college experience.

Sincerely,

A handwritten signature in cursive script that reads "F. Quiambao". The signature is written in dark ink and is positioned above the printed name.

Frank Quiambao
College President

College History

The West Los Angeles College Catalog describes the courses, programs and services of the college that are planned for the 2004-2006 academic years. Most of the policies and regulations affecting students are described in this catalog, and each student is responsible for becoming familiar with this information. More current and complete information may be obtained from the appropriate department or administrative office.

THE COLLEGE

West Los Angeles College (WLAC), located on a lushly landscaped hillside in Culver City, opened its doors in February 1969. One of the nine campuses of the Los Angeles Community College District, the college has approximately 10,000 students attending day, evening and weekend classes. WLAC serves Baldwin Hills, Beverly Hills, Brentwood, Century City, Crenshaw, Culver City, La Tijera/Windsor Hills, Marina del Rey, Mar Vista, Pacific Palisades, Palms, Playa del Rey, Venice, Westchester, West Los Angeles and Westwood. Students come from a rich mixture of nationalities and cultures.

THE DISTRICT

The Los Angeles Community College District, the largest in California, serves approximately 110,000 students and is governed by a publicly-elected seven-member Board of Trustees. The District's administrators, a Chancellor, Vice Chancellor, and other senior staff members are appointed by the Board of Trustees. Sitting on the Board as well is a non-voting student member who is nominated by the Associated Students Organizations of all nine campuses.

Administration

West Los Angeles College's president heads the college, and is assisted by three vice presidents as well as deans, associate deans, assistant deans, classified administrators, faculty and staff. They all carry out the mission of the college: "Through innovative programs and responsive community services, West Los Angeles College empowers students to succeed."

Divisions

The college features twelve divisions which provide quality academic transfer and vocational classes and wide-ranging support services for students. The divisions are: Allied Health, Aviation and Travel, Behavioral and Social Sciences, Business, Communication, Entertainment and Media Arts, Counseling, Health and Physical Education, Humanities and Fine Arts, Language Arts, Library and Learning Resources, Mathematics, and Science.

The Accelerated College Transfer (ACT) offers fast-paced tracks for those seeking associate degrees and transfer to four-year institutions.

Support services of the College include: the Child Development Center (CDC), Disabled Students Program and Services (DSP&S), Distance Learning and Online Education, Extended Opportunity Programs and Services/Cooperative Agencies Resources for Education (EOP&S/CARE), Student Services, Matriculation, and the Workforce Development Center.

Curricula

The college is fully accredited by the Western Association of Colleges and Universities, and offers 25 transfer and 18 vocationally-oriented programs.

The American Dental Association and the Federal Aviation Administration also recognize the vocational curricula offered here at West Los Angeles College.

INDEPENDENT CALIFORNIA COLLEGES AND UNIVERSITIES

California's fully accredited independent colleges and universities provide a host of options at undergraduate, graduate and professional levels for students planning to continue their education beyond community college.

General Information

EDUCATIONAL PHILOSOPHY

The Los Angeles Community Colleges affirm the principle that individuals should have opportunities to develop to their full potential. To that end, our main responsibility is to students and to the provision of education, which benefits students and enables them to contribute to society.

Our colleges, therefore, should be accessible to all individuals who have the capacity and motivation to profit from higher education. Curricula and services of our colleges should provide the means for fulfilling the promise of open access.

We recognize the necessity to adapt to the changing educational needs of the Los Angeles Community Colleges' communities and to the growing diversity among students. The quality of the educational Experience is to be judged by its value to students and communities, not merely by quantitative appeal. We further recognize that academic freedom is Essential to excellence in education

A VISION FOR THE FUTURE

Through innovative programs and responsive Community services, West Los Angeles College empowers students to succeed.

VALUES STATEMENT

Our vision is supported by the principles we share in common as faculty, staff, and students:

Student Success

Empowering students to be effective in school and in life respecting student needs. Engaging students in dynamic, creative dialogue Engaging students actively in college development

High Standards and Excellence

Pursuing excellence. Setting high expectations for our students and ourselves having pride in the college.

Flexible, Future-Oriented Perspectives

Being able to anticipate change and embrace the future. Developing openness to innovation and change Cultivating resiliency, flexibility, adaptability, and creativity

Personal Integrity and Mutual Respect

Practicing the values of respect, honesty, courtesy and fairness pursuing our goals with dedication and commitment following through on commitments.

Critical Thinking

Engaging in deliberative dialogue and decision making.

Teamwork, Communication, and Support

Promoting success across the college advancing a collaborative ethos Providing encouragement, support, and recognition for a job well done. Listening actively and carefully communicating in a timely and open manner.

Community Service

Establishing connections to the community respecting community needs. Being open to the community having pride in the college

MISSION STATEMENT

The mission of West Los Angeles College is to serve the students and the community by providing quality instructional and support services including programs, facilities, and open access for all who can benefit from its instruction.

The college, as an institution of higher learning, is committed to an environment that reflects respect for all students. The college provides an educational experience that is challenging and inclusive of the needs of its diverse student body. The college affirms the belief that multiculturalism contributes to the success of all students as they learn to value the diversity of the college and society. West Los Angeles College's mission is founded upon a commitment to assist each student in developing an educational success strategy. The college implements its mission through:

Transfer Education to provide general education and major preparation for those students who plan to continue their studies at a four-year college or university.

Career and Occupational Education providing certificate and associate degree programs to meet the needs of those students preparing for employment in a changing, globally-centered society, and those currently employed who wish to train themselves or update their skills to meet the growing demands of increasingly interdependent societies.

General Education to introduce students to the humanities, the arts, the social and natural sciences, allowing them the opportunity for personal, intellectual and cultural growth; while providing oral and written communication, mathematics, critical thinking skills, and international perspectives necessary to succeed in life.

General Information

Foundation Skills Program to provide students with the necessary capabilities in mathematics, verbal and written language skills, and study skills to successfully complete a certificate, degree, or transfer program.

Economic Development to develop educational partnerships with business, industry, labor and government in order to offer programs for the working adult or those preparing for work, recognizing that the nature of work grows increasingly international in content and global in scope.

Continuing Education to meet, where possible, educational needs of the community not otherwise served by regular college programs.

Support Services to assist students in defining and achieving their educational goals.

Student Activities to involve students more fully in the college experience.

The college promotes and encourages the continuous and timely examination of college programs and services to assess their effectiveness and ensure maintenance of academic excellence.

NON-DISCRIMINATION POLICY

All programs and activities of the Los Angeles Community College District shall be operated in a manner which is free of discrimination on the basis of race, color, national origin, ancestry, religion, creed, sex, pregnancy, marital status, medical condition (cancer-related), sexual orientation, age, disability or veterans status (Board Rule 1202).

Inquiries regarding affirmative action at West Los Angeles College should be directed to the College Affirmative Action Representative. (Board Rule 1202)

SUMMARY OF SEXUAL HARASSMENT POLICY

The policy of the Los Angeles Community College District is to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment. Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in the policy or federal law shall be subject to discipline, up to and including discharge, expulsion or termination of contract. The specific rules and procedures for reporting charges of

sexual harassment and for pursuing available remedies are incorporated in the Board Rules in Chapter 15. (Board Rule 15001)The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained from Lawrence Woods, Sexual Harassment Compliance Officer at (310) 287-4383; Sherron Rouzan-Thomas, Advocate for Students at (310) 287-4527 or by calling the Office of the Vice Chancellor of Instructional & Student Support Services Division at (213) 891-2279, or the Office of Affirmative Action Programs at (213) 891-2315.

Any member of the college community, which includes students, faculty, and staff, who believes, perceives, or actually experiences conduct that may constitute sexual harassment, has the right to seek the help of the college. Every employee has the responsibility to report such conduct when it is directed towards students to the Sexual Harassment Compliance Officer.

Potential complainants are advised that administrative and civil law remedies, including but not limited to injunctions, restraining orders or other orders may be made available.

ACCURACY STATEMENT

The Los Angeles Community College District and West Los Angeles College have made every effort to make this general catalog accurate and may, without notice, change information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the district or college. The district and college also reserve the right to add to, change, or cancel any rules, regulations, policies and/or procedures as provided by law.

Información General

REGALA DE NE DISCRIMINACION

Todos los programas y actividades del Los Angeles Community college District se implementan de manera que sea libre de discriminacion a base de raza, color, nacionalidad, antepasados, religion, credo, sexo, embarazo, estado civil, condicion medica, (relacion al cancer), orientacion sexual, edad, incapacidad o si sea o no sea veteranto (Regla 1202 de la Junta).

Procedimiento de Acatamiento a la Política de Igualdad de Oportunidades y No-Discriminación

A fin de asegurar el acatamiento a la Política de Igualdad de Oportunidades en el Colegio del Oeste de Los Angeles, sírvase dirigir sus quejas con el Representante de Acción Afirmativa y Coordinador del Artículo IX/ Igualdad Sexual, Sr. Lawrence Woods al (310) 287-4383; y con el Sra. Adrienne Foster, Coordinador del Programa de Incapacitados, Sección 504 al (310) 287-4562. También puede llamar a la Oficina de Acción Afirmativa del Distrito al (213) 891-2315.

RESUMEN DE LA POLÍTICA DE ACOSO SEXUAL

La Política del Distrito de los Colegios Comunitarios de los Angeles es de ofrecer un ambiente educativo, de trabajo y de negocios dentro de un ámbito libre de maltrato, acoso sexual, o de cualquier tipo de conducta verbal o física que conlleve a cualquier tipo de abuso sexual. Empleados, estudiantes y cualquier persona que preste sus servicios con el Distrito y que se vea involucrado en algún tipo de acoso sexual al anteriormente citado en la actual Política o legislación federal del Estado, será puesto a disposición de las autoridades para aplicar medidas disciplinarias, podría ser destituido de su cargo con baja en su contrato y hasta expulsado. En el capítulo 15 del reglamento del Consejo se han suscrito los procedimientos y regulaciones específicas para reportar cargos de acoso sexual y para poner remedio a dichos casos. El Distrito de los Colegios Comunitarios de los Angeles cuenta con una política de procedimientos formales e informales para resolver conflictos y atender quejas. Copias de dicha política y sus regulaciones pueden ser adquiridas en West L.A. College con el Sr. Lawrence Woods al (310) 287-4383 o al (310) 287-4273; Con la Sra. Sherron Rouzan-Thomas al (310) 287-4527, o a la Oficina de los Programas de Acción Afirmativa al (310) 891-2315. Cualquier Miembro de los Colegios Comunitarios, incluyendo estudiantes, profesores y personal que crea, perciva o

haya sido víctima de cualquier tipo de conducta de maltrato sexual tiene el derecho de solicitar ayuda del Colegio. Todo empleado tiene la responsabilidad de reportar tal conducta con el representante de la Oficina de Maltrato y Abuso Sexual. Quejas de gravedad serán puestas a disposición de la ley.

CONOCIMIENTO LIMITADO DEL INGLÉS

Contamos con clases de Educación Vocacional para distintas ramas del trabajo del abiertas a todos las estudiantes y, aún para aquellos que todavia no dominan el idioma inglés. Aunque la falta de conocimiento del idioma inglés no es un impedimento para registrarse en dichos cursos, sugerimos a los estudiantes deficientes en el idioma inglés como segunda lengua a que aprovechen nuestros servicios elaborados especialmente para cubrir sus necesidades.

Admissions Policies And Information

APPLICATION FOR ADMISSION

Applications are available at the Office of Admissions and Records, Student Services Building A-13. Proof of Social Security number and photo ID must be submitted with the application for admission. The Los Angeles Community College District uses the Social Security number to identify student records. However, F-1 students without a Social Security number and those students who choose not to use their Social Security number will be assigned an alternate number to be used by the college for student identification.

ADMISSION ELIGIBILITY

Persons who possess a high school diploma or its equivalent meet the basic eligibility requirement for any public California two-year community college. Persons who do not possess a high school diploma or its equivalent, but who meet additional criteria, are also eligible for admission. Additional eligibility criteria include:

1. Being eighteen (18) years of age or older.
2. Being an apprentice, as defined by Section 3077 Of the California Labor Code
3. Being in grades K through 12, under special

International F-1 Visa students may be required to show acceptable proof of ability in English and to provide other documents, as outlined in the international student application.

REGISTRATION MATERIALS

Students continuing from the prior semester will automatically receive registration materials. New and returning students are issued registration information when the application for admission is processed.

READMISSION

Students who have not attended for two or more semesters must file a new application.

Information regarding other eligibility criteria and/or admissions procedures is available in the Office of Admissions and Records.

RESIDENCY REQUIREMENTS

California Residence Requirements

To attend any of the Los Angeles Community Colleges as a resident of California, a student is required to have been a California resident for more than one year immediately preceding the Residency Determination Date. The Residency Determination Date is that day immediately

preceding the opening day of instruction of the semester or session. Residence is defined as a union of act and intent. F-1 Visa students, by virtue of their non-resident status, do not meet this requirement.

NON-RESIDENT

A non-resident student is one who has not had residence in the State of California for more than one year immediately preceding the Residency Determination Date. Residence is defined as a union of act and intent. Physical presence alone is not sufficient to establish California residency, nor is intent when not coupled with continuous physical presence in the State. Certain non-U.S. citizens are permitted to establish residency and others are not. Check with the Admissions Office regarding your particular status. A student classified as a non-resident will be required to pay non-resident tuition fees as established by the District Board of Trustees.

NON-RESIDENT TUITION FEE

The tuition fee for non-resident students must be paid at the time of registration. This fee is subject to change. Non-resident students are also required to pay the community college enrollment fee. Students who qualify for financial aid may defer non-resident tuition fees until funds are received. Contact the Financial Aid Office for information and assistance. Non-resident tuition is due upon registration. Students who have not paid all non-resident tuition will be dropped from all classes on the Friday of the fourth week of the semester.

NON-RESIDENT TUITION REFUND CRITERIA AND SCHEDULE

A non-resident student who formally drops or otherwise separates from part or all of his/her enrollment may request a refund of previously paid non-resident tuition in accordance with the schedule below. Such requests must be made in writing on a form provided by the District.

The date used for non-resident refund purposes is the date on which such request is filed and time stamped, regardless of when separation may have occurred. All non-resident refunds will be made by mail.

Admissions Policies And Information

Non-resident refunds will be computed as follows:

CLASS TYPE	DATE REQUEST TIME STAMPED	REFUND
Regular Length	Through second week of instruction.	Full Tuition
(Fall, Winter, Spring, Summer)	After second week of instruction.	No Refund
Short Term	Through 10 percent of class length.	Full Tuition
(Less than regular length)	After 10 percent of class length.	No Refund

AB 540 EXEMPTIONS

On October 12, 2001 the Education Code was modified to exempt certain non-resident students, who attended and graduated from California high schools, from non-resident tuition. This change (Education Code, Section 68120.5) does not grant residency; rather it requires that certain non-resident students be exempt from paying non-resident tuition. Students exempt from paying non-resident tuition do not become residents for eligibility purposes for any state-funded program (e.g. EOPS, BOG Fee Waiver). The exemption tuition is mandatory; if the District finds that a student meets all requirements in the law, non-resident tuition may not be charged.

The student must meet all of the following eligibility requirements to be eligible for the exemption:

A. The student must have attended a California high school (grades 9 through 12) for three or more years.

B. The student must have graduated from a California high school or attained the equivalent thereof (e.g. a GED or high school proficiency exam).

C. Except for non-immigrant aliens, any non-resident student who meets the requirements contained in "A" and "B" shall be exempt from non-resident tuition even if he/she is a U.S. citizen or lawful immigrant.

D. Students without lawful immigration status must complete and sign the LACCD EC 68130.5 Non-Resident Tuition Exemption Request form which indicates that the student has applied for legalization or will do so as soon as the student is eligible to do so.

INTERNATIONAL (F-1) VISA STUDENTS/ADMISSIONS

West Los Angeles College is an institution approved by the United States Bureau of Homeland Security Bureau of Immigration and Citizenship Services to issue certificates of eligibility for non-immigrant (F-1) student status. West Los Angeles College accepts a number of qualified international students each semester who wish to pursue occupational, transfer, and A.A. degree curricula.

All applicants must meet the following admissions criteria:

1. Demonstrate English language ability adequate to enable the student to benefit from instruction in English, at the college level. Adequacy of English proficiency is determined by a satisfactory score on the Test of English as a Foreign Language (TOEFL). A score of 450 on a standard or 133 on a computer-based test is the minimum acceptable score. Transfer applicants in the U.S. may substitute WLAC placement exam results for the TOEFL.
2. Show evidence of academic achievement equivalent to an American high school education.
3. Demonstrate the ability to pay the non-resident tuition, enrollment fee, and personal living expenses for one year.

Once an international student has been accepted as a student at West Los Angeles College, the student must maintain a full-time academic load of 12 or more units per semester. A number of services are available to international students such as counseling, orientation, a language laboratory, and an international student organization. Information is available in the International Student Services Office in Trailer #1, opposite the Admissions Office, Building A-13.

All international students should contact the International Student Services Office as soon as they arrive. All students are highly encouraged to carry health insurance.

SOCIAL SECURITY NUMBER/ STUDENT IDENTIFICATION NUMBER

The Los Angeles Community College District maintains a student record system that uses the Social Security number to identify an individual. If students do not wish to report their Social Security number, an alternate identification number will be assigned by the college and shall be used at all campuses in this district. Changes in a student's ID number may be made only in the Admissions Office.

Admissions Policies And Information

STUDENT RECORDS AND DIRECTORY INFORMATION AND FAMILY EDUCATION RIGHT AND PRIVACY ACT

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The Los Angeles Community College District recognizes that student records are a confidential matter between the individual student and the college. At the same time, the District has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards, etc.). To meet this responsibility, the District may release directory information unless the student states in writing that he or she does not want it released. The responsibility for carrying out these provisions is charged to the college records officer, designated by the chief administrative officer on each campus. The records officer may be contacted via the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the records officer and are available for inspection and inquiry.

All student records maintained by the various offices and departments of the college, other than those specifically exempt by law, are open to inspection by the student concerned. The accuracy and appropriateness of the records may be challenged in writing to the records officer. A student has the right to receive a copy of his or her record, at a cost not to exceed the cost of reproduction. (Requests for transcripts should be made directly to the Office of Admissions.)

No student records, other than directory information, will be released without the written consent of the student concerned except as authorized by law. A log of persons and organizations requesting or receiving student record information is maintained by the records officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records.

Directory information includes the student's name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Directory Information about any student currently attending the college may be released or withheld at the discretion of the records officer.

No directory information will be released regarding any student who has notified the records officer in writing that such information shall not be released. All inquiries regarding student records, directory information, and policies for records access, release, and challenge should be directed to the records officer via the Office of Admissions. Students have the right to file a complaint with the United States Department of Education concerning alleged violations of Federal and State laws governing student records.

TRANSCRIPTS

Upon written request by the student, a copy of the student's academic record shall be forwarded to the student, or his or her designated addressee, promptly by U.S. mail or other responsible forwarding agency. A student or former student shall be entitled to two free copies of the transcript of his or her record. Additional copies shall be made available to the student, or to an addressee designated by the student, at a cost of \$3 per copy. Students may request special processing to expedite their request for an additional fee of \$10. This option is subject to the college's ability to provide this service. Requests for transcripts or verifications may be submitted to the Office of Admissions. Transcripts from another institution are not available for copying (Board Rule 8401.10).

The student's transcript may be withheld if:

1. Any library books or other library materials are charged to the student and are unreturned, or
2. There are any unpaid fees or charges due to the college. The transcript may be withheld until these obligations of the student to the college are discharged.

We advise that official transcripts mailed directly from the last high school attended and from each college attended be submitted. However, this is not a requirement for admission. All transcripts become the property of the college and cannot be returned to the student.

STUDENT FEES

Enrollment Fee

The Enrollment Fee Section 72252 of the Education Code requires community colleges to charge an enrollment fee to each student enrolling in college. All students are required to pay the enrollment fee after they have registered for classes. A hold will be placed on the student's permanent record if the tuition fees are not paid by the time of registration each semester.

Admissions Policies And Information

Students admitted to the Los Angeles Community Colleges as special part-time students, who are currently enrolled in a public school district, are exempt from enrollment fees charged for all terms pursuant to Education Code Section 76300.

Board of Governors' Waiver and Enrollment Fee Assistance

Through the Board of Governors' Waiver, the college offers enrollment fee assistance to students who are unable to pay the enrollment fee. For enrollment fee assistance, students should contact the college Financial Aid Office to obtain:

1. An Enrollment Fee Waiver, which is available to students whose families receive Aid to Families with Dependent Children (AFDC), Supplemental Security Income (SSI), or General Relief (GR).
2. An Enrollment Fee Credit, which is available to students whose family income and size fall within the following limits:

Number in Household (including yourself)	Total Family Income (Adjusted Gross Income and/or Untaxed Income)
1	\$13,470
2	\$18,180
3	\$22,890
4	\$27,600
5	\$32,310
6	\$37,020
7	\$41,730
8	\$46,440
	\$4,710
	Each Additional Family Member

3. An Enrollment Fee Deferment, for students who have already been awarded Financial Aid, such as a Pell Grant, Cal Grant or assistance from EOP&S. Students can defer the payment of enrollment fees.

Enrollment Fee Refund Policy

For full term courses: The student will receive a full refund up to the end of the second week of classes. There will be no refunds after that, unless the student must drop a class due to cancellation or rescheduling by the administration/college. For short term courses, the student will receive a full refund up to the end of a period of time equal to 10% of total class time. There will be no refunds after that, unless the student must drop a class due to its cancellation or rescheduling by the administration.

Health Fee

The Los Angeles Community College District policy exempts the following students from paying the student health fee: (a) low income students, including students on financial aid and/or recipients of a Board of Governors' Fee Waiver Grant; (b) students who depend exclusively on prayer for healing in accordance with the teaching of a bonafide religious sect; (c) students who are attending classes under an approved apprenticeship training program; (d) non-credit education students; (e) students enrolled in District colleges exclusively at sites where student health services are not provided; (f) students who are enrolled in District colleges exclusively through Instructional Television or distance education classes; and (g) students who are enrolled in District colleges exclusively through contract education.

Students exempt under the provisions of (a), (c) and (d) above are eligible to receive the services of the college health program; all other exempt students are not eligible to receive the services of the college health program (Board Rule 8502.00).

Parking Fee

Parking fee information is available at the Business Office Station during registration.

Associated Students Organization (ASO) Fee

This student activity fee (\$7 Spring/Fall - \$3 Winter/Summer) supports scholarships, enrichment programs and student events on campus. The ASO fee is paid each semester and entitles the student to a WLAC photo identification card.

Non-Resident Tuition Fee

See Residency Requirements.

Instructional Materials

Students may be required to provide their own additional instructional or other materials required for a credit or noncredit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District.

Admissions Policies And Information

MATRICULATION

ADMISSION, ASSESSMENT, ORIENTATION, COUNSELING, REGISTRATION, FOLLOW UP

Matriculation is a process that assists the student in achieving his or her educational goals. It is an agreement between the college and student who enrolls for credit and non-credit. We ask that you participate in a partnership with us to ensure your educational success. Here is how the matriculation process works:

1. ADMISSIONS: Fill out and submit an application for admission to the college. Make sure to indicate your educational goal, question #22 on the application (Building A13, Admissions Office, (310) 287-4501).

2. ASSESSMENT: Testing in reading, writing and mathematics, as well as in English-as-a-Second Language, will show your educational strengths and needs and can provide useful information for planning a course of study at West Los Angeles College. Your test results will be used to help you plan your classes. A college counselor can provide interpretation of test results and work with you to prepare a Student Educational Plan (SEP). The Assessment Office can provide information about the types of testing available and its testing schedule.

ENGLISH AND MATHEMATICS: All students wishing to enroll in English, ESL, or mathematics classes are required to be assessed, and there is no charge for assessment. In order to be assessed, students must first file a WLAC Application for Admission with the Admissions Office. Students should schedule their English, ESL, and Math Assessment Appointments on the WLAC Assessment Computer located in the Student Entry Center, Building A-13.

Assessment appointments must be made in person at the Student Entry Center. Mathematics and English Practice Tests are available in the Student Entry Center, Building A13 or On-Line:

<http://www.act.org/compass/sample/index.html>. For additional information on Assessment Testing please call: (310) 287-4462

Students may not need to take an Assessment exam if they have taken the test in the last two years, or have acceptable test and placement information from another college.

ENGLISH AS A SECOND LANGUAGE

A special English assessment is available to students whose native language is not English, and who wish to, or are advised to, enroll in ESL classes.

Prerequisites to all Mathematics and English courses are enforced.

Prerequisite/Co-requisite Challenge Petitions are available in the Student Entry Center, Assessment, Counseling and Admissions Offices, Building A-13. See the information on the Academic Policies section of this catalog for additional information about prerequisites.

Matriculation Procedures for Challenging Pre/Co-requisites and Limitations on Enrollment:

- * Complete the prerequisite and co-requisite challenge petition. These forms are available in the Student Entry Center and Counseling Department.

- * Submit the completed petition and supporting documentation to the department chairperson.

- * Your request will be evaluated by the department and a written/verbal response will be available within five (5) working days from Admissions and Records (except during school holidays, winter session, and summer session). This form must be submitted to the Department Chair no later than the last date to add classes, which is published in the schedule of classes for the semester you would like to enroll.

- * An appeal may be filed with the Dean of Academic Affairs or designee if necessary.

- * You are allowed to enroll in the course if the challenge is upheld.

- * No units will be granted for successfully challenged courses by this request. To challenge a course for credit, refer to the process for earning credit by examination in the college catalog.

- * Some of the grounds for challenge require that you support your challenge with documentation. Failure to do this may result in delayed resolution. You may also be requested to provide specific information to the Department Chair or Dean of Academic Affairs. See below for additional information about supporting documentation.

- * Some courses are limited to students who must:

- 1) Audition or try-out in order to be accepted in the course (ex: athletics, or performance courses);

or

- 2) Be a member of a special group such as PACE.

Supporting Documentation:

To support your challenge where required, the following kinds of documentation are examples of what may be submitted:

- * Copy of high school/college transcript

- * Written documentation of work or related experience from employer

- * Doctors statement

- * A course is considered to be "not reasonably available" if it has not been offered in the last three semesters and the student believes their progress in attaining their goal will be delayed.

Admissions Policies And Information

Title 5 Regulations (Section 55201)

A student may challenge any prerequisite or co-requisite on one or more of the grounds listed below:

The student shall bear the burden of showing that grounds exist for the challenge. Challenges shall be resolved in a timely manner and if the challenge is upheld, the student shall be permitted to enroll in the course program in question. Grounds for challenges are:

- * The prerequisite or co-requisite has not been established in accordance with the districts process for establishing prerequisites and co-requisites.

- * The prerequisite or co-requisite is in violation of this article.

- * The prerequisite or co-requisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

- * The student has knowledge or the ability to succeed in the course program despite not meeting the prerequisite or co-requisite.

- * The student will be subject to undue delay in attaining the goal in his/her educational plan because the prerequisite or co-requisite course has not been reasonably made available; and

- * Such other grounds for challenge as may be established by the district governing board.

Prerequisite/Co requisite challenge petitions are available in the Counseling Center, Building A-13, and in the Assessment Center, Building A-12. Assistance with the challenge process can also be found in the Counseling Center.

3. ORIENTATION: The purpose of the West Los Angeles College Orientation is to provide students with information concerning college programs, college services, student rights and responsibilities. Currently, the College Orientation is offered to students directly following their completion of the Assessment Test. Orientation is also available to students who have completed or are exempt from the assessment test on a walk-in basis except during heavy registration periods (two weeks before and one week after the first day of classes). During this period it may become necessary for students to follow the Orientation Calendar posted in the Student Entry Center (A13) and on the Assessment Center (Building A12). For information concerning Orientation please call (310) 287-4462.

4. COUNSELING AND ADVISEMENT: Counseling is a major component of Matriculation. At the beginning of their first semester, students should make an appointment with a counselor to prepare a Student Educational Plan, (S.E.P.). The Counseling Office is located in Building A-13, telephone (310) 287-4520. You will receive advice in selecting courses and information regarding transfer, certificates, degree programs, majors, Student Educational Plans, and career planning and more.

5. REGISTRATION: Taking advantage of steps one through four will facilitate your registration. Use the Internet, www.wlac.edu, or S.T.E.P. (Student Telephone Enrollment Program), or go to Building A13, Admissions Office.

6. FOLLOW-UP: During the second semester, you can meet with a counselor to review completed classes and to update your Student Educational Plan. To stay on target, continue meeting with a counselor at least once each semester.

The college's responsibilities within the process are to provide the following:

- * Orientation for new and non-exempt students.

- * Assessment.

- * Counseling and Advisement in order to develop your Student Educational Plan (S.E.P.). This process assists students from the time they enroll until the time they terminate their studies at any of the campuses of the Los Angeles Community College District.

- * Assess your educational skills and career goals.

- * Orient you to WLAC programs, services and policies.

- * Provide top-quality instruction.

- * Provide a wide variety of courses.

- * Offer services to support your education.

- * Track progress toward your goal.

The student's responsibilities under the Matriculation process are to:

- * Express a general educational intent initially, and after a reasonable period of time, declare a specific educational goal.

- * Attend class and complete courses while making reasonable progress toward achieving an educational goal, meeting the standards established by the college and the State of California. You agree to:

- * Declare an educational goal.

- * Meet with a counselor to discuss your choice.

- * Attend classes.

- * Complete assignments and courses.

- * Strive to make progress toward your goal.

- * Attend class and complete courses while making reasonable progress toward achieving an educational goal, meeting the standards established by the college and the State of California.

Admissions Policies And Information

EXEMPTIONS FOR MATRICULATION

Exempt Criteria: The matriculation process is strongly recommended to any student who desires to receive a certificate, an A.S. or A.A. degree, or transfer to a four-year institution. You can, however, be exempted from a part of the process if:

* You have completed an associate degree or higher from an accredited college or university in the United States.

* You have participated in the Assessment Placement Process or course equivalency at another California Community College and present interpreted test placement results from the respective college. (If the Assessment test was taken within the Los Angeles Community College District, students can check with the Counseling office to verify that their score.

* You are taking "Physical Education Courses Only".

If you have been declared exempt, you will be notified at the admissions station that you are covered by an exemption. You will also be given the opportunity to elect whether or not to participate in the matriculation process or any part of the matriculation process.

Students who do not wish to participate in various components of the Matriculation process may request a "Waiver" from the Matriculation Coordinator Bldg. A12. All students enrolling in courses for credit and non-credit courses are requested to participate in the Matriculation process unless exempt. Even though exempt, students may choose to participate in any matriculation component. In addition, students wishing to challenge specific matriculation services will be informed of their rights to participate in all other non-disputed components, and will be asked to sign a statement waiving their right to the matriculation services, thus providing acknowledgment to the college of receipt of the information above.

COMPLAINT OF UNLAWFUL DISCRIMINATION

A student who feels that a matriculation practice has been used to unlawfully discriminate against him or her may file a petition with the Matriculation Coordinator. The student may also appeal that decision through the college grievance procedure.

VETERANS

Admissions Requirements for Veterans

Veterans are required to follow these procedures:

1. File an application for VA Educational Benefits (VA Form 22-1990 or 22-5490) and an application for admittance to the college.
2. Fill out Veterans enrollment papers for school records declaring major, transfer school, and schools previously attended. The appropriate form for over 60 units must be filed.
3. Request transcripts from all colleges attended. Have them sent directly to the Admissions Office. This applies even if attendance at a college was for a short time with no units completed, or if it was prior to entering the service.
4. Claims for dependents must be accompanied by a copy of the claimant's marriage license, and/or birth certificates for each dependent child.
5. File VA Form 22-1995 (Request for Change of Program or Place of Training) if you are a transfer student.
6. Apply each semester for continuous VA educational benefits.

Program Planning For Veterans

Veterans should select their major and choose courses from those listed under that major in the catalog. It is advisable to make an appointment with a counselor for academic assistance. The VA will not pay for courses that do not fit into a veteran's selected major.

60 Unit Rule

Once veterans have received an Associate Degree in any major, they are eligible for further training at the college only if they take courses required for upper-division status at their transfer institution, or if they change their objective. These courses must be approved by the Veterans Administration. Veterans are strongly encouraged to consult with a college counselor in planning their course of study.

Elective Credit for Military Service

Through the general petition process, the college will maintain a written record of previous education and training of the veteran or eligible person which clearly indicates that the student has received appropriate credit for previous education and training, with the training period shortened proportionally. The student and the VA will also be notified of this process. Students must include a copy of their DD214, school transcripts, and/or course documentation with their petitions, and submit them to the Office of Admissions and Records.

Admissions Policies And Information

Upon verification of completion of a Basic Training course in any of the armed services, the physical education graduation requirement will be waived. Waiver of the health education graduation requirement is not automatic; petitions will be evaluated on a case-by-case basis.

A veteran may also receive 3 units of elective credit for 6 months to 1 year of active-duty service, or 6 units of elective credit for 1 year or more of active-duty service. Petitions for this will also be evaluated on a case-by-case basis. See Academic Policies, Credit for Military Service Training.

Adds and Drops For Veterans

Add permits or drop cards must be turned in to the Admissions Office and the Veterans Clerk must be notified of program changes. Failure to do so may result in an overpayment or underpayment. The Veterans Administration holds the veteran responsible for reimbursement of overpayments.

Academic Probation

In accordance with Title 38, Code of Federal Regulations, Part 21, 5253 (d) (4), "The school enforces a policy relative to standards of conduct and progress required of the student." This means that for veterans and/or eligible dependents, if such a student fails to obtain a cumulative grade point average of 2.0 or better after three (3) consecutive semesters, his/her VA educational benefits will be discontinued.

For additional information pertaining to academic status, see the Veterans Clerk in the Admissions Office, Building A-13.

Student Programs & Services

ASSOCIATED STUDENTS ORGANIZATION (ASO)

The ASO represents the student body in the shared governance process. The ASO advisor and the Vice President of Student Services represent the faculty and administration of the college as sponsors and advisors of the Executive Council, the Finance Committee and the Inter-Club Council. Extensive power of self-government is placed in ASO hands. Such power enables students to develop and express initiative in terms of the common good. Governed by the Executive Council, the Associated Students Organization conducts activities on behalf of students.

In accordance with the policies of the Board of Trustees, the Executive Council and the Finance Committee actively participate in the management of the business affairs of ASO.

A \$7 student activity fee (paid automatically through the negative check-off process approved by ASO) supports scholarships, enrichment programs and student events on campus. The ASO fee also entitles the student to a WLAC photo identification card. Board of Trustees rules governs the collection, deposit and expenditure of funds, and all records are subject to annual audit by the Board of Trustees.

I. LACCD Administrative Regulation E-22 (Eligibility for Student Association Officers) pertains to the following standards:

A. The candidate or officer must be a currently-paid member of the ASO at the college where the election is being held, and have successfully completed no more than 72 degree-applicable units in the District.

B. The candidate may seek only one campus office within the District.

C. The candidate or officer must have and maintain a cumulative and current GPA of at least 2.0 in units completed at all the colleges in the District during the semesters in which the student government office is applied for and held. "Current" means the most recently completed semester.

D. The candidate or officer must not be on academic or progress probation. Progress probation is defined as having recorded an "INC" (Incomplete), "NCR" (No Credit) for fifty percent or more of all units in which a student has enrolled. Academic probation results when a student fails to maintain an accumulated grade point average of 2.0.

E. The candidate or officer must be actively enrolled in, and must successfully complete six (6) units by the end of the semester. Students falling below this requirement must forfeit their office. Candidates may be enrolled in more than one college in the district.

II. A candidate or officer is ineligible for ASO office:

A. If he/she has served more than four (4) semesters in any one (1) or more student government elected or appointed offices; and

B. If he or she has served in any office or position where he or she voted on the expenditure of ASO funds in any college.

III. An officer may serve a fifth semester if eligible at the time of assuming office, with the approval of the college president or designee (e.g., has served three semesters and is a candidate for an office with a one-year term).

IV. The Chief Student Services Officer and/or designee will verify a candidate or officer's eligibility. Officers not adhering to the standards for office will be required to forfeit their positions.

V. Candidates or officers must comply with the minimum standards of the District Code of Conduct. Failure to comply will result in forfeiture of the position (Board Rule Article VIII, 9801-9804).

VI. Any candidate or officer with a disability may request an accommodation for the requirements of section I (E):

A. The approval of the accommodation for candidates with a disability will be made in individual instances on a case-by-case basis by the Chief Student Services Officer in consultation with the college Compliance Officer and/or the Director of the Disabled Student Program and Service (DSP&S) in compliance with Section 504 of the Rehabilitation Act, and Title II of the Americans with Disabilities Act, as appropriate.

B. Qualification for an accommodation will be based on the impact of the disability on the candidate's/officer's ability to take 6 units. However, a candidate or officer must be enrolled in a minimum of five units throughout his/her term in accordance with Education Code section 76071.

C. Procedures for requesting an accommodation under E-22:

Student Programs & Services

1. Candidates/officers must complete a written request form for accommodation available in the college's Student Services Office, and return it to the Chief Student Services Officer.

2. Each candidate or officer must present written documentation verifying the disability. Acceptable documentation includes, but is not limited to, written notice from the college DSP&S office or a certified or licensed professional, such as a doctor, psychologist, rehabilitation counselor, occupational or physical therapist.

VII. Students enrolled in college credit and/or non-credit courses are eligible to vote at the college of attendance. Enrollment in Community Services classes does not meet this requirement.

VIII. Individual colleges may set forth standards for office in their ASO constitutions which are higher, but not lower, than those listed above with the exception of the accommodations listed in Section VI above.

Student Trustee Election Procedure

The Los Angeles Community College District conducts an election annually. Each student in the District has an opportunity to be involved in the process of selecting a student representative to the Los Angeles Community College District Board of Trustees.

Student Clubs and Organizations

Believing that students will enrich their college experience by participation in extracurricular activities, the College is proud of its active club program. Principal support for club programs comes from the Inter-Club Council, composed of a representative from each campus club and chaired by the vice president of the ASO.

In conforming to the California Education Code, the only recognized clubs are those chartered by the ASO. Thus, the college assumes no responsibility for activities of unchartered groups, including off-campus social organizations that consist of students or former students. State law prohibits membership in secret organizations.

Recognized Clubs and Organizations

- Alpha Gamma Sigma
- African American Student Union (ASU)
- Child Development "HEART 4 KIDS"
- Christian
- Club Latino United for Education
- Criminal Justice
- Current Events
- Dental Hygiene
- English

- French
- Future
- International Students
- Law
- Math
- Perpetual Motion
- Phi Beta Lambda (Business)
- Positive Knowledge
- Scholars
- Soccer

Colors and Logo

The college colors, selected by the students of West Los Angeles College in 1969, are royal blue and gold. The college nickname is the "Oilers," which was selected because of the proximity of the surrounding oil fields. Students are referred to as the "Oilers."

CHILD DEVELOPMENT CENTER

The Child Development Center is a nurturing place for children of WLAC student-parents. It is licensed by the DPSS Community Care Licensing. The Center provides a low-cost, safe, positive learning environment for students' children. Children ages 2-5 years are offered a developmentally appropriate curriculum, preparing them for the elementary education. The school-age/evening program (ages 5-14) offers children opportunities to complete their homework, use the outdoor play equipment (including our 1/2 basketball court), computers and enrichment activities. Applications are available in the Counseling Center, EOP&S, the Workforce Development Office and the Child Development Center, which is located south of the flagpole. For additional information phone (310) 287-4357

Ages, Hours and Days

The Center offers services day and evening. It is open Monday - Friday* from 7:45 a.m. to 4:00 p.m. for Toddlers and Preschoolers. The Center is open to school-age children Monday-Thursday from 3:15p.m. - 10:00p.m. *Friday availability is subject to sufficient enrollment.

Ages of Children

Children ages 2-5 are accepted into the Monday through Thursday, 8:00 a.m. to 4:00 p.m. program.

Children ages 3-5 are accepted into the Friday program. The hours for Fridays are 7:45am - 2:30pm. *Friday availability is subject to sufficient enrollment.

Children ages 5-14 years (Kindergarten - Middle School) are accepted into the Monday - Thursday from 3:15 p.m. - 10:00 p.m.

Student Programs & Services

Children must attend a minimum of two sessions a week in the day program and one session per week in the evening program. Tuition is based on a sliding scale ranging from \$.75 cents to \$2.00 an hour for student families. Qualifying families may be placed on a grant from Cal Works and/or the State Preschool Grant to reimburse tuition.

The Center is a training program for students wishing to pursue a career in teaching young children.

COUNSELING CENTER

The Counseling Department at West Los Angeles College assists students in making decisions regarding educational, career, and personal concerns. Counseling is available for educational, transfer and career exploration. These services are provided by professional counselors through individual counseling, workshops and referrals to resources on and off campus.

The primary goal of the Counseling Center is to provide opportunities for students to clarify their values and goals, to make decisions, to develop self-confidence, self-direction and self-esteem.

An academic counseling session begins with educational goal-setting, exploring education options and opportunities, evaluating the student's educational background, and providing the student with clear, concise, up-to-date educational information. Counselors can assist individuals to assess their interests, strengths, abilities, and values; to set goals; to make plans to accomplish those goals; and to address personal problems or barriers that impede plans to fulfilling those educational goals.

A counseling session will also assist individuals in selecting of appropriate programs of study relative to their chosen objectives. Individual student/counselor conferences are available by appointment. Counseling is available on a walk-in basis during Registration only.

Entering (first year) students are encouraged to enroll in Personal Development courses (PD 4, 5, 8, 15, or 17). These courses are designed to help students become better acquainted with the educational opportunities at West Los Angeles College, and will assist students in developing programs of study that will help them attain their educational goals.

The Counseling Center is open 8:30 a.m. to 7:00 p.m. Monday through Wednesday, and 8:30 a.m. to 6:00 p.m. on Thursday, and closed on Friday and Saturday during a regular semester. Students can obtain additional information by calling (310) 287-4399, or by visiting the West Los Angeles College website at (www.wlac.edu). The Counseling Center is located in the Student Entry Center, Bldg. A-13.

Summarized Counseling Services

Assist in completion of petitions (e. g. academic renewal, course repeat, preliminary graduation review).

Work with students to develop individualized student educational plans.

Help students to make appropriate course selections before registration.

Explain requirements necessary to earn Associate Degrees, Certificates, and transfer to four-year colleges and universities.

Assist students in making career choices and provide an understanding of the different majors offered at West Los Angeles College.

Provide personal counseling and referrals when needed.

Special Counseling

Special counseling and academic advisement is available for EOP&S/CARE, DSP&S (disabled), International, Cal Works and TRIO students.

DISABLED STUDENTS PROGRAMS & SERVICES

West Los Angeles College recognizes and welcomes its responsibility to provide an equal educational opportunity to all disabled individuals. The Office of Disabled Students Programs and Services (DSP&S) has been established to provide support services for all verified disabled students pursuing a college education. All services and equipment are provided free of charge to any qualifying disabled student.

The Disabled Students Office is located in the Heldman Learning Resources Center (HLRC), room 119. The Office is open Monday through Thursday, 8:30 a.m. to 6:00 p.m., and Friday, 8:30 a.m. to 3:00 p.m. Early morning and evening appointments can be made by special arrangement. The telephone number is (310) 287-4450.

The following services are offered:

- Note taking assistance
- Classroom accommodations for students with disabilities
- Specialized tutoring
- Registration assistance
- Special parking permits
- Academic and career guidance counseling
- Adaptive equipment and technology aids
- Specially adapted computers
- Test proctoring and related accommodations
- Instructor liaison
- Learning strategies and study skills classes

Student Programs & Services

The Office of DSP&S also maintains a liaison with the California Department of Rehabilitation and other public agencies such as the Regional Center and Westside Center for Independent Living.

Learning Disabilities Program

Special services and individual instruction are available for students with learning disabilities. Students wishing to improve skills such as reading, writing, memory, arithmetic and other areas in order to succeed in their classes may be eligible for this program.

Services available for verified learning disabled students include:

- Liaison with the Recording for the Blind and Dyslexic (books on tape)
- Strategic tutoring
- Test proctoring and related accommodations
- Special classes - Learning Skills 40: Introduction to Learning Disabilities, Learning Skills 41 (A-C): Study Strategies Learning Foundations

Students who qualify may receive support services, special classes or both. For eligibility information, contact the Disabled Students Programs and Services at (310) 287-4450.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES EOPS

Cooperative Agencies Resources for Education

The EOP&S program is a state-funded program of support services which are designed to be above and beyond the scope of other services offered by the college. These services are specifically designed for students who are economically and educationally disadvantaged.

Who Is Eligible?

Students may be eligible for the EOP&S program if they satisfy the following requirements:

- Full-time student (12+ units)
- Board of Governors Fee Waiver (BOGW) eligible under Method A or Method B
- Application for Financial Aid is on file with WLAC
- Student is educationally disadvantaged under Title V, Article 2, and Section 56220(e) of the California Code of Regulations

Quality Service

Every student has the right to receive quality services. Our office is committed to excellence and takes pride in its ability to serve students in a timely, efficient and effective manner. It is our goal to continue maintaining the highest level of service and quality to the students we serve.

Priority Registration

EOP&S students have an opportunity for priority registration prior to regular telephone registration for all students. With this service, participating students are reasonably assured of the appropriate classes at the right time, allowing for the accommodation of other needs and responsibilities (e.g., child care, work, family needs, community services, etc.)

Transfer Assistance

EOP&S students interested in transferring to the University of California (UC) or the California State University (CSU) system may qualify for a transfer application fee waiver. In addition, students applying to the university can get help with the application process, campus visitation, and letters of recommendation, scholarship application and biographical essay.

To Apply:

- Complete an EOP&S Application
- Attend an EOP&S Orientation
- Meet with an EOP&S Counselor

Book Voucher Program

EOP&S students in good standing are given a book voucher to purchase books for authorized classes during the semester. Authorized classes are those listed in the Student Educational Plan/syllabus and approved by the EOP&S counselor.

Counseling

The EOP&S counselor is an important resource and all EOP&S students are eligible to receive individualized counseling. Participating students are required to meet with an EOP&S counselor at least once per semester to update or revise the Student Educational Plan. In addition to assisting students with class selection, counselors provide information on job preparations skills whether the student plans to complete a certificate of achievement or certificate of completion, an associate degree, or transfer to a college or university.

Tutoring

EOP&S students are eligible to receive one on one tutoring from other students who have successfully passed the same course with a grade of B or higher. Tutoring takes place at the Tutoring Center, next to the EOP&S office. Although tutoring is available on a drop in basis, students are encouraged to schedule an appointment.

Student Programs & Services

Peer Advising

There may be an occasion when a counseling appointment is not necessary, but a question or concern needs addressing. The EOP&S office has retained the services of student employees trained to help students find answers to their questions. Peer advisors are available on a drop in basis or by appointment.

Workshops

These Student Success Workshops are designed to enhance student personal development and success in higher education. All workshops are scheduled in advance and students attend without an appointment.

CARE

CARE is a special program for a unique group of EOP&S students. Administered through the EOP&S office, the CARE program provides additional services to students who are single parents, head-of-household, receiving public assistance from CalWorks or TANF. Students who qualify for the CARE program are eligible to receive additional services in addition to those available under EOP&S.

Who Is Eligible?

Students may be eligible for the CARE program if they satisfy the following requirements:

Full-time student (12+ units)

Single parent head of household

Receive public assistance

Have at least one child under 14 years of age

FINANCIAL AID

Financial Aid is monies made available by the federal and state governments and private sources in the form of grants, employment, scholarships and loans. These monies are available to make it possible for students to continue their education beyond high school even if they and/or their family cannot meet the full cost of the post-secondary school they choose to attend. The basis for such programs is the belief that parents have the primary responsibility of assisting their dependents to meet educational costs, and that financial aid is available only to fill the gap between a family's contribution and the student's yearly academic expenses.

How to Apply

Students must complete a Free Application for Federal Student Aid (FAFSA Code# 008596) and send it to the appropriate processor listed on the application.

Who Is Eligible?

To be considered for financial aid, a student must meet the following minimum requirements:

1. Be a U.S. citizen or eligible non-citizen. Eligible non-citizens are permanent U.S. residents who have documents from the Immigration and Naturalization Service verifying that their stay in the U.S. is for other than a temporary purpose.
2. Show that they have a financial need.
3. Demonstrate satisfactory progress in a course of study leading to an A.A. or A.S. degree, an occupational certificate, or transfer to a baccalaureate degree program.
4. Not be in default on a Perkins Loan or Federal Stafford Loan at any school they have attended.
5. Not owe a refund on a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG) or State Student Incentive Grant.
6. Be registered with the Selective Service if required (males only).
7. Have a high school diploma or its equivalent, or provide documentation of "Ability to Benefit." See "Satisfactory Progress Policy for Financial Aid Recipients" for further information about the requirements for students who do not have a high school diploma or its equivalent.

When to Apply

Deadline and priority filing dates change each academic year. Students should consult the current financial aid publications for specific deadline dates. The Los Angeles Community College District has established one priority filing date for summer school and one for fall and spring semesters each year. West Los Angeles College will give first priority to completed applications received by the priority dates within the guidelines set by federal and state regulations. Students who have missed the priority deadline dates are encouraged to apply, as surplus funds may be available.

If in doubt, call or visit your college Financial Aid Office. Staff members are available to answer your questions and help you complete any of the forms. Keep in mind that it takes 6-8 weeks, and sometimes longer, between the time you apply for aid and the time your award is completely processed.

Student Programs & Services

Determining Financial Need

The number and amount of financial awards and payments are subject to availability of institutional, federal and state aid funds. The Financial Aid Office will determine the type of aid and the amount received. Financial aid awards are based on demonstrated financial need which is the difference between allowable educational expenses and the total of a parent's resources, and/or the student's own resources. Resources may include, but are not limited to salary or wages, veteran's benefits, Social Security benefits, or parent and/or student contributions. Resources are then measured against the institution's student expense budget to determine financial need.

A student's resources are determined by reviewing the financial aid application submitted by the student. Documentation of resources, including the 1040/Federal Income Tax return of the parent and/or student may be required. All information is confidential.

Community College Student Alert! Financial Aid Rules 2004-2006

There is a Federal law about paying back money if you leave school.

If you get a GRANT and then WITHDRAW from all your classes, you will OWE money back to the federal program. Here's how it works:

Based on the day you withdraw, the Financial Aid Office will calculate the part of the grant that you have earned.

Note: If you withdraw after you have earned 60% of your grant, you do not owe any repayment.

Example: Say you get \$1000 grant. If there are 100 days in the term and you drop out on the 26th day, then you earned 2.6% of your grant.

The financial aid office will multiply your grant money and figure out what you earned and did not earn.
 $\$1,000 \text{ grant} \times 2.6\% = \260 earned

$\$1,000 \times 74\% = \740 unearned.

The college will owe some of the money back from you, depending on the number of units you took:

You took 12 units at \$18 each = $\$216 \times 74\%$ (unearned)
= \$160 the college has to pay back to the source of the grant.

You will have to pay back the unearned amount, minus the college share, times 50%.

$\$740 - \$160 = \$580 \times 50\% = \290 you have to pay to the federal program.

(Don't worry if you don't understand; the financial aid office will calculate the amount for you.)

If you receive LOAN money and withdraw, you will pay back the money according to the normal rules of the loan program. If you receive WORK money and withdraw, you do not owe anything back. You always get to keep salary you have earned.

If you are Thinking of Withdrawing or Just Leaving - Please, Think Again!

Immediately, see a counselor or advisor and discuss your academic or personal reasons for leaving. Perhaps you can stay but take fewer courses.

Maybe there are services (like tutoring or personal support) that will help you stay. Talk to your teachers; see what advice and help they can offer.

Don't Leave Unless You Must - But, If You Must, Take Care of Business Before You Go.

Go to the Financial Aid Office immediately. Learn how much you will owe and how you will have to repay it.

Please work with the Financial Aid Office. You can arrange for regular payments with the federal government without losing your student aid eligibility, so it is important to take care of the details before you go. If you leave without taking care of this business and you owe money, the Financial Aid Office will have to put a national HOLD on your student aid eligibility.

Types of Financial Aid Grants Available

Grants

FEDERAL PELL GRANT
FEDERAL SUPPLEMENTAL EDUCATIONAL
OPPORTUNITY GRANT (FSEOG)
BUREAU OF INDIAN AFFAIRS GRANT (BIA)

CAL GRANTS:

CAL GRANT-A
CAL GRANT-B
CAL GRANT-C
CAL GRANT-T
CHAFEE GRANT

Student Programs & Services

Scholarships

LAW ENFORCEMENT PERSONNEL DEPENDENTS
SCHOLARSHIPS
BOARD OF GOVERNORS (BOGW) ENROLLMENT FEE
WAIVERS

Loans

FEDERAL PERKINS LOAN
FEDERAL STAFFORD LOAN PROGRAM
FEDERAL FAMILY EDUCATION LOAN PROGRAMS
(FFELP)

Federal Pell Grant

The Federal Pell Grant is a federally-funded program. To be eligible, an applicant must be an undergraduate student and demonstrate financial need. Grants range from \$200 to \$4050 per academic year for Los Angeles Community College District students. The amount of the award is determined by the Federal Pell Grant Program, and is in most cases based on the previous year's income and current asset information provided in the application. Students who want to apply for the Pell Grant and other federal financial aid programs should complete the Free Application for Federal Student Aid (FAFSA).

In certain cases, a family's financial situation can change because of:

- Death in the family
- Separation or divorce
- Loss of employment
- Loss of non-taxable income or benefits

In this case, the student will need to contact the Financial Aid Office for assistance.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG program is a federal program designed to supplement other sources of financial aid for students with exceptional need. FSEOG awards at West Los Angeles College generally range from \$200 to \$400 per academic year. FSEOG is available for as long as it takes to complete the first undergraduate degree within the timeframe coinciding with LACCD's Satisfactory Progress Standards. When students apply for financial aid, they will automatically be considered for this program based on the eligibility requirements and packaging policies.

All applicants must file the Free Application for Federal Student Aid (FAFSA) before the priority deadline date in order to be considered for this program.

Bureau of Indian Affairs Grant (BIA)

BIA Grants provide money to help defray the cost of education for students of American Indian heritage. Students may apply if they:

1. Are at least one-quarter American Indian, Eskimo, or Aleut, as certified by the BIA and/or tribal group services by the BIA,
2. Have financial aid eligibility and scholastic ability,
3. Are working toward an undergraduate or graduate degree, and
4. Have completed all of the application requirements.

Amounts of the grants vary and are set by the individual agencies of the BIA. The BIA grant is advantageous because, unlike other grants, it may be used to replace the loan or work portion of the financial aid package.

Applications are available through the office of the Bureau of Indian Affairs or at the Central California Agency, Vocational Grants, 1824 Tribute Road, Suite J, Sacramento, CA 95815. For Higher Education Grant applications, write to the Office of Indian Education, 2800 Cohage Way, Sacramento, CA 95825.

Cal Grants

The State of California, through the California Student Aid Commission, sponsors several grant programs for undergraduate students. These include but are not limited to CAL Grants, a program to assist the dependents of law enforcement officers who have been killed or disabled in the line of duty, and a Bilingual Teacher Grant Program. See the Financial Aid Office for a complete listing of grants, scholarships and loans offered through the California Student Aid Commission.

To qualify for any of the state-funded grants, students must be California residents, be U.S. citizens or an eligible non-citizen, obtain a Social Security number, and be attending (or plan to attend) an eligible school or college in California. Students can receive only one CAL Grant, Cal Grant A, B, C or T.

Cal Grant A

Although this grant is used at four-year colleges, students are encouraged to apply for one while attending the Los Angeles Community Colleges. Cal Grant A helps low- and middle-income students with tuition costs. Grant recipients are selected on the basis of financial need and grade point average.

Student Programs & Services

Students who qualify for a grant and who want to attend a public community college can have the Student Aid Commission hold their award until they transfer to a four-year college. The grant can be held to two years, but not for more than two years, provided that the student continues to qualify financially.

To be eligible for a new (first-time) CAL Grant A award, students must have a minimum of one full academic year of school work remaining and must be enrolled in at least 6 units of course work.

To apply, students must submit a Free Application for Federal Student Aid (FAFSA) by the deadline date.

Cal Grant B

This grant provides a living allowance for entering college freshmen that come from very low-income families. Because this grant is intended for students who would be unable to attend college without such help, all new Cal Grant B awards are available to students.

There are several special Cal Grant B awards for community college students transferring to four-year colleges. The special award requires enrollment on at least a half-time basis at an eligible four-year tuition/fee charging college in the fall of the semester the funds will be received. The applicant's last school of attendance must be a community college. Those who have already transferred to a four-year college are not eligible for a special Cal Grant B. At a community college the grant can range from \$100 to \$1,551 per academic year.

To apply, students must submit a Free Application for Federal Student Aid (FAFSA) by the deadline date.

Cal Grant C

This grant is intended for students who desire to train for specific occupations, vocations or technical careers, but do not have the financial resources to enter training programs because they are from low- to middle-income families.

Grants are limited to \$576 at community colleges for programs ranging in length from four months to two years. Students must be enrolled in at least 6 units and demonstrate occupational achievement or aptitude in the chosen field.

To apply, students must submit a Free Application for Federal Student Aid (FAFSA) by the deadline date. The applications are available from the campus Financial Aid Office.

Cal Grant T

This is a special grant for students whose goal is teaching.

Chafee Grant

The California Student Aid Commission (CSAC) has a new program entitled the California Chafee Program (CCGP). This program provides up to \$5,000 of free money to former foster youth for college courses or vocational school training expenses.

You must complete the FAFSA and be enrolled at least half-time in an eligible program at WLAC.

You may complete the Chafee Grant Application online and receive additional information at www.chafee.csac.ca.gov.

Law Enforcement Personnel Dependents Scholarships

This grant program provides educational benefits to the dependents of California police and other law enforcement officers (Chiefs of Police, Police Officers, Sheriffs, Deputy Sheriffs, Marshals Deputy Marshal's, etc.) who have been killed or totally disabled in the line of duty.

For more information and application material, write directly to the California Student Aid Commission, 1410 Fifth Street, Sacramento, CA 94245-0001.

Board of Governors Fee Waiver (BOGFW)

The Board of Governors Fee Waiver (BOGFW) is offered by the California Community Colleges to help low-income students pay enrollment fees. Fees paid for students under this program include enrollment charges for the academic year and for summer session(s). Applicants do not have to be enrolled in a specific number of units or courses to receive this waiver. The fee waiver does not require repayment. Please see "Enrollment Fee Assistance" for further information.

NON-RESIDENT students are not eligible for BOGFWs. **Note:** the Admissions Office makes the determination of whether a student is a California resident or a non-resident.

Federal Family Education Loan Programs (FFELP) Federal Perkins Loan Program

This loan is a long-term loan repayment program to help students with exceptional need meet their educational expenses. Students may borrow up to \$4,500 at the community college level, and up to \$9,000 to complete their undergraduate degrees. A Perkins Loan is available to students showing "exceptional need."

Student Programs & Services

Repayment of Loans

Repayment status begins nine months after the borrower graduates, withdraws, or ceases to be at least a half-time student, and can be extended to ten years and nine months after such date. During the repayment period, 5% interest is charged on the unpaid balance of the loan principal.

Students who are interested in the terms and conditions of the loan prior to applying for aid should come to the Financial Aid Office and ask for a copy of the promissory note.

Federal Stafford Loan Program

Eligibility for the Stafford Loan Program is based on financial need. The interest rate on these loans is variable, from 3% to 5%. Interest rates may vary from year to year. Students with outstanding 7-8% loans will continue borrowing at that rate (contact lender about consolidation programs). The federal government pays the interest while the student is enrolled on a half-time basis in an eligible educational institution, and for a six-month grace period afterwards.

These loans are available through participating banks, savings and loan associations, and credit unions to California residents or non-residents who will attend a Los Angeles Community College, and also to California residents who attend institutions outside of California for the period of enrollment in school. The loans are guaranteed by the State of California and insured by the federal government.

In order to apply, applicants must submit a Stafford Loan Application as well as a Free Application for Federal Student Aid (FAFSA). The maximum amount that a student can borrow the first year is \$2,625; the second year the maximum amount is \$3,500. To be eligible, a student must be enrolled in at least 6 units for the entire loan period. Repayment begins six months after a student ceases being a half-time student, withdraws, or graduates from school. All potential borrowers must attend a Debt Management Loan Workshop prior to being considered for processing for a Stafford Loan. The school which the applicant will attend must certify the Stafford Loan Application before it is submitted to the lender.

Students should refer to the Financial Aid Handbook for the loan limits set by the Los Angeles Community College District in an effort to emphasize and promote prudent debt management.

OTHER SOURCES OF FINANCIAL AID

Employment - Federal Work-Study Program (FWS)

The FWS program is a Federal program which enables students to earn part of their financial aid award through part-time employment. To be eligible, students must be U.S. citizens or eligible non-citizens, enrolled in the appropriate number of units, and must maintain good academic standing while employed under the program. Hourly wages vary with the type of work, work experience, and the number of units completed.

Additional Information

The Student Financial Aid section of this catalog is intended to give students an overview of the financial aid programs at West Los Angeles College. A financial aid handbook, *The Helping Hand*, is available from the Financial Aid Office. It was written specifically to inform West Los Angeles College students about matters pertaining to financial aid on this campus, and it contains a more comprehensive explanation of satisfactory academic progress standards, financial aid programs, procedures and regulations.

How Student Financial Aid Is Determined

Most financial aid awards are based on demonstrated financial need, which is the difference between cost of attendance and the expected family contribution, e.g.

Cost of Attendance <minus sign> Expected Family Contribution = Need

A parent's or student's contribution is determined from the information reported on the FAFSA and may be verified by a Federal Income Tax Return (1040), and by agencies providing non-taxable income to the family.

Once the student's financial need and eligibility are established, a 'package of aid' is provided which may be a combination of different aid programs. This package can consist of a combination of grant, work-study and loan monies.

The LACCD prefers to meet a student's need with a combination of grant and self-help aid whenever possible.

Student Programs & Services

Satisfactory Academic Progress Policy for Financial Aid Recipients

To be eligible to receive financial, a student aid must meet all of the following criteria:

Initial Eligibility

In order to establish initial eligibility when applying for financial aid, students must be enrolled in a minimum number of units and are expected to meet all standards of satisfactory progress based on course work that is part of the Los Angeles Community College District's official student records.

If applicants have one semester in which progress was sub-standard, they will be placed on probation and considered for aid. Applicants with two or more semesters of sub-standard progress are not eligible, and are expected to go through the appeal process to be considered.

Educational Goal

Each student must have an educational goal or objective that can be met at the institution from which financial aid is requested. Within the LACCD, having an educational goal is defined as:

1. Being enrolled in an eligible program or course of study leading to an Associate of Arts or Associate of Science Degree,
2. Being enrolled in a course leading to a Certificate upon completion, or
3. Being enrolled in a transfer program leading to a baccalaureate degree program.

* At the beginning of the 2004-2005 academic years, all students must comply with the old Satisfactory Academic Progress (SAP) standards as indicated here in the catalog. New Satisfactory Academic Progress standards will apply to students enrolled during spring 2005 and applied for the 2005-2006 academic year.

Application of Standards

Satisfactory progress will be determined:

1. Upon publication of grades by the college Admissions Office.
2. Prior to the first disbursement of the fall and/or spring semester(s) for students on probation.

3. Review of the 72-unit limit will occur at the beginning of the student's first semester of attendance. Students with fewer than 72 units within the LACCD at the time of review will be considered eligible for the remainder of that academic year as long as all other standards are met. (NEW STANDARD WILL HAVE 90 UNIT LIMIT.)

Failure to Meet the Standards of Satisfactory Progress

Students failing to meet any one or more of the standards will either be placed on financial aid probation or disqualified from financial aid. Students must be notified of their status.

Disqualification

Students who are ineligible for financial aid at any LACCD college are ineligible at all colleges within the LACCD.

Satisfactory Progress Standards

1. Students must maintain a semester and cumulative GPA of 2.00.
2. Students must have completed fewer than 72 units within the LACCD at the start of the academic year. The college may make exceptions for students who may require additional units to complete their educational goal.
3. Eligibility for financial aid for classes of Instructional Television (ITV) must meet the same standards of regular courses.

Treatment of Various Types of Classes:

Type of Class	Financial Aid Eligibility	
	Yes	No
Credit/No Credit Basis	X	
ITV	X	
Audited Classes		X
ON-LINE	X	

4. Students are allowed 72 units within the LACCD in which to complete their educational goal. Attending full time (12 or more units per semester), students would be expected to complete their program in three years. Attending part time (6 units), students would be expected to complete their program in six years.
5. Students must complete more than 50% of semester units attempted with a grade of A, B, C, D, F, or CR each semester.

NOTE: Students should refer to this catalog for rules relating to repeatability of certain classes.

Student Programs & Services

Continued eligibility is based on progress at the institution from which aid is requested, except for total unit limitation.

Financial Aid Probation

1. Students who transfer from colleges outside of the Los Angeles Community College District who do not submit academic transcripts from those colleges will be placed on financial aid probation for one semester.
2. Los Angeles Community College students receiving financial aid, that fail to meet any one or more of the standards of satisfactory progress during their last semester or cumulatively will be placed on financial aid probation for one semester. Students who failed to meet the standards at any college in the LACCD are on probation at all colleges within the LACCD. Students who fail to meet the standards of satisfactory progress may be permitted additional aided probationary semesters in which to meet the standards; i.e. students on probation who have made measurable improvement but who have failed to achieve the minimum standards of satisfactory progress may be granted additional aided probationary semesters. The colleges establish specific guidelines as to the circumstances under which continued probation will be granted.

Determination of Disqualification

1. Students who have met their educational goal are ineligible for further financial aid.
2. Students who have failed to meet the standards of satisfactory progress during their probationary semester, and who have not been granted continued probation the following semester, are ineligible for further financial aid.
3. Students who have completed 72 units with THE LACCD are ineligible for further financial aid beyond the academic year in which the 72 units were completed.
4. Students who do not achieve a cumulative GPA of 2.00 or better by the end of the second academic year must be disqualified. The second academic year is defined as a period of time and is not a function of the level of enrollment. Additionally, all other standards of satisfactory progress must be reviewed and met in order to continue eligibility.

Appeals

Students may appeal financial aid probation or disqualification by submitting a written appeal to the College Financial Aid Office. The College Financial Aid Office establishes deadline dates for submission of appeals through administrative channels established at the College. Students may be reinstated when they have met all of the satisfactory progress standards or by an appeal; however, awards cannot be paid retroactively.

Ability to Benefit

Students who have the qualifications listed below demonstrate the "Ability to Benefit" from a college education in accordance with applicable Federal Regulations.

1. Have received a high school diploma;
2. Have received a certificate of General Education Development (GED); or Certificate of State Equivalency of High School.
3. Have successfully completed a two-year program that is acceptable for full credit toward a bachelor's degree.
4. Have passed an independently administered test that is approved by the Secretary of the Department of Education.

The financial Aid Office is located in Building A-12, telephone (310) 287-4532. The Assessment Office is located in Building A12-100, (310) 287-4462.

HEALTH CENTER FOR STUDENTS

The Student Health Center in Bldg. A-9 (located two doors from the Campus Sheriff and across from the Bookstore) offers free or low-cost healthcare services to all currently-enrolled students. Operating hours are Monday through Thursday, 8:00 a.m. to 1:00 p.m. and 5:00 p.m. to 8:00 p.m.; and Friday, 8:00 a.m. to 1:00 p.m. The Center is closed on Saturday, Sunday, and all official holidays. MD voicemail is available when the Center is closed.

The Student Health Center offers psychological counseling services to students on campus. Counseling hours are Monday 4:00 p.m. to 8:00 p.m., Wednesday 8:00 a.m. to 1:00 p.m., and Thursday 8:00 a.m. to 1:00 p.m. For more information on this service, please call (310) 287-4535 or (310) 287-4478.

The mandatory Student Health Fee of \$11 per semester (\$8 during the summer and Winter Intersessions, and subject to change) underwrites our health services and is payable at the time of registration.

The Student Health Center requests everyone with serious medical emergencies on campus to call 911 immediately, and then contact the Campus Sheriff at (310) 287-4314 in Bldg. A-9, for assistance. The Campus Sheriff can provide first aid and contact paramedic and ambulance services in the area.

For more information on the various services available, please contact the Center at (310) 287-4478.

Student Programs & Services

Immunization Policy

The Department of Health Services wants students to be immunized against measles. The college will require such immunization only if it is deemed essential by the Department of Health Services.

HONORS AND AWARDS (ACADEMIC) AND DEAN'S LIST REQUIREMENTS

West Los Angeles College encourages academic excellence. Students who have completed at least 12 units in one semester with a grade point average of 3.5 or better are placed on the Dean's List and remain there from semester to semester by maintaining a 3.5 grade-point average. Part-time students are placed on the Dean's List after they have accumulated 12 units of work with a grade-point average of 3.5 or better and additionally for each semester's increment of 6-11 units for which a grade point average of 3.5 is maintained.

Notation of Dean's List achievement is made on the students' permanent records. Further recognition is given these students at a reception in their honor and by means of a personal letter from the Deans. Students of outstanding personality, scholarship and leadership are recognized through the yearly presentation of awards within the various college divisions. Award recipients are determined through divisional procedures.

Honor Cords

Braided gold Honor Cords are awarded to those students who graduate "With Great Distinction," which indicates a grade point average of 3.50 (B+) or better. Honor cords in the college colors of blue and gold are awarded to students who graduate "With Distinction." This requires a "B to B+" average of 3.00 to 3.49. Honor cords are presented only to students who qualify and participate in the June Commencement Ceremonies. Students who already possess an Associate in Arts or equivalent, or an advanced degree are not eligible for these awards.

Honor Societies

Alpha Gamma Sigma / Phi Lambda Kappa

Alpha Gamma Sigma is an honor society whose purpose is to promote and recognize scholastic achievement, cultural activities, leadership, scholarship, and to emphasize good character among students. The West Los Angeles College chapter of AGS, Phi Lambda Kappa, is involved in many campus activities and achieves community outreach through its charitable donations and service work at the college. Members of AGS assist with major college events such as the Dean's Honor Reception, the Scholarship Reception, and Commencement. Visit our website for more info:
www.geocities.com/ags_wlac/AGS.

Phi Theta Kappa -

International Honor Society

The purpose of Phi Theta Kappa is to recognize and encourage scholarship among two-year college students. To achieve this purpose, PTK provides an opportunity to develop leadership through service, for an intellectual climate in which to exchange ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence. Students must have earned and maintain a 3.5 grade point average to be a member of PTK. PTK membership is open to full time, part-time, and International students. PTK currently meets once per month.

For further information, please see Dr. McMaster in B8-100.

INTERCOLLEGIATE ATHLETICS

West Los Angeles College is a member of the Western State Athletic Conference along with Allan Hancock College, Bakersfield College, Glendale College, Los Angeles Pierce College, Los Angeles Valley College, Santa Barbara City College, Ventura College, Oxnard College, and College of the Canyons, Cuesta College, Moorpark College, and Santa Monica College. The Western Athletic States Conference and the Community College League of California Athletic codes govern competition and eligibility.

Intercollegiate competition for men is offered in basketball and football. Competition for women is offered in basketball, cross-country and track and field.

All questions pertaining to athletic eligibility should be directed to the Conference Administrative Representative, Dr. Lawrence Jarmon at (310) 287-4579, or the Director of Athletics (Mr. Steven Butler, at (310) 287-4577).

INTERNATIONAL STUDENTS

International (F-1) Visa Students/Admissions

West Los Angeles College is an institution approved by the Bureau of Citizenship Immigration and Services to issue certificates of eligibility for non-immigrant (F-1) student status. West Los Angeles College accepts a number of qualified International students each semester who wish to pursue occupational, transfer, and A.A. degree curricula.

Student Programs & Services

All applicants must meet the following admission criteria:

1. Demonstrate English language ability adequate to enable the student to profit from instruction at the college level. Adequacy of English proficiency is determined by a satisfactory score on the Test of English as a Foreign Language (TOEFL). A score of 450 standard or 133 computers is the minimum acceptable score. Transfer applications in the U.S.
2. Show evidence of academic achievement equivalent to an American high school education.
3. Demonstrate the ability to pay the non-resident tuition, enrollment fee, and personal living expenses for one year.

Once an International student has been accepted as a student at West Los Angeles College, the student must maintain a full-time academic load of 12 or more units per semester. A number of services are available to International students such as counseling, orientation, a language laboratory, and an International student organization. Information is available in the International Student Services Office in the trailer opposite the Admissions Office, Bldg. A13.

All International students should contact the International Student Services Office, and all students are highly encouraged to carry health insurance. Information is available in the International Student Services Office, Trailer #1.

TRANSFER HONORS PROGRAM (Formerly TAP/Scholars Program)

The Transfer Honors Program (THP) of West Los Angeles College is designed to better prepare the highly motivated students to transfer successfully to a four-year college or university. Students who complete the Transfer Honors Program receive guaranteed priority admission into the following Alliance institutions:

Public Universities:

UCLA
UC Irvine
UC Riverside
UC Santa Barbara
UC Santa Cruz
San Diego State University
San Francisco State University

Private Colleges & Universities:

Chapman University
Occidental College
Pacific University
Pepperdine University
Pitzer College
Pomona College
University of Judaism
Whitman College

The program is small to allow students to actively participate, and to provide students with individual counseling and attention. Small classes encourage close interaction with faculty mentors. In addition, tutoring and support are available to help students through the program.

Special features of the program:

- Greater potential for priority transfer admission to top universities.
- Priority in application for Transfer Alliance Program scholarships.
- An enriched and vigorous academic program to assist in the transfer process.
- Regular opportunities for interaction and individual conferences with faculty and program director.
- Access to an Honors Counselor.
- Transcripts reflect participation in the program.
- Guest speakers, seminars, field trips to cultural events and concerts to further enhance Honors classes.
- Bus trips and tours to Alliance universities.
- Participation in the annual Honors Students Research Conference at UC Irvine.
- Monthly Honors workshops/luncheons on transfer applications and further transfer benefits.

Transfer Honors Program Admissions Requirements

- Minimum of 3.0 Grade Point Average (GPA) from high school; or if already at West, have completed 12 transferable college units with a 3.0 GPA or better.
- Must be eligible to take English 101.
- Mandatory meeting with May Du Bois, Program Director

For More Information please contact: May Du Bois, Director at (310) 287-4209, or FAX (310) 841-0396 or Dr. Katherine Wolf, Counselor, at (310) 287-4247 and visit the WLAC Web site at www.wlac.edu.

For specific information about courses, consult the current class schedule.

Student Programs & Services

SCHOLARSHIPS

Throughout the year, West Los Angeles College receives announcements on scholarship opportunities for students. The focus of each scholarship is different; some require good grades, some require financial need, and some are awarded to students majoring in specific areas of study. The Student Activities Office will post these announcements on its bulletin boards as well as make general announcements in campus media.

Updated information and scholarship applications will be available in December 2002 in the Student Activities Bldg., A-5, the Student Services Office, Bldg. A-13, and the Financial Aid Office, Bldg. A-12-102.

The following scholarships may be offered through West Los Angeles College:

1. VALEDICTORIAN AWARD

This \$1,000 award will be given to the Class Valedictorian. The WLAC Faculty, Staff and Foundation fund this scholarship.

2. WLAC FOUNDATION SCHOLARSHIP

Awards of \$1000 and \$2000 are offered to students of any major who have completed at least 45 units at West Los Angeles College, and have demonstrated excellence in the classroom. Minimum GPA is 3.75.

3. DON LEIFFER AWARDS

Awards of \$500 are made to recognize outstanding academic achievement by students representing each of the college's ten academic divisions.

4. ASSOCIATED STUDENTS ORGANIZATION AWARDS FOR ACADEMIC ACHIEVEMENT

The Associated Students Organization, in conjunction with the ten instructional divisions, makes one \$100 award per division to an outstanding student selected by division faculty members. Recipients must be ASO members.

5. ASSOCIATED STUDENTS ORGANIZATION LEADERSHIP AWARDS

The Associated Students Organization, in conjunction with the ten instructional divisions, makes one \$100 award per division to a student who has exhibited leadership or strong involvement in college and community activities. Recipients must be ASO members. For further information, contact a division chairperson.

6. ISABEL SHANE MEMORIAL AWARD

One \$250 award is made to an outstanding art or music major. The award may be made in the areas of design, ceramics, history, painting, choral music, instrumental music, piano, multi-media or computer graphics.

7. ANDREW MASON MEMORIAL AWARD

This \$250 award in honor of Andrew Mason, long-time professor of Science, is made to a student who excels in the field of science.

8. LYDIA VERA SORRENTO AWARD

This fund provides a \$250 award for a student who achieves academic excellence in foreign languages.

9. CHARLES S. RÉMY JR. MEMORIAL AWARD

Two \$450 scholarships are given in honor of the first student body president of West, and are awarded to students who have exhibited outstanding leadership on campus or in the community.

10. THE ALBERT D. SANCHEZ AWARD

One award of \$250 is given to a full-time student who has completed at least 15 units in the Aviation Maintenance Technician (AMT) or Aviation Electronics Technology (AET) Program. The student must have a GPA of 3.0 or above, both in the major and in general education courses. The recipient must have a demonstrated record of service to the community, and financial need may be considered as well.

11. THE HENRY KUBO MEMORIAL AWARD FOR EXCELLENCE IN MATHEMATICS

This \$250 award is made annually to an outstanding student in Mathematics in honor of Henry Kubo, long-time professor of Mathematics.

12. THE MORRIS J. HELDMAN CHEMISTRY AWARD

This \$250 award, in memoriam for WLAC's founding president, is made to an outstanding Chemistry student.

13. IRVING R. TANNENBAUM MEMORIAL AWARD

This \$250 award is made to a second-year student who intends to transfer to a four-year college or university to continue studying physical or biological science. The award is made in honor of Irving R. Tannenbaum, long-time professor of Chemistry.

14. ALPHA GAMMA SIGMA (AGS) LEADERSHIP AWARD

This \$150 award is made to an AGS student who has demonstrated leadership skills for one semester or more.

15. ALPHA GAMMA SIGMA (AGS) SCHOLASTIC AWARD

This \$150 award is made to an AGS student who has demonstrated outstanding scholastic achievement during the previous year.

Student Programs & Services

16. THE WLAC "OUTSTANDING ATHLETE" AWARD

One \$100 award is given to an athlete who has made outstanding athletic contributions and has completed more than 36 units.

17. MARK D. LIT AWARDS

These two awards for \$200 each are for all majors who work and support a family while they attend school.

18. CHARLES H. BROWN SCHOLARSHIP AND LEADERSHIP AWARDS

The two awards are given to individuals who have demonstrated scholarship (\$200), and leadership and community service involvement (\$100). These students must have a declared major and have demonstrated financial need.

19. JOAN VAN STELLE TEACHING SCHOLARSHIP (NEW)

Two scholarships of \$500 each will be given to assist second-year students with educational plans who intend to transfer to four-year colleges or universities to major in education.

20. DOROTHY G. GIBSON AWARD

This \$500 award is given to a student who has been out of college at least two years and has returned to WLAC in the last year to continue his or her education. The student must also have demonstrated financial need.

21. EOP&S/CARE SCHOLARSHIP

Two \$100 awards for EOP&S/CARE-eligible, single parent students with unmet financial needs

22. WLAC FACULTY ACADEMIC SENATE SCHOLARSHIP

One scholarship of \$100 is awarded to a student who has completed at least 24 units and is on a transfer track to a four-year college or university. Student must show leadership skills or involvement in school government, community, or extracurricular activities.

23. ELIZABETH P. NUCKOLLS MEMORIAL AWARD

This \$300 award is made to a student with demonstrated excellence in physical or life sciences. The Zonta Club of Los Angeles administers this award on behalf of Liz Nuckolls, a long-time professor of Science and a former Club member.

24. ALPHA GAMMA SIGMA SERVICE AWARD

This \$200 award is made to an AGS student who has performed outstanding volunteer services.

25. EUGENE N. PHELPS MEMORIAL ACHIEVEMENT AWARD

This \$500 award is made in honor of Eugene N. Phelps, long-time professor of American Culture. It is given to a student who has completed History 41 and/or History 42 and will be transferring to a four-year college or university in the fall. Demonstrated community service is desirable; financial need may be a consideration.

26. WLAC FALL FEST VENDORS AWARD

This award is given to any student returning to college at least 15 years after high school, who is enrolled for two semesters in a business or art major, has a minimum GPA of 2.5, and has completed 35 or more units.

27. JAN NATHAN, PMA PUBLISHERS AWARD

This award is given to any student returning to college at least 15 years after high school, and enrolled for two semesters with a Business or Art major.

28./29./30. MATHEMATICS DEPARTMENT AWARDS

Three individual awards of \$100 each will be given to students who have demonstrated diligence in completing a combination of specified Mathematics courses.

31/32 MATH CLUB SCHOLARSHIP

This \$50 scholarship is available to students showing outstanding achievement based on diligence and effort.

33. DENTAL HYGIENE ALUMNI AWARD

This \$200 award is presented to the graduating student who demonstrates outstanding professionalism. The student has provided compassionate and caring therapy to patients, and maintained integrity and respect in his or her relationships with patients, classmates and faculty.

34. DR. JOSE AND TERESA JARA DENTAL HYGIENE SCHOLARSHIP

These two \$150 scholarships are awarded to students of Hispanic descent, who are first or second-year WLAC Dental Hygiene students, and are bilingual. They must be SADHA members, demonstrate leadership skills and community service involvement, and have financial need. The students must submit a 300-word essay entitled, "How to Serve My Community as a Dental Hygienist."

35. ROBERT LENCH HONORS SCHOLARSHIP

One award of \$500 is offered to a graduating Transfer Honors Program student of any major. This scholarship provides assistance to complete his or her baccalaureate degree.

Student Programs & Services

36. RABBI SIDNEY J. JACOBS MEMORIAL SCHOLARSHIP

This \$200 scholarship is awarded to a student who volunteers time helping people, animals and the environment. Students should be able to provide documentation of community service.

37. GWEN-MARIE THOMAS "NO STOPPING ME NOW" AWARD

This scholarship of \$400 is awarded to an African-American or Latino male who has been incarcerated in the State or Federal system, and has exhibited a proven path of educational improvement and community service.

38. GWEN-MARIE THOMAS "MY HEROINE" AWARD

This \$400 award will be given to assist a single parent who is a first-generation college student, enrolled in a minimum of 6 units, and employed at least 20 hours per week.

39. DOROTHY C. KAHN-GALLOWAY CHILD DEVELOPMENT TEACHER-TRAINING SCHOLARSHIP

The purpose of this scholarship is to assist Child Development students in their quest to complete teacher preparation. The recipient of this scholarship must show evidence of real commitment to the enhancement of the lives of young children, and show evidence of commitment to his or her scholastic endeavors.

40. CONTRACTORS BUILDING MATERIALS SCHOLARSHIP

This \$500 scholarship will be given to a student who is enrolled in a Business, Management or Entrepreneurship class, and WHO has a formal plan of becoming a business owner and serving the community. An abbreviated business plan must be presented. The student must also have a proven class attendance record of at least 90%, and financial need may be considered.

41. LINDA M. THOR AWARD

This \$500 award is given to a single parent who is employed full-time. Academic achievement is an important criterion for selection, as is Community service and leadership.

42. CALLISHA A. ELDRIGE-BELL ACHIEVEMENT AWARD

This \$100 award will be given to an African-American student who is continuing her or his education in order to transfer to a 4-year college. The recipient must also have an interest in pursuing a career in health care (nursing, medicine, medical technology, etc.), or in education.

43. AAUW SANTA MONICA BAY BRANCH LOCAL SCHOLARSHIP FUND

These 2 \$1000 scholarships will be awarded to women who are full-time West Los Angeles College students, who have 3.0 GPAs, are U.S. citizens, and who reside on Los Angeles' Westside.

44. MERCY YANEZ ACADEMIC ACHIEVEMENT AWARDS

These two \$250 scholarships will be awarded to Student Support Services Program students who demonstrate academic achievement, are active in their communities or on campus, are working, and who exhibit a strong passion to complete their baccalaureate degrees. The recipients must be enrolled and actively participating in the Program at the time of the award.

Complete information and scholarship applications are available in the Financial Aid Office, Bldg. A12-102, in the Dean of Student Services Office, Bldg. A-13, and in the Student Activities Building, A-5.

THE TRANSFER CENTER

Building A-13

Monday - Thursday: 9:00 am - 7:00 pm
(310) 287-4335 Kent Thomas
(310) 287-4495 Tony Gamble

Did you come to West with a plan to transfer to a four year university? Or, did you develop an interest in transfer after your experiences at West? The Transfer Center can support both needs.

The goal of the Transfer Center is to identify and encourage students to avail themselves of transfer services, and in doing so, increase transfer readiness and transfer success. In conjunction with other college programs and services, students will be informed of all that West Los Angeles College has to offer to prepare for higher education. Collaborative efforts with faculty will also serve to engage students with transfer information and services.

The Transfer Center will produce a monthly calendar of events. University representatives will visit on a regular basis, and provide current information to students. Activities will also include events at four year institutions. The Transfer Center is a comfortable place to sit, lounge, and review transfer literature, computer-based information, and interact with others interested in higher education. UCLA peer advisors are available to provide encouragement, motivation and follow-up services, based upon their recent experiences as transfer students to UCLA.

Student Programs & Services

Other Services Currently Provided by the Transfer Center:

- Representatives from UC, CSU, and independent colleges and universities meet with students to provide information needed to transfer.
- Provide accurate information on requirements for majors from ASSIST.Org.
- Information on general education requirements.
- Catalogues and computer-based information needed to prepare for transfer.
- Transfer Day during the fall semester, with representatives from more than 30 colleges and universities on campus to provide information about UC, CSU, and independent institutions.
- Opportunities to participate in cultural and academic events at local colleges and universities.
- Computer workstations to enable students to access information on the internet, and to file admissions applications.

VETERANS SERVICES

West Los Angeles College programs are approved for veterans, enabling the College to work in close cooperation with the Veterans Administration by offering training under the provisions of Public Law 894 (Federal Education Rehabilitation Program), and Public Law 634 (War Orphans Act). WLAC also works closely with the California Veterans Educational Institute under the provisions of Chapter 34, Title 38, of the United States Code.

In order to be eligible to receive assistance, students must apply to the college, meet all admission requirements, and complete the necessary "Veterans Educational Benefits" forms (obtained from and returned to the Veterans Affairs Office). Veterans receiving assistance are responsible for knowing and strictly observing the regulations regarding a change of objectives, withdrawing from classes, overpayments, program planning, and the 60-unit rule.

The Veterans Affairs Office is located in the Student Services Bldg. A-13, and provides information and services for all veterans.

Changes of Objectives

Veterans may make one change of objective during the period of their entitlement. A change of major, however, is not necessarily a change of objective. A change of major results in a change of objective when an extension of time is necessary to complete the new objective or when a new degree is required.

Withdrawals

It is the responsibility of veterans to immediately inform the Office of Veterans Affairs of any changes in enrollment status (changes in units taken). The last day of veteran's attendance in class must be immediately reported to the Veterans Administration in order to avoid overpayments. An excessive number of units of W may lead to academic probation or disqualification. Filling out the appropriate form or giving written notice to the Admissions Office completes official withdrawal from a class.

Selective Service

Under Veteran Affairs; according to duration Code section 66500, all male applicants to undergraduate admissions are obligated to register with the Selective Service.

Special Programs & Support Services

ACCELERATED COLLEGE TRANSFER (ACT)

ACT is a unique, high quality structure that addresses the educational needs of WLAC's diverse, motivated student population. The ACT format of evening and Saturday classes allows the student to complete a 16-week course in just 8 weeks. ACT's 60-unit curriculum fulfills the general education requirements for transfer to State Universities and many private colleges. In addition, the Associate degree in Liberal Arts can be obtained and specific major requirements can be satisfied in consultation with college counselors.

The ACT regular semester is comprised of two 8-week sessions, and one 8-week summer session. If the student intends to transfer within two years, it is recommended that he/she enrolls in two ACT classes per eight-week session.

For additional information, call the ACT office at (310) 287-4369 or the Counseling office at (310) 287-4257.

BOOKSTORE

The Bookstore, located in Building A-8 offers a variety of services to students, faculty and staff at West Los Angeles College. It is open six days a week, Monday through Saturday, and four evenings a week, Monday through Thursday.

The Bookstore sells textbooks and supplies, college imprinted sportswear, general books, study aids, computer software and magazines. It operates a convenience store that stocks a wide variety of snacks and beverages and will be opening a coffee bar/convenience store on the south side of campus in fall 2004.

The Bookstore accepts Visa, MasterCard, Discover and American Express charge cards, as well as personal checks from students with a valid student ID or print-out of classes and a current California driver's license.

The Bookstore buys back used books during the last week of final exams in the fall and spring terms, and for the last two days of the summer and Winter Intersession. The Bookstore telephone number is (310) 287-4560.

BUSINESS DIVISION COMPUTER CENTER

The Data Center is located in CE-101 and is for use only by students who are registered in Computer Science Information Technology and Computer Applications and Office Technology classes. The lab is equipped with 75 IBM-compatible computers plus several scanners, laser printers, and large print monitor stations. The labs are staffed with Instructional Assistants and student tutors and are Internet connected. Software available on this network includes: MS Assembler, MS Visual C++, MS Visual BASIC, MS Visual J++, MS Word, WordPerfect, MS Excel, MS PowerPoint, MS Access, MS Outlook, QuickBooks, MS Front Page, Glencoe Keyboarding, Integrated Accounting for Payroll, and Legal Solutions. The lab strives to use the current releases of these programs.

Classes are not scheduled into this lab and it is for individual use by Computer Science or Computer Applications students.

In addition, several other computer labs are equipped for a total of 90 computers on the same network. These rooms function as part-time classrooms and part-time labs for individual Computer Science or Computer Applications classes or students.

There are two more classrooms equipped with computers for use by programming, MCSE certification, or CISCO Systems certification classes. WLAC is a certified MCSE Training Center, and CISCO provider. Students who take applications classes may also be preparing for MOUS certification, although we are not an official site.

Two classes are available for students who wish to use the lab independently to supplement their Computer Science or Computer Applications courses. These are CSIT-991 and CAOT-64, each of which carries one unit of credit. Instructors are available at selected times to assist those students.

The Data center is open Monday through Thursday, 8 a.m. until 10 p.m., and Friday and Saturday until 4 p.m. Students not enrolled in Computer Science or Computer Applications classes may use the open computer lab in the Learning Resource Center nearby.

Special Programs & Support Services

CONTRACT AND CORPORATE EDUCATION

The Office for Contract and Corporate Education (OCCE) of West Los Angeles College provides customized training and credit classes to a diverse client base in industries such as technology, manufacturing, construction, allied health care, hospitality, and service. We offer training in the following subjects: Customer Service, Management/Supervisory, Communication, Problem Solving, Computer Applications, Basic Skills, and Vocational English as a Second Language (not-for credit classes).

All of our training is customized to meet the client's needs, and is delivered at the work-site, at a time that best accommodates the company's work schedule. Initial site visits and consultations are offered at no charge. In addition, OCCE will work with clients interested in hosting off-campus college (for credit) classes that are open to both company employees and to the public. Please contact us for an initial site visit or for more information at (310) 287-4466.

DISTANCE LEARNING PROGRAM

Anytime, anywhere, education is online at West Los Angeles College! Get connected with West's comprehensive Distance Learning Program and earn college credit in a variety of courses that provide flexibility in scheduling and the ability to study when it is convenient for you. Distance learning classes feature the same content and most offer the same transferability as on-campus classes. For transferability information see the Online Classes section of the current Schedule of Classes or the West Los Angeles College Online Classes website at <http://www.wlac.edu/online>.

Online courses are fully interactive and most do not require any campus visits. Students have the flexibility of accessing course work 24 hours a day, 7 days a week from any updated computer with Internet access. Students are also welcome to access online courses using the Library Internet Research Lab (LIRL) on the 2nd floor of the HLRC. See the current Schedule of Classes or the West Los Angeles College Online classes' website at <http://www.wlac.edu/online> for on-campus requirements for Health 11, Math 115 and Math 125.

Online course offerings include:

Administration of Justice 1, 2, 4, 8, 14, 75, 160
Dental Hygiene 87, 101, 108, 151, 153
Economics 1, 2
English 28, 94, 101, 102, 103, 127, 130, 209, 211, 233, 239, 240
ESL 6A, 6B
Health 11
History 1, 11, 12
Jewish Studies 6, 27
Library Science 101
Learning Skills 73
Mathematics 115, 125
Multimedia 100
Political Science 1, 2, 7
Psychology 1
Speech 121
Theater 100, 110, 130
Travel 100, 130, 135, 137, 140, 155, 180, 200

In addition, some on-campus courses including Dental Hygiene 151 A & B, 153 and 154 have online components.

Please see the Online Classes website at <http://www.wlac.edu/online> for online course syllabi, required textbooks and software, login instructions and links to Technical Requirements and Helpful Hints.

For questions, or to request additional information, contact Eric Ichon, Distance Learning Program Coordinator, at (310) 287-4305 or by e-mail at ichone@wla.edu <<mailto:ichone@wla.edu>>

FOOD SERVICE

The college plans to open a coffee bar/convenience store on the south side of campus behind the HLRC and Fine Arts Complex. The coffee bar will offer premium coffee service, pastries, fresh salads and sandwiches. The new convenience store will offer a wide variety of hot and cold "grab and go" food and beverages.

The convenience store located in the Bookstore will continue to provide an assortment of snacks and beverages.

HOUSING

The college does not provide residence facilities. On campus Rooms and apartments are available in nearby communities.

Special Programs & Support Services

WLAC INTERNET RADIO

WLACRadio.com was developed to provide information and marketing of college programs and activities. Created and produced by Broadcasting and Multi-Media students under the supervision of faculty and administrative staff, this site serves as West Los Angeles College's portal to the World Wide Web. Students participating in the Communication Entertainment Media Arts (CEMA) program will receive hands-on training and learn industry standards and best practices which will enable them to develop character and gain experience to compete in the professional world of communications and entertainment media.

JUMPSTART PROGRAM

The Jumpstart Program allows high school students to dream big and reach those dreams one step at a time. Jumpstart motivates students to pursue higher-level preparation, it integrates academic and technical curriculum, it educates to satisfy career-and life-long learning, and it articulates instructional programs between secondary and post-secondary educational institutions.

High school students have the opportunity to take college courses and receive both high school and college credit. Students must obtain the permission of their parent/guardian and high school counselor.

For more information, please contact the Jumpstart Program at (310) 287-4465.

Students may enroll in open-entry/open-exit, self-paced, individualized Learning Skills courses to assist them in their academic program of study. No advanced reservations are required to use the computers. Students may use programs for English, humanities, music, accounting, math, physiology, and biology, among others, to review and to learn new subject matter. Word processing programs are also available so the student can write assigned essays using the computer and print them out on an ImageWriter or laser printer.

Language Lab

Tutorial Services

See Library and Learning Resources.

Writing Lab

See Library and Learning Resources.

LIBRARY AND LEARNING RESOURCES

This Division actively seeks to help students in achieving their ultimate educational goal: academic success. Thus, it seeks to accommodate and to support the variety of legitimate learning styles that students develop to achieve that success. A student, for example, may want to study either alone or in a group; accomplish research in the traditional method or learn about new online methods of research; to polish basic skills in English or math or to supplement subject-content courses (e. g., chemistry, foreign language, history, political science) in a computer-assisted instructional environment; or to seek tutorial assistance. Any student can accomplish any combination of these modes of learning in the Division of Library & Learning Resources.

The Division consists of two departments: the Library, and Learning Activities. The Division occupies the Heldman Learning Resource Center (HRLC) building. The Library is located on the 2nd and 3rd floors, Learning Activities on the ground level.

Operational hours vary from semester to semester; so please contact the Library Circulation Counter (x4408), Reference Desk (x4269), or visit the Divisional web site <<http://library.wlac.edu>> for current information.

LIBRARY

Reference and Circulation Services

The Reference Desk is staffed by librarians who respond to all research and reference queries, assisting students with effective strategies to obtain information. At the Circulation Counter, books, textbook reserves, periodicals, and other materials may be checked out for prescribed periods of time.

Book Collection and Other Library Resources

The Library's book collection consists of approximately 70,000 volumes, most of which are available for general circulation. Other book titles are held either in Reference or on Reserve. These print sources include books, monographs, government documents, maps, encyclopedias, dictionaries, pamphlets, and legal materials. Other hardcopy resources include a collection of serials or periodicals of approximately 130 titles. The Library also maintains an instructional media collection of DVDs, video tapes, CDs, and audio recordings.

Special Programs & Support Services

Information Competency (IC)

According to the American Library Association, Information Competency "is a set of abilities requiring individuals to recognize when information is needed and have the ability to locate, evaluate, and use effectively the needed information." The UCs, CSUs, and the Academic Senate of the Community Colleges of California, among others nation-wide, all endorse information competency as a priority for college students. The Western Association of Schools and Colleges, names information literacy, among other priority competencies, specifically in their Handbook of Accreditation:

Baccalaureate programs ensure the development of core learning abilities and competencies including, but not limited to, college-level written and oral communication; college-level quantitative skills; information literacy; and the habit of critical analysis of data and argument.

To address this core competency the Library provides a number of IC classes, workshops, and orientations. Students may attend a workshop for free on any given IC module (e. g., 'Critical Evaluation of Information,' 'Internet Searching,' 'Database Searching,') or participate in a teacher-sponsored class-orientation. More ambitious students may want undertake one of the for-credit Library Science courses, many transferable to CSU and/or UC. Please consult the current Schedule of Classes for the IC courses and the 'Information Competency Workshop Schedule' (Reference Desk) for details.

Library Lab and Classroom

Information Competency courses and workshops are taught in the Library Internet Research Classroom (LIRC, or LRC 218). All of the Library's online resources are available there for students undertaking formal IC instruction.

These resources are also available at the larger Library Internet Research Lab (LIRL) which is the school's only unrestricted, college-wide computer lab.

Together LIRL and LIRC provide nearly 100 student computers, offering access to the online catalog, research databases, the Internet, and selected Microsoft applications.

Learning Activities

Located on the first floor of the HLRC, Learning Activities is an active learning center. It includes computer-assisted instruction as provided by Learning Skills and peer and group tutoring. Included in this group of learning activities are the Language Lab and the Writing Lab.

Learning Skills

Learning Skills offers classes that address basic skills in language acquisition and mathematics and subject-content courses that take advantage of computer-assisted instruction in an open-classroom laboratory environment as well as in traditional in-class instruction. Basic skills courses include classes on language acquisition (grammar, vocabulary, reading fundamentals) and mathematics (basic math to intermediate algebra). Beyond basic skills, other skills courses support and foster student success in subjects that include, for example, chemistry, health, geology, and political science. Students enroll in one-half or one unit open-entry/open-exit, self-paced, individualized courses.

Tutorial Services

A campus-wide, free Tutorial Services Program provides assistance in many subjects. Arrangements may be made for individual and group tutoring. Peer tutoring is available on a drop-in basis; group tutoring is scheduled. Please consult the current tutoring schedule for availability of tutors and times.

Language Lab

The Language Lab houses computers and video- and audio-cassette players which enable students to test and drill them on foreign language grammar and vocabulary. Students will find that it is a special place to help fulfill their foreign language study obligation in a stimulating multi-media setting. Students who complete the prescribed number of hours of lab work per semester receive one unit of credit.

Writing Lab

The Writing Lab is coordinated by the Language Arts Division but is located on the first floor of the HLRC for the convenience of students. Its services are available on a drop-in basis to any student wanting help with organizing, developing, writing, and revising class papers (e. g., English, health, psychology) and with preparing essays for scholarship and transfer applications.

SAFETY AND SHERIFF'S SERVICES

The Los Angeles Community College District maintains a Sheriff's Department on campus. The Deputy Sheriffs in this department are peace officers of the State of California and are trained at the Los Angeles County Sheriff's Department Academy, as are the Security Officers. They exceed all requirements necessary for police employment.

Special Programs & Support Services

The Sheriff's Department is located in Building A-9, across from the Admissions Office, Building A-13. The office is open from 8 a.m. to 11 p.m. Monday through Friday and 8 a.m. to 5 p.m. Saturday and Sunday. The College Sheriffs are on campus 24 hours a day throughout the year. The Sheriff's Department handles criminal complaints and persons injured. The Sheriffs also handle lost and found property and general assistance relating to the campus. Telephone (310) 287-4314 or (310) 287-4315.

Parking Regulations, Areas, And Transportation

Parking facilities are available on campus for over 1,000 cars. All California vehicle code rules and regulations are applicable at the college, and the campus speed limit is 5 m.p.h.

In accordance with California Vehicle Code 21113A and California Education Code 72247, parking regulations will be enforced on this campus. Violators will be cited by the Sheriff.

Visitors may obtain temporary parking permits from the Campus Sheriff's Office, Building A-9.

Vehicles parked inside the campus MUST park within a marked stall or be subject to citation.

Students may only park in the following parking lots:

- Parking Lot 5 Entry on Freshman Drive
- Parking Lot 7 Entry on Albert Vera or South B Streets
- Parking Lot 8 Entry on Albert Vera or C Streets
- Parking Lot 9 Entry at top of Albert Vera East of Fine Arts Building

Student parking permits are issued in the Business Office, Bldg. A-13, upon payment of the usual student parking fees.

Disabled or handicapped students parking on campus are required to have a valid State handicapped placard or permit in addition to a valid WLAC parking permit.

WLAC maintains parking for disabled and handicapped persons. Vehicles in parking stalls designated "Disabled Parking Only" or "Handicapped Parking Only" MUST display both a valid State handicapped placard or permit and a West Los Angeles College student, staff, or visitor parking permit.

WLAC is served by Culver City Bus Lines 3 and 4, which connect with Southern California Rapid Transit District buses.

The College can be reached from the San Diego Freeway north by exiting at Jefferson Boulevard off-ramp. It can also be reached from the Santa Monica Freeway east and west by exiting at the Overland off-ramp and proceeding south to Freshman Drive.

WESTSIDE EXTENSION (WLAC Community Services)

Westside Extension offers an array of elective, not-for-credit classes, workshops and one-day seminars in a wide variety of topics, including arts and crafts, computers, business, personal finance, performing arts, writing and personal development. Extension classes are taken for career development, personal growth or simply enjoyment, and there are usually no tests or homework. A class may meet just once during a semester, or for several sessions, depending on the topic.

The Extension Program is self-supporting, with all revenues generated from class registration fees. Financial assistance is not available. Three times a year, a Westside Extension brochure of classes is mailed to local residents to promote upcoming classes. Registrations and payment of class fees are handled through the Extension Office only. Westside Extension can be reached at (310) 287-4475 or www.wlac.edu/westside/index.htm.

The office is located in the lobby of the Women's P.E. Building. See the website for office hours, as they vary throughout the year.

WORKFORCE DEVELOPMENT CENTER Cal WORKS/Workforce Development/Americorps/GED

Cal Works (California Work Opportunity and Responsibility to Kids) program provides welfare-to-work services designed to help remove barriers to employment and encourage economic self-sufficiency. Cal Works replaces AFDC, and includes vocational education, child-care, work-study, and academic support services. The center administers the TRIO, Upward Bond, Student Support Services, Talent Search, and Educational Opportunities Center grants. The Cal Works Office is located in the Workforce Development Center, Building A-4, behind the Student Center (ASO). For more information, stop in or call (310) 287-4261.

Student Conduct

STUDENT CONDUCT

A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators of the Colleges will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in the sustained and independent search for truth, and to exercise their rights to free inquiry and free speech in a responsible, non-violent manner. In the furtherance of the students' interest in free inquiry and the search for truth, it is also important that students be able to hear the views of non-students and engage in the free exchange of ideas with non-students.

All persons shall respect and obey civil and criminal law, and shall be subject to legal penalties for violation of laws of the city, county, state and nation. All persons shall respect and obey the rules, regulations and policies of the Los Angeles Community College District.

Conduct in all of the Los Angeles Community Colleges must conform to District and college rules and regulations. Violations of such rules and regulations may result in disciplinary action depending on the individual's status as student, faculty, staff or visitor. Violations of such rules and regulations include, but are not limited to, the following:

Board Rule 9803.10 Willful Disobedience

Willful disobedience to directions of College officials acting in the performance of their duties

Board Rule 9803.11 Violation of College Rules and Regulations

Violation of college rules and regulations including those concerning student organizations, the use of college facilities, or the time, place, and manner of public expression or distribution of materials.

Board Rule 9803.12 Dishonesty

Dishonesty, such as cheating, or knowingly furnishing false information to the Colleges

Board Rule 9803.13 Unauthorized Entry

Unauthorized entry to or use of the College facilities.

Board Rule 9803.14 College Documents

College documents; Forgery alteration, or misuse of College documents, records or identification.

Board Rule 9803.15 Disruption of Classes

Obstruction or disruption of classes, administration, disciplinary procedures, or authorized College activities.

Board Rule 9803.16 Theft of or Damage to Property

Theft of or damage to property belonging to the College, a member of the College Community, or a campus visitor.

Board Rule 9803.17 Interference with Peace of College

The malicious or willful disturbance of the peace or quiet of any Los Angeles Community Colleges by loud or unusual noise or any threat, challenge to fight, or violation of any rules of conduct as set forth in this Article. Any person whose conduct violates this section shall be considered to have interfered with the peaceful conduct of the activities of the college where such acts are committed.

Board Rule 9803.18 Assault or Battery

Assault or battery, abuse, or any threat of force or violence directed toward any member of the College Community or campus visitor engaged in authorized activities.

Board Rule 9803.19 Alcohol and Drugs

Any possession of controlled substances which would constitute a violation of Health and Safety Code section 11350 or Business and Professions Code Section 4230, any use of controlled substances the possession of which are prohibited by the same, or any possession or use of alcoholic beverages while on any property owned or used by the District or colleges of the District or while participating in any District or college-sponsored function or field trip. "Controlled substances" as used in this section include, but are not limited to, the following drugs and narcotics:

- A. opiates, opium and opium derivatives
- B. mescaline
- C. hallucinogenic substances
- D. peyote
- E. marijuana
- F. stimulants and depressants
- G. cocaine

Board Rule 9803.20

Lethal Weapons Possession, while on a college campus or at a college sponsored function, of any object that might be used as a lethal weapon is forbidden all persons except sworn peace officers, police officers and other governmental employees charged with policing responsibilities.

Student Conduct

Board Rule 9805.10

Assault or Abuse of Instructor Every parent, guardian, or other person who assaults or abuses any instructor employed by the District in the presence or hearing of a community college student or in the presence of other community college personnel or students and at a place which is on District premises or public sidewalks, streets, or other public ways adjacent to school premises, or at some other place where the instructor is required to be in connection with assigned college activities is guilty of a misdemeanor.

Note: Full details of the standards of student conduct are listed on the Los Angeles Community College District's website.
([www.laccd.edu/district/btrustees/board rules/chp9-8.htm](http://www.laccd.edu/district/btrustees/board%20rules/chp9-8.htm))

Student Discipline Procedures

Community college districts are required by law to adopt standards of student conduct along with applicable penalties for violation (Education Code Section 66300). The Los Angeles Community College District has complied with this requirement by adopting Board Rule 9803, Standards of Student Conduct (See above).

The District has adopted Board Rule 9804, Student Discipline Procedures, to provide uniform procedures to assure due process when a student is charged with a violation of the Standards of Student Conduct. All proceedings held in accordance with these procedures shall relate specifically to an alleged violation of the established Standards of Student Conduct. These provisions do not apply to grievance procedures, student organization councils and courts, or residence determination and other academic and legal requirements for admission and retention. Disciplinary measures may be taken by the College independently of any charges filed through civil or criminal authorities, or both.

Board Rule 9901

COLLEGES AS NON-PUBLIC FORUMS The colleges of the Los Angeles Community College District are non-public forums, except for those portions of each college designated as free speech areas are hereby designated as limited public forums, which designation may be removed and reverted to non-public forum designation by the Board of Trustees.

Board Rule 9902

FREE SPEECH AREAS The college president shall designate an area or areas on the college campus as areas for free discussion and expression by all persons. A free speech area may only be located where there is a normal flow of student traffic with unlimited accessibility. Necessary campus rules governing the operation of such areas shall govern only the time, place and manner in which said areas are to be used. All such rules shall be applied equally and fairly to all persons desiring to use the free speech areas. No restrictions shall be placed on subject matter, topics or viewpoints expressed in free speech areas.

Board Rule 9902.11

Distribution of Materials Persons using a free speech area shall be allowed to distribute petitions, circulars, leaflets,

A. Such distribution shall take place only within the geographical limits of the free speech area;

B. Any material being distributed which is discarded or dropped in or around the free speech area other than in an appropriate receptacle must be retrieved and removed or properly discarded by those persons distributing the material prior to their departure from the free speech area that day;

C. Persons distributing material shall not impede the progress of passerby, nor shall they force or coerce passersby into taking the proffered material.

Article IX

Freedom Of Speech

Board Rule 9901

COLLEGES AS NON-PUBLIC FORUMS The colleges of the Los Angeles Community College District are non-public forums, except for those portions of each college designated as free speech areas are hereby designated as limited public forums, which designation may be removed and reverted to non-public forum designation by the Board of Trustees.

Student Conduct

Board Rule 9902

FREE SPEECH AREAS. The college president shall designate an area or areas on the college campus as areas for free discussion and expression by all persons. A free speech area may only be located where there is a normal flow of student traffic with unlimited accessibility. Necessary campus rules governing the operation of such areas shall govern only the time, place and manner in which said areas are to be used. All such rules shall be applied equally and fairly to all persons desiring to use the free speech areas. No restrictions shall be placed on subject matter, topics or viewpoints expressed in free speech areas.

Board Rule 9902.10

RESPONSIBILITIES OF PERSONS USING FREE SPEECH AREAS. All persons using the free speech area of a college are expected to monitor the content of their speech such that the expression (1) is not obscene, libelous or slanderous according to current legal standards, (2) does not create a clear and present danger of the commission of unlawful acts on community college premises, (3) is not violation of lawful community college regulations, or (4) does not substantially disrupt the orderly operation of the college. Any person who is found to have expressed speech in violation of this section may be subject to the sanctions applicable respectively to students, staff, faculty or visitors.

Board Rule 9902.11

DISTRIBUTION OF MATERIALS. Persons using a free speech area shall be allowed to distribute petitions, circulars, leaflets, newspapers, miscellaneous printed matter and other materials, subject to the following restrictions:

- A. Such distribution shall take place only within the geographical limits of the free speech area;
- B. Any material being distributed which is discarded or dropped in or around the free speech area other than in an appropriate receptacle must be retrieved and removed or properly discarded by those persons distributing the material prior to their departure from the free speech area that day;
- C. Persons distributing material shall not impede the progress of passersby, nor shall they force or coerce passersby into taking the proffered material.

Board Rule 9902.12

FORMS OF SPEECH. Persons using a free speech area shall be entitled to exercise their speech privileges in any manner which does not violate the rules of conduct set forth in Article VIII or in this Article, including but not limited to the use of printed materials and the wearing of buttons, badges or other insignia, except that:

- A. No means of amplification may be used, electronic or otherwise, which creates any noise or diversion that disturbs or tends to disturb the orderly conduct of the campus or classes taking place at the time.;
- B. No person using the free speech area shall physically touch, strike or impede the progress of passersby, except for incidental or accidental contact, or initiation of such contact by a passerby;
- C. No person using the free speech area shall solicit donations of money, through direct requests for funds, sales of tickets or otherwise, except where he/she is using the free speech area on behalf of and collecting funds for an organization which is registered with the secretary of state as a nonprofit corporation, or is an approved Associated Student Organization or Club.

Board Rule 9902.13

TIME ALLOTMENTS FOR SPEECH. The president of each college or his/her representative may set reasonable time restrictions on the use of free speech areas, in order to ensure that all persons are given equal access to the use of the free speech area. The times at which the free speech area may be used shall be subject to reasonable campus regulations.

Board Rule 9903

STUDENT EXERCISE OF FREE SPEECH IN AREAS OUTSIDE OF DESIGNATED FREE SPEECH AREA. The president of each college may designate areas outside of the Free Speech Areas where students, faculty and staff may exercise freedom of expression subject only to reasonable time, place and manner restrictions.

Board Rule 9903.10

BULLETIN BOARDS. Students shall be provided with bulletin boards for use in posting student materials at campus locations convenient for student use. The location and number of such bulletin boards shall be determined by the college president or his/her representative.

Each college may have bulletin boards. The use of the bulletin boards shall be open to use only by students or recognized student organizations and shall be based on a first-come, first-served basis.

Student Conduct

Posting of materials on bulletin boards shall be subject to the limitations concerning the manner of exercising students' rights of free expression in Free Speech Areas pursuant to Section 9902.10.

All materials displayed shall clearly indicate the author or agency responsible for its production and shall be dated with the date of posting by the College president's designee.

The president of each college shall prescribe reasonable lengths of time during which such printed material may be posted on the bulletin boards with the object of assuring fair access to the bulletin boards for all students.

Board Rule 9903.11

POSTING AREAS. The president of each college, or his/her representative, may designate areas other than the bulletin boards for display of materials.

Board Rule 9904

STUDENT USE OF AREAS NOT DESIGNATED FOR FREE SPEECH ACTIVITIES. Student use of classrooms, rooms, buildings, facilities and grounds not designated as Free Speech Areas or otherwise designated for student free speech exercises in accordance with this article shall be governed by the rules and regulations established pursuant to Article X, relating to student activities and events.

Board Rule 9905

VISITOR USE OF AREAS NOT DESIGNATED FOR FREE SPEECH ACTIVITIES. Visitor use of any areas, classrooms, rooms, buildings, facilities and grounds not designated as Free Speech Areas is subject to the Civic Center Permit rules set forth in Chapter VII, Article 2 of these Board Rules.

Board Rule 91002

PRESIDENT'S AUTHORITY TO CREATE ADDITIONAL RULES. The president of each college may adopt and approve rules not set forth in these rules for the purpose of governing the use of the college's facilities. The president shall not approve any rules which are inconsistent with this Article.

Board Rule 91004.12

NON-CENSORSHIP OF LECTURERS AND SPEAKERS.

Those routine procedures required by an institution before a guest speaker is invited to appear on campus shall be designed only to insure that there is an orderly scheduling of facilities and adequate preparation for the event, and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities shall not be used as a device of censorship. It shall be made clear to the academic and larger community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or the institution.

DRUG FREE CAMPUSES

West Los Angeles College adheres to, supports, and is in full compliance with requirements that maintain our college as a drug-free institution of higher education.

Legal Sanctions - Federal laws regarding alcohol and illicit drugs allow for fines and/or imprisonment. Other legal problems include the loss of driver's license and limitations of career choices.

Health Risks - Health risks associated with the abuse of controlled substances include malnutrition, damage to various organs, hangovers, blackouts, general fatigue, impaired learning, dependency, disability, and death. Both drugs and alcohol may be damaging to the development of an unborn fetus.

Other Risks - Personal problems include diminished self-esteem, depression, alienation from reality, and suicide. Social problems include loss of friends, academic standing, and co- and extra-curricular opportunities, alienation from and abuse of family members, and chronic conflict with authority. Economic problems include loss of job, financial aid eligibility, homes, savings, and other assets.

COUNSELING, TREATMENT AND REHABILITATION

Students should contact the campus Counseling Office for assistance and referrals, employees should contact the Los Angeles Community College District Employee Assistance Program.

Student Conduct

RECORDING DEVICES

State law in California prohibits the use of any electronic listening or recording device in a classroom without prior consent of the instructor and college administration. Any student who needs to use electronic aids must secure the consent of the instructor. If the instructor agrees to the request, a notice of consent must be forwarded to the Vice President of Academic Affairs for approval.

SMOKING POLICY

Smoking is not permitted in any classroom or other enclosed facility which any student is required to occupy or which is customarily occupied by non-smoking students.

DISCIPLINARY ACTION

Violation of the above Board Rule shall result in student discipline imposed in accordance with the Student Discipline Procedures as stated in Board Rule 91101.

Discipline includes warning, reprimand, disciplinary probation, suspension or termination of financial aid, suspension, withdrawal of consent to remain on campus, expulsion subject to reconsideration and permanent expulsion.

Furthermore, institutional policies and practices may impose disciplinary sanctions on students and employees consistent with local, state, and federal law, up to and including expulsion, termination of employment, and referral for prosecution for violations of the standard of conduct. The Los Angeles Community College District is committed to drug- and alcohol-free campuses, and we ask you to share in this commitment and dedication.

STUDENT GRIEVANCE PROCEDURE

The purpose of the student grievance procedure is to provide a prompt and equitable means of resolving student grievances. The procedure enumerated in Administrative Regulation E-55 shall be available to any student or applicant for admission who believes a college decision or action has adversely affected his or her status, rights, and/or privileges as a student. Education Code Section 76224(a) governs grievances relating to course grades.

Section 76224(a) provides:

"When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final."

Before filing a grievance, each student with a complaint should first try to resolve the problem informally by contacting and discussing the matter with the person involved. If that effort fails and the complaint involves a faculty member, the student should contact the appropriate department chairperson next and then contact the appropriate dean of academic affairs if the matter is not resolved.

If the complaint involves a staff member and is not resolved after discussing the matter with the staff member, the student should contact the person's immediate supervisor or manager.

STUDENT RESPONSIBILITY

The college believes that education requires the concentrated effort of both the instructor and the student. Consequently, the student is held responsible for providing the time and personal effort and motivation necessary to meet the requirements of all his or her courses. This would include regular and prompt attendance, adequate study time, and careful adherence to the specific course work requested by the instructor.

STUDENTS RIGHT TO KNOW

In compliance with the Students-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Los Angeles Community College District and West Los Angeles College to make available its completion and transfer rates to all current and prospective students. Beginning in fall 1996, a cohort of all certificates, degree-, and transfer-seeking first-time, full-time students were tracked over a three year period. These rates do not represent the success rates of the entire student population at West Los Angeles College, nor do they account for student outcomes occurring after this three-year period. The completion rate numbers for West Los Angeles College can be found at: <http://srk.cccco.edu/index.asp>.

Academic Policies

ENROLLMENT AND ATTENDANCE DISTRICT POLICIES

Open Enrollment

Unless specifically exempt by law, every course for which state aid is claimed is fully open to any person who has been admitted to the college and who meets the appropriate academic prerequisites.

Units of Work/Study Load

Study List Limitations

Maximum and minimum unit requirements may apply, as follows:

Unit Maximum: The maximum study load is 18 units during a regular semester and 7 units during a summer or Winter Intersession. The normal class load for students in the fall or spring semester is from 12 to 18 units a semester for full-time students. A college program of 15 units is equal to at least a 50-hour work week for most students. Students who desire to take 19 or more units must obtain approval from a counselor.

Those students who will be employed while attending college should consider reducing their programs accordingly. It is suggested that those students who are employed full-time should enroll in no more than one or two classes, or 9 units maximum.

Attendance Statement

Only students who have been admitted to the college and are in approved active status may attend classes. Students should attend every meeting of all classes for which they register. To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons.

Students who are pre-registered in a class and miss the first meeting may lose their right to a place in the class, but the instructor may consider special circumstances. Whenever students are absent more hours than the number of hours the class meets per week, the instructor may drop them from class. In addition, the instructor will consider whether there are mitigating circumstances which may justify the absences. If the instructor determines that such circumstances do not exist, the instructor may exclude a student from the class. Students are encouraged to advise their instructors of anticipated absences.

Students are responsible for officially dropping a class that they stop attending. See the section on "Adding and Dropping."

Auditing

Students may be permitted to audit a class under the following conditions:

1. Payment of a fee of \$15 per unit. Fees may not be refunded. Students enrolled in classes to receive credit for ten or more semester units shall not be charged a fee to audit three or fewer semester units per semester.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students desiring to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor's discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of the extent of participation allowed beyond observation. (Board Rule 6706.00)

Concurrent Enrollment

A student may enroll in two mutually-dependent courses within the same semester and/or may simultaneously enroll at both West Los Angeles College (WLAC) and a high school or another college.

Concurrent enrollment in more than one section of the same course during a semester is not permitted, with the exception of certain Physical Education classes on a limited basis. Concurrent enrollment in courses which are cross-referenced to each other is not permitted.

Violation of this regulation will result in exclusion from class and denial of course credit in both courses. (In addition to exclusion from both classes and denial of credit, violators will be subject to disciplinary action.) See "Standards of Student Conduct" in this catalog. Enrolling in classes scheduled or conducted during overlapping times is not permitted.

Academic Policies

FINAL EXAMINATIONS

The college assumes that a student registers in good faith for a full semester's work inclusive of all course requirements. The College Calendar clearly indicates the beginning and the end of each semester, and the instructional program is predicated upon this time plan.

All students, as a part of their course work, are required to take final examinations in all subjects in accordance with an examination schedule made available each semester by the Office of Academic Affairs. No student will be excused from final examinations.

No special final examinations are given at times other than scheduled except through the Office of the Vice President of Academic Affairs, and no such examination will be offered before the scheduled examinations.

ADDING/DROPPING/SECTION TRANSFER OF CLASSES

Adding Classes

Only students who have been admitted to the college and are in approved active status may add or attend classes.

Enrolled students who want to add a class must obtain an add permit from the instructor.

Dropping Classes

Students wanting to drop one or more classes must do so through the Admissions Office by filing a drop card, via the Internet (www.wlac.edu), or by using the S.T.E.P. telephone registration system.

It is the student's responsibility to drop from class. Any drops or exclusions that occur between the end of the 4th week (or 30% of the time the class is scheduled, whichever is less) and the end of 75% of the time the class is scheduled will result in a "W" on the student's record which will be included in the determination of progress probation. Drops are not permitted beyond the end of 12th week for a 16-week semester.

A grade (A, B, C, D, F, CR, INC, or NCR) will be assigned to students who are enrolled past the end of the 14th week, even if they stop attending class, except in cases with extenuating circumstances. After the last day of the 12th week for a 16-week semester (or 75% of the time the class is scheduled, whichever is less), students may withdraw from class upon petition demonstrating extenuating circumstances, and after consultation with the appropriate faculty.

Section Transfer

Students may transfer from one section of a class to another section of the same class in the same semester with the approval of the instructor of the later class.

Withdrawal from the College

The college recognizes that a student does not leave college for superficial reasons. Students in need of mature advice should see a counselor prior to withdrawal.

Official withdrawal requires completion of a form in the Admissions Office, or a written notice to that office. A student who does not comply with these requirements may receive failing grades. See the college calendar in the current schedule of classes for the deadlines for withdrawal. Information on class withdrawal policy is included under "Grading Symbols and Definitions".

COURSE CREDIT

Credit for Prerequisites

Students may not concurrently enroll in and receive credit for an advanced course and its prerequisite(s).

Students may not enroll in and receive credit for the prerequisite(s) to an advanced course if they have previously completed the advanced course.

Violation of this regulation may result in exclusion from class and denial of course credit.

Credit by Examination

Students may receive credit for courses (on the list that follows) by taking an examination administered by the college in lieu of attending the course. A petition to receive credit by examination must be submitted to the Admissions Office. The petition to receive credit by examination must be approved by the subject's department chairperson. (Board Rule 6704)

Eligibility:

1. Be currently registered and have a minimum Cumulative grade point average of 2.0
2. Have completed 12 units within the Los Angeles Community College District and cleared all holds.
3. Not be currently enrolled in, nor have completed a more advanced course in this discipline.

Academic Policies

Credit by Examination Courses

Credits by examination request forms are available in the Admissions Office. Students may petition for credit by examination for only the subjects that are listed on the current approved list of Credit by Examination courses (Board Rule 6704).

Approved Credit by Examination Courses

Aviation and Travel Division

Aviation Maintenance Courses
(Limited - must meet FAA regulations)

Biology 3, 4
Environmental Science 1, 2
Geology 1, 2
Oceanography 1

Limitation on Petitioning for Examination

The maximum number of units for which a student may petition for credit by examination at the college is 15 units (Board Rule 6704.10). Units for which credit is given pursuant to the provision of this section shall not apply toward the 12 units of residence nor the graduation requirement. No more than one challenge per course will be permitted.

Student's records shall be annotated "Credit by Examination" and Credit by Examination grades shall be entered on the student's record as "CRX" for passing and "NCX" for not passing. Students may need to enroll in a special Credit by Exam course to obtain credit, and students will be responsible for any tuition fees.

Credits acquired by examination are not applicable to meeting such unit load requirements as selective service deferment, veterans or Social Security benefits. (Board Rule 6704.14)

COURSE REPETITION

Special Circumstances

Repetition of courses for which a grade of "C" or better has been recorded shall be permitted only upon advance petition of the student, and with written permission of the college president or designee based on a finding that circumstances exist which justify such repetition. In such repetition under special circumstances, the student's permanent academic record shall be annotated in such a manner that all work remains legible. Grades awarded for repetition under special circumstances shall not be counted in calculating a student's grade point average.

Students may repeat up to a total of 15 units in which substandard grades ("D", "F" or "NCR") were awarded in the District. This policy only applies to courses taken at colleges within the Los Angeles Community College District. Courses completed through the provisions of Board Rule 6704 (Credit by Examination) may not be used to remove a substandard grade.

1. First Course Repetition to Remove a Substandard Grade.

Upon completion of a repeated course, the highest grade earned will be computed in the cumulative grade point average, and the student's academic record so annotated.

2. Second Course Repetition to Remove a Substandard Grade.

A student may repeat the same course for a second time provided the student has:

A. Received two substandard grades for the same District course.

B. Filed a petition which states the extenuating circumstance which is the basis for the petition for the second repetition. "Extenuating circumstances" are verified cases of accidents, illness, military service, or other circumstances beyond the control of the student.

C. Had the petition approved by the college president or designee.

Academic Policies

Attendance for a second repetition may not be claimed for state apportionment. Upon completion of the second repetition, the grade used in computing the student's cumulative grade point average shall be the highest grade earned, and the student's record will be so annotated. The two lower substandard grades will not be used in the computation of the grade point average. (Title 5, C.C.R., Sect. 513135, 51316, 55761, 55762, 58161)

Course Repetition and Activity Repetition

Certain courses in the catalog may be repeated for additional unit credit. These courses, marked "RPT" in the "Course Description" section of the catalog, allow the student an expanded educational experience each time the student enrolls in the course. Enrollment in these courses is limited in any similar activity to a maximum of three repetitions for a total of four enrollments regardless of the repeatability of individual courses.

The activity limitation also applies to courses which are not repeatable, but for which similar activities exist. For example, there are several similar course titles in Art, Music, Theater, and Physical Education which are considered to be the same activity. A student may enroll four times in courses which are considered to be the same activity. Any combination may be used as long as four enrollments in one activity are not exceeded.

Excess enrollment will result in administrative drop. Consult a counselor for the latest restricted activity enrollment list.

NOTE: Whenever the student's record is reviewed for the purpose of determining his or her unit credits, all of the student's record is reviewed, not just the course work.

CREDIT FOR COURSES COMPLETED AT NON-ACCREDITED INSTITUTIONS

Students transferring from non-accredited institutions may, after successful completion of 30 units with a "C" or better grade-point-average, apply for up to 15 units of credit courses which parallel the offerings of the college.

The following exceptions may be made to this regulation:

1. Credit for Military Service

Students who are currently serving in or have served in the military may, after successful completion of at least one course with the Los Angeles Community Colleges, request an evaluation of credit earned through military service training schools and/or military occupational specialties.

2. Elective Credit for Military Training

Six units of elective credit for military service will be approved upon petition for graduation if the following conditions are met:

- A. Complete a minimum of 12 units at West Los Angeles College.
- B. Currently enrolled.
- C. Serve 181 days or more in the armed services.
- D. Present an Honorable Discharge (DD 214) form.

Elective credit for military service will not include subject credit for a physical education activity or Health Education 10 class. No grade points will be given for military credit.

3. Credit for Law Enforcement Academy Training

Credit for basic recruit academy training instructional programs in Administration of Justice or other criminal justice occupations shall be granted as follows:

- A. Credit will be given for training from institutions which meet the standards of training of the California Peace Officers Standards and Training Commission.
- B. Credits granted by an institution of higher education for basic recruit academy training under the above provisions shall not be identified as equivalent to any required course in the major.

GRADES AND GRADE CHANGES

The instructor of the course shall determine the grade to be awarded to each student in accordance with the following Grading Symbols and Definitions Policy. The determination of a student's grade by the instructor is final in the absence of error, fraud, bad faith, or incompetence. The removal or change of an incorrect grade from a student's record shall only be done upon authorization by the instructor of the course.

In the case of fraud, bad faith, or incompetence, the final decision concerning removal or change of grade will be made by the college president or designee after the grievance procedure is completed.

See Student Grievance procedures under Student Services and Programs.

Academic Policies

GRADING SYMBOLS AND DEFINITIONS

Only the symbols in the grading scale given in this section shall be used to grade all courses offered in fulfillment of the requirements for an associate or baccalaureate degree, certificate, or license.

Grades shall be averaged on the basis of point equivalencies to determine a student's grade-point-average, using the following evaluative symbols:

SYMBOL	DEFINITION	GRADE POINT
A	Excellent	4.00
B	Good	3.00
C	Satisfactory	2.00
D	Passing (Less than Satisfactory)	1.00
F	Failing	0.00
CR	Credit (At least satisfactory - units not counted in GPA)	0.00
NCR	No Credit (Less than satisfactory - units not counted in GPA)	0.00
CRX	Credit by Exam (Units not counted in GPA)	0.00
NCX	No Credit by Exam	0.00

(CR and NCR grades may be given only in courses authorized by the District, Credit/No Credit Option and Credit by Examination Policies.)

The following non-evaluative symbols may be entered on a student's record:

SYMBOL DEFINITION

"INC" Incomplete

Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "INC" symbol being entered in the student's record. The condition for removal of the "INC" shall be stated by the instructor in a written record.

This record shall contain the conditions for removal of the "INC" and the grade assigned in lieu of its removal. This record shall be given to the student with a copy on file in the college Admissions Office until the "INC" is made up or the time limit has passed. A final grade shall be assigned when work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

The "INC" symbol shall not be used in calculating units attempted or for grade points. The "INC" MAY BE MADE UP NO LATER THAN ONE YEAR FOLLOWING THE END OF THE TERM IN WHICH IT WAS ASSIGNED. The student may petition for a time extension due to unusual circumstances.

Note: Courses in which the student has received an incomplete ("INC") may not be repeated unless the "INC" is removed and has been replaced by a grade of "D" or "F". This does not apply to courses which are repeatable for additional credit.

"IP" In Progress

The "IP" symbol shall be used only in those courses which extend beyond the normal end of an academic term. "IP" indicates that work is "in progress," but that assignment of a substantive grade must await its completion. The "IP" symbol shall remain on the student's permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student's record for the term in which the required work of the course is completed. The "IP" shall not be used in calculating grade point averages. If a student enrolled in an "open-entry/open-exit" course is assigned "IP" at the end of an attendance period and does not complete the course during the subsequent attendance period, the appropriate faculty will assign a grade as specified above to be recorded on the student's permanent record for the course.

"W" Withdrawal

It is the student's responsibility to withdraw from class if he or she stops attending class. Students cannot rely upon faculty to exclude them. Withdrawal from a class or classes shall be authorized through the last day or 75% of the time the class is scheduled to meet. No notation ("W" or other) shall be made on the record of a student who withdraws during the first 30% of the time the class is scheduled.

Withdrawal between the end of the fourth week (or 30% of the time the class is scheduled to meet, whichever is less) and the last day of the fourteenth week of instruction (or 75% of the time the class is scheduled to meet, whichever is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the fourteenth week or 75% of the time the class is scheduled shall be given a grade other than a "W," except in cases of extenuating circumstances.

Academic Policies

After the last day the withdrawal is allowed, the student may withdraw from class only upon petition demonstrating extenuating circumstances and after consultation with the appropriate faculty. Students should obtain a petition in the Admissions Office. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the student. Withdrawal which has been authorized in extenuating circumstances shall be recorded as a "W."

The "W" shall not be used in calculating units attempted or for the student's grade point average.

How to Calculate a Grade Point Average

1. Add all units attempted for courses.
2. Add all grade points earned for courses completed.
3. Divide the total number of grade points earned into the total number of units attempted. Carry out to three decimal places.

CREDIT/NO CREDIT OPTION

The college president may designate courses in the college catalog wherein all students are evaluated on a "Credit/No Credit" basis, or wherein each student may elect no later than the end of the first 30% of the term, whether the basis of evaluation is to be "Credit/No Credit" or a letter grade. These courses will be noted in the college catalog as being eligible for the Credit/No Credit option.

1. USAGE FOR A SINGLE PERFORMANCE

STANDARD - The Credit/No Credit grading system shall be used in any course in which there is a single satisfactory standard of performance for which unit credit is assigned.

A grade of Credit (CR) shall be assigned for meeting that standard, and a grade of No Credit (NCR) shall be assigned for failure to do so.

2. ACCEPTANCE OF CREDITS - All units earned on a "Credit/No Credit" basis at accredited California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements.

3. RECORDING OF GRADE - A student who is approved to be evaluated on the "Credit/No Credit" basis shall receive both course credit and unit credit upon satisfactory completion of the course. Satisfactory completion for credit is equivalent to the grade of "C" or better. A student who does not perform satisfactorily will be assigned a "No Credit" (NCR) grade.

4. GRADE POINT CALCULATION - Units earned on a Credit/No Credit basis shall not be used to calculate grade point averages. However, units attempted for which "No Credit" (NCR) is recorded shall be considered in probationary and dismissal procedures.

5. STANDARDS OF EVALUATION - The student who is enrolled in a course on a Credit/No Credit basis will be held responsible for all assignments and examinations required in the course, and must meet the standards of evaluation which are identical for all students.

6. CONVERSION TO A LETTER GRADE - A student who has received credit for a course taken on a "Credit/No Credit" basis may not convert this credit to a letter grade.

7. COURSE REPETITION - A student who has received a grade of "No Credit" (NCR) may repeat the course by meeting the requirements set forth by the District Course Repetition to Improve Substandard Grades policy.

REGULATIONS FOR CREDIT/NO CREDIT OR PASS/FAIL

Not all courses will be offered on a Credit/No Credit basis. Determination of courses will be made by the appropriate divisions. A maximum of 15 units of Credit/No Credit work may be used towards the A.A. degree. A maximum of one course per semester may be taken for Credit/No Credit. However, this restriction does not apply to students who already possess a bachelor's or higher degree.

Credit/No Credit may not be used for courses required toward a certificate, A.A. degree major or transfer preparation for a major and/or certification, or as a prerequisite for another course.

English 101 may not be taken for Credit/No Credit.

CSU will allow no more than 30 units total "Credit" graded courses toward the bachelor's degree.

UC will allow only 14 units of Credit/No Credit toward transfer.

Academic Policies

Students must notify the Admissions Office by the end of the 5th week of the course if they wish to take a course Credit/No Credit; otherwise all courses are for a letter grade. This decision will be irrevocable.

Credit/No Credit is similar to Pass/Fail. A credit grade is granted for performance which is equivalent to the letter grade of "C" or better. Students electing Credit/No Credit grading should be aware that although such grades are not calculated into the grade point average at West Los Angeles College, four-year colleges, in considering applications for admission, may consider the credit grade as the equivalent of "C." Consultation with a counselor is advisable before making such elections.

COURSE REPETITION TO IMPROVE SUBSTANDARD GRADES

Students may repeat up to a total of 15 units in which substandard grades ("D", "F" or "NCR") were awarded in the district.

No specific course or categories of courses shall be exempt from course repetition.

This policy only applies to courses taken at colleges within the Los Angeles Community College District. Other institutions may differ, and students planning to transfer to another college should contact the institution regarding its policy. Courses completed through credit by examination, Board Rule 6704, may not be used to remove a substandard grade.

ACADEMIC STANDARDS AND CREDIT POLICIES

Academic Renewal

Students may submit a petition to the Admissions and Records Office to have their academic record reviewed for academic renewal action of substandard academic performance under the following conditions:

1. Students must have achieved a grade point average of 2.5 in their last 15 semester units, or 2.0 in their last 30 semester units completed at any accredited college or university, and
2. At least two calendar years must have elapsed from the time the course work to be removed was completed.

If the above conditions are met, academic renewal shall be granted, consisting of:

- A. Eliminating up to 18 semester units of course work from consideration in the cumulative grade-point-average; and
- B. Annotating the student's academic record indicating where courses have been removed by an academic renewal action. The permanent academic record shall be annotated in such manner that all grades assigned remain legible, ensuring a true and complete Academic history.

Academic Policies

Academic renewal actions are irreversible.

Graduation honors and awards are to be based on the student's cumulative grade point average for all college work attempted. This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ, and students planning to transfer to another college should contact that institution regarding its policy.

Academic Probation Policies

The following standards for academic and progress probation shall be applied as required by regulations adopted by the Board of Governors of the California Community Colleges. Probation shall be determined based on student course work dating from fall, 1981; course work completed prior to Fall of 1981 is excluded from probation calculations (Board Rule 8202.10).

1. Placement on Academic Probation

A student who has attempted at least 12 semester units shall be placed on academic probation following any semester when the grade point average for total units attempted is less than 2.0 (grade C).

2. Removal from Academic Probation

A student shall be removed from academic probation upon earning a grade point average of 2.0 (grade C) or higher in total units attempted.

3. Progress Probation

A student who has enrolled in a total of at least 12 semester units as shown by the official academic record shall be placed on progress probation when the percentage of all units in which a student has enrolled, and for which entries of "W" and "INC" and "NCR" are recorded, reaches or exceeds fifty percent (50%). To drop a course and not have a grade entry appear on the official academic record to be counted as units attempted action must be taken prior to the close of the fourth week of a semester-long course.

4. Removal from Progress-Probation

A student on progress probation because of an excess of units for which entries of "W," and "INC" and "NCR" are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent (50%).

Policy on Disqualification (Dismissal)

Students who are subject to disqualification (dismissal), and who have not been continued on probation throughout the appeal process, shall be notified of the disqualification (dismissal) by the college president or his designee. The disqualification (dismissal) will become effective the semester following the notification.

A student who is on academic or progress probation shall be subject to disqualification (dismissal) whenever the student meets one of the two conditions listed below:

1. Academic Disqualification (Dismissal)

Any student on academic probation for three semesters shall be subject to disqualification (dismissal)

2. Progress Disqualification (Dismissal)

Any student who is on progress probation for three semesters shall be subject to disqualification (dismissal) for lack of satisfactory progress.

Re-Admissions after Disqualification (Dismissal)

Students who have been disqualified (dismissed) may petition reinstatement after two semesters have elapsed. The student shall submit a written petition requesting readmission to the college in compliance with college procedures. Readmission may be granted, denied, or postponed subject to fulfillment of conditions prescribed by the college.

ASSOCIATE DEGREES, CERTIFICATES OF COMPLETION AND SKILL CERTIFICATES

West Los Angeles College provides educational programs that lead to transferring to four-year colleges and universities, as well as career programs that lead to Associate Degrees, Certificates of Completion, or Skill Certificates.

An **Associate in Arts (A.A.) or Associate in Science (A.S.) Degree** is granted to recognize a student's satisfactory completion of an organized program of study consisting of a minimum of 60 degree-applicable semester units. Students wanting an Associate Degree may obtain two years of career training along with selected general education courses in a chosen field. Students wanting only career-oriented courses may choose a Certificate program as their objective. A minimum GPA of 2.0 "C" or better is required for an Associate Degree.

A **Certificate of Completion** is issued in state-approved programs designed for students who are looking for instruction with a high degree of specialization. Certificate programs vary in length, but must have 18 or more semester units, and may be pursued on a full-time or part-time basis. Certificate programs are usually one-year educational programs that offer courses needed to prepare students for immediate employment. A Certificate program is specific, and no course substitution will be permitted unless approved by the department. A grade of "C" or better is required in each course required for the major.

A **Skill Certificate** is issued by the college for programs requiring 17 semester units or less. Skill Certificates are designed for those students who have limited time, or who wish to limit their commitment to a particular field of study. Students may seek increased job-related specialization, job advancement, or preparation for new employment. Courses that make up a Skill Certificate often apply toward a Certificate Program or Associate Degree. A grade of "C" or better is required in each course required for the major. Always consult a counselor for verification.

Completion of at least 12 units of work in residence and attendance at West Los Angeles College during the semester in which the requirements are completed is also necessary. During the final semester in which completion of requirements takes place, students should petition the Admissions office for Associate Degrees, Certificates of Completion or Skill Certificates. Units earned toward a Certificate may be applied toward an Associate Degree of the same major.

For both the Degree and Certificate programs, transcripts from all other colleges attended must be on file in the Admissions office. A 2.0 GPA is required for all Certificates as well as for graduation.

For students seeking immediate employment in a new position, or upgrading in their current position, the college offers the following degrees. Transfer programs are covered in the next section.

Associate Degrees

- Accounting
- Administration of Justice
- Anthropology
- Art – Ceramics
- Art – Drawing and Painting
- Aviation Maintenance Technician
- Biology
- Biology – Health Science
- Business
- Business Administration
- Chemistry
- Child Development
- Computer Applications and Office Technology (CAOT) – General Office
- Computer Applications and Office Technology (CAOT) – Word Processing
- Computer Science Information Technology – Application Software

- Communication Entertainment Media Arts – Theater Arts
- Computer Application and Office Technology – Legal Secretary
- Computer application and Office Technology – Medical Secretary/Medical Administration
- Computer Science Information Technology – Computer Network Management
- Jewish Studies
- Songwriters' Workshop
- Travel

Transfer Associate Degrees

The College offers the following Associate Degree transfer programs:

- Administration of Justice
- Anthropology
- Art
- Biology
- Biology – Health Science
- Business Administration
- Chemistry
- Child Development
- Computer Science Information Technology
- Economics
- Engineering
- English
- French
- Geography
- Geology
- History
- Liberal Arts
- Music
- Philosophy
- Physical Education
- Physics
- Political Science
- Psychology
- Sociology
- Spanish
- Speech

College Board Code for University Application 004964

For complete information on Transfer Associate Degree requirements, the student should refer to "Graduation Requirements" and to "Transfer Programs" in this section. Lower-division requirements of four-year colleges and universities are found under "Transfer Requirements." Because baccalaureate institutions differ in their majors' requirements, it is vitally important for transfer students to consult with a counselor before registration to get the best available information about courses they need to take.

GRADUATION REQUIREMENTS

The Board of Governors of the California Community Colleges has authorized the Los Angeles Community College District Board of Trustees to confer the degrees of Associate in Arts and Associate in Science.

The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry in the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in considering ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to a lifetime interest.

I. Unit Requirement – 60 to 64 units of course credit in a selected curriculum. One credit hour of community college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks.

II. Scholarship Requirement – A 2.0 GPA ("C") or better in all work attempted in the curriculum upon which the degree is based.

III. Competency Requirement – Students must demonstrate competence in reading, in written expression, and in mathematics. The following courses and examinations are approved to meet the competency requirement for the Associate Degree as defined in Board Rule 6201.12.

A. The competency requirement in reading and written expression may be met by:

A1. Completion of a course in college reading and composition with a grade of "C" or better: English 101.

A2. Completion of a course in intermediate composition with a grade of "C" or better: English 28.

B. The competency requirement in mathematics may be met by:

B1. Completion of Math 115, or 117 and 118, or a higher mathematics course with a grade of "C" or better,
Or

B2. Achieving a satisfactory score on the District Mathematics Competency Examination given by the Mathematics Department.

IV. Residence Requirement – Completion of at least 12 units of course work in residence and attendance at the College during the semester in which the graduation requirements are completed. Exceptions may be made under special circumstances.

V. Course Requirements – Students who are majoring in programs of study for which 18 to 35 units are required in the major shall complete Graduation Plan A. Students who are majoring in programs of study for which 36 or more units are required in the major shall complete Graduation Plan B.

REQUIREMENTS FOR A SECOND ASSOCIATE IN ARTS OR ASSOCIATE IN SCIENCE DEGREE

A student who contemplates acquiring a second associate degree should discuss this matter with a counselor to determine whether the student's goal would better be met by either a baccalaureate degree or occupational certificate, or whether acquisition of a second associate degree meets a bona fide occupational requirement. The requirements for a second associate in arts or associate in science degree for someone already having earned an associate, bachelor's or higher degree are as follows:

1. Completion of at least 30 NEW units, including those required by the new major. No units completed before the date of the last previous degree awarded can be used again.

2. A 2.0 GPA ("C") or better in all work attempted for the second degree.

3. Completion of at least 12 units of work in residence and attendance at West Los Angeles College during the semester in which the graduation requirements are completed.

4. Persons requesting a second degree must submit documentation of all college work completed elsewhere, including official transcripts documenting the first degree when filing a graduation petition for the second degree. The graduation petition must be filed in the Admissions office before the deadline date posted during the semester all requirements are being met.

5. General education requirements will be considered to have been met by the person who has an associate, baccalaureate or higher degree from an accredited institution. Students who plan to earn a bachelor's degree should take a pattern of courses designed to complete the lower-division preparation for their major, and the general education pattern of the college to which they will transfer. Students also have the option of choosing to follow the Intersegmental General Education Curriculum (IGETC) for CSU or UC campuses, or the CSU Certification requirements which will enable them to complete all their lower-division general education courses at West Los Angeles College.

Academics

TRANSFER REQUIREMENTS

Students who plan to earn a bachelor's degree should take a pattern of courses designed to complete the lower-division preparation for their major and the general education pattern of the college to which they will transfer.

Students also have the option of choosing to follow the Intersegmental General Education Curriculum (IGETC) for CSU or UC campuses, or the CSU Certification requirements which will enable them to complete all their lower-division general education courses at West Los Angeles College. West Los Angeles College can provide lower-division preparation for most majors at most California public and private four-year institutions.

For the purposes of classification, students who are paralleling the work of four-year colleges and universities are deemed to be "transfer students."

Two principal kinds of requirements must be met in order to attain full junior standing at the University of California or other institutions maintaining equivalent standards to which students expect to transfer.

1. Completion of the specific requirement for junior standing in the proposed college or university;
- Or
2. Completion of the lower-division prerequisites for upper division majors and minors prerequisites vary according to the institution of higher education in which students expect to enroll.

NOTE: Students expecting to transfer to four-year institutions should see a West Los Angeles College counselor and consult the catalogs of these institutions regarding specific requirements for upper-division standing.

MAJOR DEPARTMENTAL REQUIREMENTS

In addition to the preceding general requirements, students should complete the lower-division courses required by each department or curriculum. Consult the particular University of California or California State University catalog for complete information on the lower-division requirements for the desired major. The Counseling office assists in determining the appropriate courses at West Los Angeles College which meet the major department requirements. Completion of the above program with a total of 60 units, and meeting graduation requirements as described in this catalog entitles students to an Associate Degree at West Los Angeles College.

Courses Which May Be Used in the Plan:

1. Courses that are required for the major may also be used for general education.

2. A course found in more than one area may be counted only once.
3. Courses taken at other California Community Colleges are counted only in the area(s) where they are listed for that college.
4. Courses taken at a foreign institution may not be used on the UC/CSU Certified Plan.

CALIFORNIA STATE UNIVERSITY CERTIFICATION OF GENERAL EDUCATION REQUIREMENTS

Under agreement with the California State University system, West Los Angeles College can certify up to 39 units toward the general education requirements for a baccalaureate degree at any one of the campuses in the State University system. Under this certification process, the receiving college will accept the units certified toward completion of the general education requirements as the institution prescribes them. The college to which the student transfers would agree neither to reduce this number nor to question the units certified. It is important for the student to follow the required patterns as listed below and to take courses in as many different areas as possible. Students planning to transfer should consult with a counselor concerning these general education requirements as soon as they have determined the college they wish to attend, as the requirements are periodically revised.

NOTE: Every community college may apply its courses differently even if the course has the same title and number. See a counselor, particularly if taking courses elsewhere in the LACCD. Areas A1, A2, A3 and B4 must be completed with a grade of "C" or better before transfer to a CSU.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that students can use to satisfy lower-division general education requirements at any CSU and almost every UC campus. The IGETC is recommended for students intending to transfer to a UC campus, or for those students who are considering either a UC or CSU school. CSU-bound students also have the option of following the CSU Certification requirements. No "D" grades can be used on the IGETC.

Students should note that completion of the IGETC is not a requirement for transfer to a CSU or UC school, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC schools prior to transfer. Also, the IGETC is often not appropriate for students majoring in certain areas such as engineering or business administration. Interested students should consult with a counselor for detailed information and updated requirements.

WEST LOS ANGELES COLLEGE GENERAL EDUCATION CERTIFICATION

FOR THE CALIFORNIA STATE UNIVERSITY

EFFECTIVE FALL 2004 – SUMMER 2005

<p>CERTIFICATION: West Los Angeles College has an agreement with the California State University system through which students can complete all or part of the lower division general education requirements for any CSU campus by taking appropriate courses at WLAC. All CSU's require 39 units of lower-division general education and 9 upper-division units (to be taken at the CSU campus).</p>	COMPLETED	IN PROGRESS	NEED	OTHER COLLEGES
ELECTIVES:				

- (^l) Designates courses with a laboratory component
- (*) Designates a laboratory course
- (+) Designates a "same as" course
- (**) Designates U.S. History and Institutions CSU requirements
- (***) Designates courses that may be counted in one area only

FULL CERTIFICATION: If the entire 39-unit pattern described on this sheet is completed, WLAC will, upon student petition, certify on the student's transcript that all lower-division general education has been met.

PARTIAL CERTIFICATION: If the student completes any area (A through E), that area will, upon petition, be certified to the CSU system as having been completed. In all areas not certified, the student is responsible to fulfill those areas in accordance with the appropriate catalog of the university attended after transfer.

TO PETITION FOR CERTIFICATION: Toward the end of your final semester at WLAC, get a petition for Certification of General Education in the Admissions Office. Fill out the petition. Fill out this form; write in the courses used in the correct space. Attached the forms together and turn them in to the Admissions Office. Make an appointment with a counselor if you need help in completing this form.

PASS-ALONG POLICY: West Los Angeles College will certify CSU-certifiable courses taken at other community colleges using the same designated areas at the former college(s).

**OFFICIAL TRANSCRIPTS FROM COLLEGES OUTSIDE OF THE LACCD DISTRICT MUST BE ON FILE.
 STUDENTS ARE RESPONSIBLE FOR OFFICIAL TRANSCRIPTS FROM OTHER COLLEGES.**

WEST LOS ANGELES COLLEGE

IGETC

(Intersegmental General Education Transfer Curriculum)

FALL 2004 – SUMMER 2005

IGETC NOTES

CERTIFICATION: IGETC must be certified **PRIOR** to transfer. Certification of these units is not automatic. Certification must be requested in the Admissions Office when the student completes all of the IGETC requirements. Courses must appear on West's IGETC plan the year in which they are taken. Students should check each year with counseling office for any IGETC plan revisions. Students who leave the college, breaking continuous enrollment, will be placed under the IGETC plan in effect for the year that they return.

The Intersegmental General Education transfer Curriculum (**IGETC**) is an agreement by the California Community Colleges, the California State Universities, and the University of California on a common transfer plan. The **IGETC** consists of a series of courses which, if completed **prior** to transfer, allow Community College transfer students the opportunity to satisfy the lower-division general education requirement for any campus of the CSU or UC, without the need, after transfer, to take additional lower-division courses. The **IGETC** is advisable for students who have not yet decided on a major or a particular campus and who want to keep their options open before making a final decision about transferring to either a UC or CSU campus.

The **IGETC** can be certified for California Community College transfers who have also completed transfer units at a CSU, UC or independent college provided that the student has completed most of the transfer units at one or more California Community Colleges. A California Community College student is usually defined as one who has completed or will complete 30 or more total units at a California Community College. Students who initially enroll at a UC campus, then leave and attend a Community College, and subsequently return to the same campus are considered "**readmits**" to the University. Such students **cannot** use the **IGETC** – this is true at all UC campuses. However, students who enroll at a UC campus, then leave and attend a Community College, and subsequently return to a **different** UC campus may be able to use the **IGETC**, but students need to check with the campus they wish to attend. The last college attended is the college that certifies **IGETC**. You are eligible for **IGETC** certification after completing one course at **WLAC**.

IGETC must be completed in its entirety prior to transferring; students who do not complete it will be subject to the general education pattern at the UC campus to which they are transferring. Partial certification is available only under very **special circumstances**. See counselor for details. Students who do not complete it will be subject to the general education pattern at the **UC** campus to which they are transferring. Students who are **CSU** bound will still have the option of completing the **CSU certified plan**.

DOUBLE-COUNTING: UC will allow requirements completed as preparation for the major to be used in the IGETC whenever they appear.

PROFICIENCY IN A LANGUAGE OTHER THAN ENGLISH: Coursework completed **outside of the U.S. cannot be used** to satisfy IGETC, with the exception of the language other-than-English requirement. The language-other-than-English requirement can be satisfied if secondary/high school was completed in another country where the native language and language of instruction was not English without further evaluation of courses and grades. The student must present appropriate documentation of attendance at the secondary/high school. Students may also present an official school transcript for the sixth grade or higher showing two years of another language with "**C**" grades or better in a school where the language of instruction is other than English.

Students with a substantial amount of coursework from another country that may be transferable to a UC should consult with a counselor. It may be advisable to complete campus-specific general education or breadth requirements rather than IGETC.

Students whose native language is not English, and who have completed at least 9 years of education in that language, will not receive lower-division language or literature credit for college or university courses in that language taken in the U.S. (including Advanced Placement (AP) or International Baccalaureate (IB) Higher-Level Exam credit).

PLEASE NOTE: Only "**C**" grades or higher will be accepted on the IGETC (**no C-minus**), and credit/no credit courses are acceptable only if the college catalog defines credit as equivalent to a letter grade of "**C**" or higher.

WEST LOS ANGELES COLLEGE

FALL 2004 – SUMMER 2005

The listing below specifies the various majors, by UC campus, that have substantial lower-division prerequisites that may make the IGETC option inappropriate for UC transfer students to follow:

BERKELEY	<ul style="list-style-type: none"> ➤ College of Engineering ➤ College of Environmental Design (Architecture, Landscape Architecture, and City & Regional Planning) ➤ Haas School of Business ➤ College of Natural Resources
DAVIS	<ul style="list-style-type: none"> ➤ College of Engineering ➤ Environmental Policy Analysis and Planning
IRVINE	<ul style="list-style-type: none"> ➤ School of Engineering
LOS ANGELES	<ul style="list-style-type: none"> ➤ School of Engineering and Applied Sciences
RIVERSIDE	<ul style="list-style-type: none"> ➤ College of Engineering
SAN DIEGO	<ul style="list-style-type: none"> ➤ Division of Engineering ➤ Eleanor Roosevelt and Revelle Colleges will not accept IGETC
SANTA BARBARA	<ul style="list-style-type: none"> ➤ College of Engineering
SANTA CRUZ	<ul style="list-style-type: none"> ➤ College of Engineering

Advanced Placement (AP) SCORES: AP scores of 3 or higher can be used to satisfy any IGETC subject area **except English Composition, Critical Thinking and Oral Communication**. Even through credit for more than one course can be awarded by West.
For AP scores of 3 or higher, only one discipline can be used in each area on the IGETC.

COURSES COMPLETED AT OTHER COLLEGES: Courses that are completed at any **accredited** college can be used in the IGETC certification. Students should be aware; that **coursework from other California Community Colleges will be applied in the IGETC category determined by the original college**. Students may petition in the Admissions Office to use courses taken at a UC, CSU, or private or out of state school. Petitions will be evaluated to determine if courses are equivalent to those on the West IGETC plan.

The critical thinking area can only be satisfied by taking a class at a California Community College.

WEST LOS ANGELES COLLEGE
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM
FOR TRANSFER TO CSU AND UC
FALL 2004 – SUMMER 2005

At least 60 (CSU) or 60 (UC) transferable semester units are required for admission; IGETC represents approximately 35–40 units.

	Completed	In Progress	Need	A.P. Exam	Other
AREA 1 – ENGLISH COMMUNICATION CSU – 3 courses, one from each group below. UC – 2 courses, one each from group A and B.					
Group A: English Composition – 1 course; 3 semester units, 4–5 quarter units English 101 Courses taken at other colleges: _____					
Group B: Critical Thinking – English Composition – 1 course, 3 semester units or 4–5 quarter units English 103 Courses taken at other colleges _____					
Group C: Oral Communication – (CSU only) 1 course, 3 semester units or 4–5 quarter units Speech 101, 102, 104, 151 Courses taken at other colleges: _____					
AREA 2 – MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING 1 course, 3 semester units or 4–5 quarter units Math 227, 235+, 236+, 245+(F. 03), 260+, 261+, 262+, 263, 270, 275 Courses taken at other colleges: _____ AP Exam _____					
AREA 3 – ARTS AND HUMANITIES At least 3 courses with at least one from the ^Arts and one from the ^Humanities. 9 semester units or 12–15 quarter units. The third course can be taken either from the Arts or the Humanities. Arts: Art 101, 102, 103 Cinema 3, 107 Music 111, 112, 122, 133 (F. 03), 141 Theater 100, 110, 505 Humanities: English 102, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 215, 219, 233# (same as Jewish Studies 6) 234, 239, 240, 250, 254 Humanities 1, 30, 31, 60, 77 Jewish Studies 3, 6# (same as Eng 233), 26, 27 Philosophy 1, 3, 20, 33, 24; Spanish 2, 3, 4, 5, 6 French 3, 4, 5, 6, 10# Courses taken at other colleges: _____ AP Exam _____					
AREA 4 – SOCIAL AND BEHAVIORAL SCIENCES At least 3 courses from at least two disciplines, 9 semester units or 12– 15 quarter units African American Studies 2, 4, 5 Anthropology 102, 103, 121 Chicano 8# (same as History 44) Economics 1, 2 Geography 2 History 1, 2, 11+**, 12+**, 13+**, 22#, 29 (F. 03), 41+**, 42+**, 43+**, 44+***, 52 Political Science 1**, 2, 7, 8, 14 Psychology 1 Sociology 1 Courses taken at other colleges: _____ AP Exam _____					
AREA 5 – PHYSICAL AND BIOLOGICAL SCIENCES 7–9 semester units or 9–12 quarter units. At least 2 courses required; one Physical Science course and one Biological Science course; at least one must include a laboratory. Physical Science Astronomy 1 Chemistry 101 ^l , 102 ^l , 60+ ^l , 51+ ^l , 12, 13*, Earth Science 1 Environmental Science 1, 12, 13* Geography 1, 3#, 15* Geology 1, 2, 6*, 7* Meteorology 3# Oceanography 1 Physics 6+ ^l , 7+ ^l , 12+, 14*, 38 + ^l , 39+ ^l Biological Science Anatomy 1 ^l Anthropology 101, 111* (F. 03) Biology 3A+ & 3B*, 4, 5A+ & 5B*, 6+ ^l , 7+ ^l , 10 ^l Environmental Science 2 Microbiology 20 ^l Physiology 1 ^l Psychology 2 Courses taken at other colleges: _____ AP Exam _____					
LANGUAGE OTHER THAN ENGLISH (UC REQUIREMENT ONLY) Proficiency equivalent to two years of high school, with a grade of "C" or higher, in the same language OR Earn a score of 3 or higher on the Foreign Language AP Exam or 550 on the College Board Achievement Test in Foreign Language OR Complete 1 course from the following: French 1, Spanish 1or Spanish 21 & 22 Courses taken at other colleges: _____ AP Exam _____					
CSU GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS (This requirement is in addition to IGETC and may be completed at the community college prior to transfer.) Courses used to meet this requirement may not be used to satisfy requirements for IGETC. CSU – 6 units, one course from Group 1 and one course from Group 2. Group 1: Political Science 1** Group 2: History 11**, 12**, 13**, 41**, 42**, 43**, 44+**					

Designates courses that are cross-listed.
 + Designates courses in which transfer credit may be limited by UC, CSU or both. Please consult with a Counselor.
 ** Designates courses that may be counted in one area only. (l) Designates courses with a laboratory.
 ^ The third course can be taken from the Arts or Humanities (*) Designates a laboratory course

IGETC LIMITS ON UC TRANSFERABLE COURSES FALL 2004 – SUMMER 2005

A credit limit exists on the number of units/course that the University of California will accept. The exact credit limit is shown in each set of courses. For Directed Study, see the *Directory of Education Programs and Courses*.

ACCT 21 and 22 combined equals ACCT 1	Maximum credit, 5 units
AFRO-AM ST 4 combined with Hist. 11, 43	Maximum credit, one course
AFRO-AM ST 5 combined with Hist. 12, 13, 44	Maximum credit, one course
BIOLOGY 3 and 5 combined	Maximum credit, one course
BIOLOGY 3, 5	No credit if taken after BIOLOGY 6 or 7
BIOLOGY 3, 3A, 3B combined	Maximum credit, 4 units
BIOLOGY 5, 5A, 5B combined	Maximum credit, 4 units
CHEM 51 and 60 combined	Maximum credit, one course
CHEM 51, 60	No credit if taken after CHEM 101
CHEM 70, 211, 212 combined with 221	Maximum credit, two courses
CHEM	No credit for PHYS SCI 1 if taken after a transferable course in ASTRO, CHEM, GEOL or PHYSICS
ENG 86, combined with ESL5A and 6A	Maximum credit, 8 units
GEOL	No credit for PHYS SCI 1 if taken after a transferable course in GEOL
HEALTH 2 and *PE courses combined	Maximum credit, 4 units
HIST 11, 41, 43 combined	Maximum credit, one course
HIST 12, 13, 42, 44 and Chicano 8 combined	Maximum credit, one course
HIST 14	No credit if taken after HIST 11
Independent Study Directed Study	Please NOTE that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus
JAPANESE 21 and 22 equal Japanese 1	Maximum credit, 5 units; Both must be taken for credit to be given
LAW 1 and 2 combined	Maximum credit, one course
LIB SCI 101 and 103 combined	Maximum credit, one course
MATH 245 and 260 combined	Maximum credit, 4 units
MATH 235, 236, combined 261 and 262	Maximum credit, two courses
*PHYS ED 102 through 287	Maximum credit, 4 units
PHYS ED 470 any or all of these (+) PE courses combined	Maximum credit, 4 units
PHYS ED 522 any or all of these (+) PE courses combined	Maximum credit, 4 units
PHYS ED 523 any or all of these (+) PE courses combined	Maximum credit, 8 units
PHY SCI 1	No credit if taken after a college course in ASTRO, CHEM, GEOL, or PHYSICS
PHYSICS 6 and 7 combined with 37, 38, and 39	Maximum credit, one series
PHYSICS 12	No credit if taken after PHYSICS 6, 7, or 37, 38, 39 series
PHYSICS 37, 38, 39*	* Subject to limitations with combined other PHYSICS courses if there is any duplication
SPANISH 1	Equals two years of high school study
SPANISH 21, 22	Maximum credit, 5 units. Both courses must be taken for credit to be given.
ENG 101, 102, 103, 127	Distance learning versions not approved for transfer.

Major Requirements

The following section details the curriculum to be followed for every Major and Certificate program given at the college. Students should refer to the "Graduation Requirements" section for additional information. Check prerequisites before scheduling courses. Students are encouraged to seek assistance from counselors and faculty. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who want to also obtain an Associate Degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for an Associate Degree).

ACCOUNTING

ANTHROPOLOGY

MAJOR CODE 2202.00

"PLAN A"

ASSOCIATE IN ARTS DEGREE

The Associate Degree program in Anthropology is designed for those who want to complete a baccalaureate degree in the field at a four-year institution. Professional opportunities with such curriculum could lead to a career in archaeology, linguistics, the social and natural sciences, international affairs, urban renewal, social welfare, museum work, the National Park Service, conservation programs, ergonomics, and forensics. Anthropology also provides valuable background for those seeking careers in such fields as marketing, sociology, psychology, social work, medicine, nursing and mental health, the foreign service and trade, geriatrics, child development, journalism, documentary film production, and the legal professions.

Students who wish to obtain an associate degree in Anthropology may do so by completing the course requirements listed below plus all other WLAC requirements for an associate degree. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an Associate Degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for an Associate Degree).

ASSOCIATE OF ARTS DEGREE

SKILL CERTIFICATE

The Associate Degree program in Art enables a student to transfer to a baccalaureate program at a four-year institution. The Art curriculum has been planned for those intending to enter the fields of design, illustration, art history, and art education.

Students who wish to obtain an associate degree in Art may do so by completing the course requirements listed below plus all other WLAC requirements for an associate degree. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who also want to obtain an Associate Degree may do so by completing all WLAC general education requirements, plus at least 18 units in the major as required by the transfer institution (a total of 60 units for an Associate Degree).

ASSOCIATE DEGREE - CERAMICS OPTION (30 UNITS)

REQUIRED COURSES		UNITS
ART 101	Survey of Art History I	3
ART 102	Survey of Art History II	3
ART 201	Drawing I	3

ASSOCIATE OF SCIENCE DEGREE

CERTIFICATES OF COMPLETION

SKILL CERTIFICATES

To meet the aerospace industry's demand for well-trained, certificated aircraft mechanics, the college offers an Aviation Maintenance Technician Associate Degree, an Airframe Maintenance Technician Certificate, and an Aircraft Powerplant Technician Certificate. Upon qualifying by written, oral, and practical examinations, students are issued Federal Aviation Administration licenses.

Skill Certificate in Avionics (Aviation Electronics) is given for the successful completion of each of two modularized courses designed to improve the knowledge and job skills of Aircraft Maintenance Technicians who are working or wishing to work in the field of Avionics. Emphasis is on the work carried out by technicians holding an FAA Airframe license.

While receiving training in hydraulic system trouble-shooting, sheet metal repairs, covering and finishing, welding, and alignment and rigging of aircraft, Aviation Maintenance students use a repair station and three well-equipped laboratories as they work through their hands-on, modularized sequence of courses.

NOTE: The Aircraft Maintenance program is a continuing program with classes starting every eight weeks, and full-time, year-round schedules.

NOTE: Subject credit for courses may be obtained at Cal State San Jose and Cal State Los Angeles, as well as at National University after transfer with an A.S. Degree.

CREDIT FOR FAA LICENSES:

Thirty units of credit toward the A.S. Degree may be waived if a student has an FAA Airframe license. Similarly, 30 units of credit toward the A.S. Degree may be waived if a student has an FAA Powerplant license. If a student has both licenses, a total of 60 units may be allowed toward the A.S. Degree. To be awarded an A.S. Degree, the student must also complete all general education requirements plus 12 units of residency requirement at WLAC.

If a student desires to earn an Associate Degree, general education courses required for graduation should be taken as they fit into his or her schedule.

NOTE: Aviation Maintenance Technician Classes 1-24 must be completed with a grade of "C" or better. Students must have a minimum 2.0 GPA in Aviation Maintenance Technology prior to enrollment in AVIATEK 23 and 24.

SKILL CERTIFICATE IN RADIO BROADCASTING (15 UNITS)

The Radio Broadcasting curriculum is designed to provide study and training leading to an occupation for students seeking employment in the radio broadcasting industry.

REQUIRED COURSES UNITS

BRDCST 1	Fundamentals of Radio/TV Broadcasting	3
BRDCST 7	Radio Announcing	3
BRDCST 12	Broadcasting Station Operation	3
BRDCST 14	Broadcasting Station Management	3
BRDCST 931	Cooperative Education	3

SKILL CERTIFICATE IN THEATER ARTS (15 UNITS)

This Certificate offers theater courses designed to refresh and update play writing, Theater history, management, and acting skills for live theater, as well as acting for television, film and virtual stage of multimedia.

REQUIRED COURSES UNITS

THEATER 100	Introduction to the Theater	3
THEATER 110	History of the World Theater	3
THEATER 200	Introduction to Acting	3

PLUS 6 UNITS FROM THE FOLLOWING:

SPEECH 130	Introduction to Oral Interpretation (Same as Theater 210)	3
SPEECH 135	Storytelling	3
THEATER 130	Playwriting	3
THEATER 200	Introduction to Acting	3
THEATER 233	Play Production	3
THEATER 240	Voice and Articulation for the Theater (Same as Speech 111)	3
THEATER 265	Movement for the Actor	2
THEATER 271	Intermediate Acting	2
THEATER 275	Scene Study	3
THEATER 278	Film and Television Acting	3
THEATER 285	Directed Study - Theater	2
THEATER 300	Introduction to Stage Craft	3
THEATER 501	Introduction to Motion Picture Production	3
THEATER 505	History of Motion Pictures and TV (Same as Cinema 3)	3
THEATER 911	Cooperative Education - Theater	1
THEATER 921	Cooperative Education - Theater	2
THEATER 931	Cooperative Education - Theater	3
THEATER 941	Cooperative Education - Theater	4

CRIMINAL JUSTICE

(SEE ADMINISTRATION OF JUSTICE)

CUSTOMER SERVICE

(SEE BUSINESS)

DENTAL HYGIENE

MAJOR CODE 1204.20

"PLAN B"

ASSOCIATE IN SCIENCE DEGREE

(ADMISSION BY SPECIAL SELECTION)

The dental hygienist, as a member of the dental health team, is qualified by education and license to provide primary care to patients for the maintenance of oral health and the prevention of oral disease. Under supervision of the dentist, the hygienist removes deposits and stains from teeth, applies agents to help prevent tooth decay, prepares clinical tests and provides oral health instruction.

The Program in Dental Hygiene is accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the Commission on Recognition of Post Secondary Accreditation, and by the United States Department of Education. Admission to the Dental Hygiene program is by special selection. The admission requirements are available from the Counseling Office or the Dental Hygiene Department.

Dental Hygiene classroom and laboratory facilities are located on campus at West Los Angeles College. The facility consists of four modern dental units where the students do pre-clinical work. In addition, the facility has four radiology units where radiographs are taken on models. The students provide dental hygiene services to patients at UCLA Dental Clinic, Wadsworth Veterans Hospital, Cedar-Sinai Hospital, Inglewood Children's Center and the UCLA Venice Clinic. Students also observe and participate in various specialty clinics at UCLA which include radiology, pedodontics, periodontics, oral surgery and hospital dentistry. For more information, call (310) 287-4342 or come to the Dental Hygiene office in Bldg. A-9.

In the curriculum below, courses are planned in sequence. Satisfactory completion of all courses with a grade of "C" or better in a given semester is required before the student may continue to the next semester in Dental Hygiene. It is necessary to obtain at least a grade of "C" in all courses in order to continue in the Dental Hygiene Program. All required courses in each semester are co-requisites and prerequisites for the subsequent semester. Candidates for graduation must satisfactorily complete the Dental Hygiene Program according to the State of California Dental Practice Act guidelines for curriculum. With the approval of the Dental Hygiene Department, a candidate may qualify to take the Dental Hygiene National Board Examination, the State Board Examination, and earn an Associate in Science Degree.

NOTE: Courses are open only to students accepted into the Dental Hygiene Program. Students must complete history, mathematics and humanities courses before or during the program, as indicated in Plan B of the General Education Requirements for an associate degree. The Health requirement is waived for those who receive their A.S. Degree. See a counselor for your Plan B general education requirements.

MAJOR CODE 1004.00

"PLAN A"

ASSOCIATE IN ARTS DEGREE

SKILL CERTIFICATE

The Music curriculum is designed to meet the requirements for students matriculating to a baccalaureate-level program at four-year colleges, and to prepare students for many music vocations and careers.

Students who wish to obtain an associate degree in Music may do so by completing the course requirements listed below plus all other WLAC requirements for an associate degree. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who want to also obtain an Associate Degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for an Associate Degree).

ASSOCIATE DEGREE (33 UNITS)

REQUIRED COURSES

UNITS

Major Requirements

PARALEGAL STUDIES

MAJOR CODE 1402.00

PLAN "B"

ASSOCIATE IN ARTS DEGREE
CERTIFICATE OF COMPLETION

A paralegal is a person, qualified by education, training or work experience who is employed or retained by a lawyer, law office, corporation,

governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.

Paralegals may not provide legal services directly to the public except as permitted by law.

IMPORTANT: In order to be admitted into the Paralegal Studies Program, you must submit an application for admission directly to the Program Director prior to taking any classes. Please contact the Program Director, Nikki Jacobson, at (310) 287-4438 or via e-mail at JACOBSN@WLAC.EDU.

PARALEGAL PROGRAM OBJECTIVES

1. The Paralegal Studies Program is designed to prepare the student to assist the attorney in both private and public sectors in all phases of legal work and to equip the student with the knowledge necessary to enter the legal service fields as an entry-level paralegal.
2. To insure quality paralegal education at the community college level.
3. To familiarize students with the legal system and the role of the paralegal in the delivery of legal services in the public and private sectors.
4. To train students to be prepared to use and apply the most current paralegal skills.
5. To educate students to intelligently and ethically serve the legal community.
6. To train students in critical paralegal skills such as investigation, legal research, interviewing, written and oral communications.
7. To educate, train and provide students with the theoretical background to perform the paralegal's tasks in substantive areas of law and legal specialties.
8. To educate and train students in areas of procedural law emphasizing the paralegals role in litigation, mediation and arbitration.
9. To educate students about the general principles of ethical legal practice as defined by the American Bar Association's Standing Committee on Ethics and Professional Responsibility, and California's Business & Professions Code §6450.
10. To encourage students to contribute to the advancement of the legal profession.
11. To provide counseling during the program and to assist students in preparing for and obtaining meaningful careers in the paralegal field. According to the Department of Labor, the demand for paralegals is expected to grow as an increasing population requires additional legal

services. Paralegal and legal assistant positions are projected to grow faster than the average for all occupations through 2010. Employment growth stems from law firms and other employers with legal staffs increasingly hiring paralegals to lower the cost and increase the availability and efficiency of legal services. The majority of job openings for paralegals in the future will be new jobs created by rapid employment growth, but additional job openings will arise as people leave the occupation. The starting salaries of a paralegal with one year or less experience averaged \$38,100 in 1999.

NOTE: This program is not designed for preparation for law school admission. Students should consult catalogs of law schools of their choice or a counselor when planning to attend law school.

ASSOCIATE DEGREE

Earn an Associate in Arts degree with a Legal Assistant major by completing 60 semester units including all major requirements and general education courses (Plan B) and selected electives as listed in the college catalog. A counselor must be consulted by all students in this program.

NOTE: Students must complete English 101 with a grade of "C" or better.

SOCIOLOGY

MAJOR CODE 2208.00

"PLAN A"

ASSOCIATE IN ARTS DEGREE

The Sociology curriculum meets common lower-division requirements while emphasizing the cultural background and analytic skills required of Sociology majors in four-year institutions.

A background in Sociology is useful in almost any career in government, law, business, or non-profit organizations. Advanced degrees in Sociology prepare one to do research or analysis of data for government agencies from the Census Bureau to the Center for Disease Control, from city planning agencies to local police forces. Sociologists are employed by large businesses, advertisers, management consultants, and life insurance companies. They work in "think tanks," do individual and family counseling, work in education at the secondary level, and in colleges and universities as well.

Students who wish to obtain an associate degree in Sociology may do so by completing the course requirements listed below plus all other WLAC requirements for an associate degree. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice.

Transfer students who want to also obtain an Associate Degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for an Associate Degree).

ASSOCIATE DEGREE (27 UNITS) REQUIRED COURSES

West Los Angeles College's Travel program - one of the nation's largest - will prepare you for one of the world's fastest growing and most gratifying industries.

Our courses prepare students for careers in most segments of the travel industry: touring, lodging, the airline industry, cruising, destination promotion, event planning, airport operations and travel agencies. Job advancement in the field often comes quickly and the business lends itself to entrepreneurs, home-based workers and career changers as well.

For more information, visit our Travel Department Web site at www.travelclasses.com

ASSOCIATE DEGREE (36 UNITS)

The Associate in Arts Degree in Travel is designed for student who seeks a rewarding career as a travel professional. To fulfill the degree requirements, you must complete 12 of the 3-unit travel classes listed below (36 units total), plus 24 semester units of general education subjects as

described in this catalog, for a total of 60 semester units.

REQUIRED COURSE

	UNITS
TRAVEL 100 Introduction to the Travel Industry	3

AND

AT LEAST 11 COURSES FROM THE FOLLOWING:

TRAVEL 110 Airline Computer Reservations APOLLO	3
TRAVEL 115 Airline Computer Reservations SABRE	3
TRAVEL 130 Geography of North America, Hawaii and the Caribbean	3
TRAVEL 135 Geography of Europe and the Middle East	3
TRAVEL 137 Geography of Asia, Africa, South America & the South Pacific	3
TRAVEL 140 Travel Industry Marketing and Sales	3
TRAVEL 155 Tour Escorting, Planning and Operations	3
TRAVEL 161 How to Run a Travel Business	3
TRAVEL 175 Meeting/Convention and Incentive Planning	3
TRAVEL 180 Cruise Sales Specialization	3
TRAVEL 186 Internet Travel Research	3
TRAVEL 200 Introduction to the Airline Industry	3
TRAVEL 300 Introduction to the Hospitality Industry	3
TRAVEL 305 Hotel and Restaurant Supervision	3
TRAVEL 931 Cooperative Education/Travel (Internship)	3

The Travel Department also offers a Skills Certificate and a Certificate of Completion that reflect increasing levels of knowledge and preparation for employment in Travel. Requirements are highly flexible, permitting you to tailor your course selection to your interests and intended career path:

SKILL CERTIFICATE - BASIC TRAVEL (12 UNITS)

MAJOR CODE 300900

This certificate is designed for Travel students who wish to acquire fundamental knowledge of the travel business, the kind necessary for entry-level positions. To earn this certificate, you must complete Travel 100 and any three additional 3-unit Travel courses from the above list, for a total of 12 units.

CERTIFICATE OF COMPLETION - ADVANCED TRAVEL (30 UNITS)

MAJOR CODE 300901

This certificate is designed for Travel students who want to attain a deeper understanding of multiple sectors of the travel industry and further enhance their employability. To earn this certificate, you must take an additional six 3-unit Travel courses (18 additional units), selected from the above list, for a total of 30 units.

In order to receive the skills certificate or certificate of completion described above, or an AA degree in Travel, you must submit a petition to the Admissions Office during the semester in which the requirements will be completed. (To determine the deadline for petitions, consult the schedule of classes.) For certificates, all travel courses must be completed with a grade of "C" or better. For an AA degree, you must have completed all courses with a grade-point average of "C" or better.

Course Descriptions

INTERPRETING CATALOG INFORMATION

The courses offered at West Los Angeles College are listed alphabetically and include brief course descriptions. The number in parentheses "(3)" following the course title indicates the credit value of the course in semester units. Each unit represents one hour per week for lecture or recitation, or two or more hours per week of laboratory work. Some courses may be repeated for credit. For example, (RPT 3) indicates that the course may be repeated three times for credit.

Prerequisites are stated if the course requires them. If the number of hours in which a class meets differs from the number of units, the course description states the actual number of lecture and/or laboratory hours.

All courses that meet the major requirement of the educational programs listed in this catalog may be applied towards graduation requirements for the Associate Degree. All transfer courses may be applied to the Associate Degree. Some courses which are offered for college credit, but which cannot be applied toward graduation requirements for the Associate Degree, are designated by the code NDA (non-degree applicable). Transfer courses are acceptable for credit at all the University of California (UC) and California State University (CSU) campuses according to the following codes:

University of California (UC)

Courses so designated are acceptable for credit at all campuses of the University of California.

California State University (CSU)

Courses so designated are acceptable for credit at all campuses of the California State University. Courses designated (CSU) are certified as being appropriate for baccalaureate degree credit for determining admission eligibility as an undergraduate transfer student. If nothing appears after the course title, then the course is not transferable. For specific course equivalents, see a counselor.

California Articulation Numbering System (CAN)

Courses listed with a (CAN) designate those that are identically listed in the California State University and University of California higher education systems. The basic premise of the CAN numbering system is that identically-numbered CAN courses are acceptable "in lieu of" each other and will assist students and counselors in decisions concerning transfer to those systems. While the courses are comparable, they are not necessarily identical. Additional courses with the CAN designation are added on an ongoing basis. See the last page of this chapter for CAN-designated classes.

Course Repeatability for Credit

The symbol RPT identifies courses which may be taken more than once for credit. The number which follows the RPT symbol, e.g. (RPT 3) indicates the number of times a course may be repeated for credit.

Course Prerequisite Policy

To help students succeed in classes, many courses in this catalog list either required or "recommended" prerequisites or corequisites. (Anything listed after "Prerequisite" is required; recommended prerequisites simply say "Recommended.") "Prerequisite" means the preparation or previous coursework is considered necessary for success in the course. "Corequisite" refers to concurrent enrollment in another course, and unless indicated as "Recommended," is required. Although it is not absolutely mandatory for a student to have met the recommended prerequisites to be successful, the college strongly advises students to complete such prerequisites as

pre-enrollment preparation. Every effort has been made in this catalog to list only required or recommended prerequisites that have been established or reviewed in accordance with current Title 5 regulations.

Required Prerequisites Include:

1. Courses for which specific prerequisites have been validated in accordance with Title 5 regulations.
2. Sequential coursework in a degree program.
3. Courses in which a prerequisite is necessary for transfer to a four-year college.

Students who have questions about prerequisites should consult a college counselor or an instructor before registration.

Required Prerequisite Challenge Procedure:

Students may petition to challenge a prerequisite. A waiver requires written explanation of alternative course work, background, or abilities which adequately prepare students for the course. Prerequisite challenge petitions are available in the Admissions Office, Student Entry Center, or Assessment Office.

Reasons for seeking a prerequisite challenge must include one or more of the following:

1. The prerequisite course is not available.
2. The student has reason to believe the prerequisite has not been validly established and is in violation of Title 5 regulations.
3. The student has the knowledge or ability to succeed in the course without meeting the prerequisite.
4. The student believes the prerequisite is discriminatory or being applied in a discriminatory manner.

ACCOUNTING

(Also see Business)

1 Introductory Accounting I (5) UC:CSU

This course emphasizes basic accounting theory and practices which include an analysis of records of original entry and their relationship to the general ledger, controlling accounts and their subsidiary ledgers, the voucher system, periodic adjustments, worksheets, financial statements, and closing the ledger.

NOTE: Same as Accounting 21 plus Accounting 22.

2 Introductory Accounting II (5) UC:CSU

Prerequisite: Accounting 1 or Accounting 22 with a grade of "C" or better, or equivalent.

Accounting principles and procedures relating to partnerships and corporations, accounting for manufacturing, cost accounting, branch and departmental accounting, interpretation of financial statements, supplementary statements, data processing and management controls are covered. This course is acceptable for Management 1B credit, UCLA.

15 Tax Accounting I (3) CSU

Prerequisite: Accounting 1 or equivalent.

In this course, tax laws, accounting procedures, and preparation of returns required for federal and California State individual income taxes are covered.

Course Descriptions

16 Tax Accounting II (3) CSU

Prerequisite: Accounting 15.

This course deals with tax laws, accounting procedures and preparation of state and federal tax returns required for partnerships, corporations, estates and trusts. Federal and state tax returns for inheritance and gift taxes will also be considered, along with a review of individual tax returns to update students on new tax laws and forms.

17 Payroll Accounting (2)

This course presents methods and procedures of compiling payroll records and preparation of payroll tax returns required by state and federal laws, including state and federal unemployment and social security, insurance and worker's compensation reports.

20 Managerial Accounting (3) CSU

Prerequisite: Accounting 2 with a grade of 'C' or better.

The application of accounting analysis to business decision making, planning, and control is presented. The emphasis is on the usefulness and appropriateness of data.

21 Bookkeeping and Accounting I (3) UC:CSU

Fundamentals of double-entry bookkeeping, preparation of the trial balance, worksheets and simple financial statements, use of controlling accounts, and the control of cash and bank reconciliation statements are presented. Credit allowed only for either Accounting 1 or 21.

Accounting 21 and 22 together equal Accounting 1.

NOTE: UC Transfer Credit Limit: A maximum of 5 units from Accounting 1, 21 and 22 will be acceptable for UC credit.

22 Bookkeeping and Accounting II (3) UC:CSU

Prerequisite: Accounting 21 or equivalent.

The voucher system; payroll accounting; accounting of notes, bad debts, inventories, cost of goods sold, fixed assets, depreciation, adjustments and interim statements are presented. Together with Accounting 21, these courses equal Accounting 1.

NOTE: UC Transfer Credit Limit: A maximum of 5 units from Accounting 1, 21 and 22 will be acceptable for UC credit.

25 Automated Accounting Methods and Procedures (3)

Prerequisite: Completion of one semester of Accounting Principles (or equivalent), through and including material on payroll accounting, with a grade of "C" or better.

Using the computer, this introduction to accounting will provide information and practice in the basic machine operations, plus instruction in the following areas: general ledger, depreciation, accounts receivable, accounts payable, and payroll. Real-world applications will be stressed throughout the course.

ADMINISTRATION OF JUSTICE

(See Corrections for additional course offerings.)

(Also known as Public Safety Training)

1 Introduction to Administration of Justice (3) UC:CSU

The philosophy and history of law enforcement are presented, as well as an overview of crime and police problems, the organization and jurisdiction of local, state and federal law enforcement agencies, a survey of professional career opportunities, and the qualifications required for entry into a career in Administration of Justice.

NOTE: UC Transfer Credit Limit: A maximum of one course from Administration of Justice 1 or 4 will be acceptable for UC credit.

2 Concepts of Criminal Law (3) UC:CSU

The structure, definitions, and the most frequently used sections of the Penal Code and other criminal statutes are covered.

3 Legal Aspects of Evidence (3) CSU

A careful study of the kinds and degrees of evidence and the rules governing the admissibility of evidence in court is made.

4 Principles and Procedures of the Justice Systems (3) CSU

Procedures from incident to final disposition, including the police, prosecution court and correctional process, and principles of constitutional, federal, state and civil laws are considered as they apply to and affect law enforcement. Theories of crime and punishment are included.

5 Criminal Investigation (3) CSU

This course covers the fundamentals of investigation; crime scene search and recording, collection and presentation of physical evidence; scientific aids; modus operandi; sources of information; interviews and interrogation; follow up, and case preparation.

6 Patrol Procedures (3) CSU

Prerequisite: Administration of Justice 1.

This course is a study of the responsibility, techniques and methods of police patrol. Topics include patrol distribution, selective enforcement, pullover and approach methods, emergency pursuit driving, search of suspects and buildings, field interrogations, procedures in the handling of calls for police service and special police problems.

7 Traffic Control (3) CSU

This course covers traffic control and collision investigation. The major violations of the California Vehicle Codes are examined with an emphasis on traffic safety. Basic vehicle operations and driving tactics are reviewed.

NOTE: This course prepares students for the written portion of Driver's Education when taught by an instructor with DMV certification.

8 Juvenile Procedures (3) CSU

This course is a study of the organization, functions and jurisdiction of juvenile agencies; the processing and detention of juveniles; juvenile case disposition; juvenile statutes and court procedures.

9 Defensive Tactics (1) CSU

This is a weaponless self-defense course originally designed for law enforcement personnel as a protection against persons attacking them. Special emphasis will be placed on demonstrating a limited number of restraint and control techniques. Physical fitness and upper body strength exercises will be emphasized as well.

11 First-Aid in Law Enforcement (1) CSU

This course will focus on the initial response to an accident or an emergency, and the immediate care given to victims. Students will be able to recognize and classify common injuries into general classifications for law enforcement purposes. CPR will be demonstrated.

14 Report Writing for Peace Officers (3) CSU (Same as English 130)

This course includes the study of and practice in preparing various types of reports required by the criminal justice system, review of basic writing skills, technical and legal terminology, and the requirements for preparation of legally admissible documents.

Course Descriptions

15 Police Supervision (3) CSU

Prerequisite: Employment in law enforcement.

This course is specifically designed to prepare law enforcement officers for the duties and responsibilities of a police supervisor. It is primarily concerned with supervisory functions, techniques and the underlying principles governing their applications.

16 Recruitment Selection Process (3) CSU

This course provides in-depth coverage of the legal selection process, and is designed to assist students in becoming employed in a law enforcement agency. The course includes written exam techniques, information on the agility exam, and an explanation of background investigations, psychology tests, medical exams, and practical ways to assist the candidate through the academy.

39 Probation and Parole (3) CSU

This course provides students with the history and development of probation and parole. Special emphasis will be placed on the relationships between the police, courts and corrections.

42 Advanced Criminal Law (3) CSU

Prerequisite: Administration of Justice 2.

This course is the study of criminal law with special emphasis on major crimes of particular interest to peace officers. It examines penal provisions in state codes and leading case law.

49 Narcotics and Vice Control (3) CSU

This is a survey course that will examine the various types of drugs and narcotics found in society today, and a study of vice violations. Special consideration will be given to identifying street drugs, drug enforcement procedures, and a look at common vice violations such as gambling, prostitution, liquor violations, and loan sharking.

60 Arrest, Search and Seizure (3) CSU

This course covers information regarding powers of arrest, search and seizure for peace officers with limited police powers. The main topics for this course are laws of arrest, arrest and control methods, and communication. This course meets the curriculum requirements for the Commission on Peace Officer Standards and Training, P.C. 832 Laws of Arrest, and Board of Corrections, Standards and Training for Corrections when certified.

62 Fingerprint Classification (3) CSU

This is a practical course which covers the technical terminology of fingerprinting, pattern interpretation and classification of fingerprinting, searching and filing procedures. Time will also be devoted to laboratory work in the classroom. A skills award will be awarded on successful completion of this course.

67 Community Relations I (3) UC:CSU

This course offers an in-depth exploration of the roles of Administration of Justice practitioners and their agencies. Through interaction and study, students become aware of the interrelationships and role expectations among the various agencies and the public. Primary emphasis is placed upon the professional image of the Justice Administration system, and the development of positive relationships between members of the system and the public.

75 Introduction to Corrections (3) CSU

This basic course deals with the nature of correctional work; the aims and objectives of Correctional Administration; probation and practices; skills, knowledge and attitudes required for employment in this field; types of institutions and services, and career opportunities.

83 Introduction to Security (3)

This is a basic course dealing with the historical, philosophical and legal background of the security services function. The interrelationships with allied agencies and individuals; the role of security in contemporary society; and a survey of career opportunities and required qualifications also are presented.

86 Issues in Law Enforcement (3)

This course surveys literature and media presenting the issues, problems and perceived image of law enforcement.

87 Campus Patrol (3)

Students will attend roll-call training sessions and put in time weekly patrolling the campus, working as crowd and traffic control for special events, and assisting campus police.

101 Police Academy – Extended (18) CSU

Prerequisite: AJ 102.

This course meets the minimum training requirements established by the Peace Officer Standards and Training (P.O.S.T.) Commission for individuals entering the career of law enforcement. All students must meet the minimum requirements for a police officer as established by the P.O.S.T. Commission and be eligible to carry a firearm in California.

102 Orientation to Public Service Academy (1) CSU

This course will detail the curricula and requirements of public service training academy courses and prepare students for the successful completion of these academy courses. This course is required as a prerequisite for all academy courses as established by the Peace Officer Standards and Training (P.O.S.T.) Commission for individuals entering the career of law enforcement. A document processing fee of \$50 is required of all students.

120 Patrol School (7) CSU

Prerequisite: Administration of Justice 101.

This course is designed to prepare law enforcement personnel for field operations assignments. The training includes defensive tactics, side-handle baton, report writing, legal update, narcotics, situational planning, crimes in progress and weapons training. The course presents over 30 different subjects, with day and night operation experiences.

124 Supervisory Training - First Level (5) CSU

Prerequisite: Administration of Justice 101.

The course consists of basic supervisory training for newly promoted first line supervisors. It entails ethics/problem solving, news media relations, role of the supervisor, morale, discipline and counseling, crime report review, handling unusual occurrences, budgeting, managing, and planning, Fair Labor Standards Act police minority problems, performance evaluations, employee grievances, etc.

129 Emergency Medical Training (7)

(Same as Allied Health 52)

This course provides the basic Emergency Medical Training for response teams in patient examination, airway emergencies, breathing emergencies, CPR, circulation emergencies, neurological emergencies, and musculoskeletal and soft tissue injuries for an EMT-1 certification. Certification is from the State of California through UCLA.

Course Descriptions

160 Police Organization and Administration (3) CSU

The effect of the organizational structure and administrative procedures on the implementation of police functions, assessment of the recruitment and hiring process, career advancement and leadership, and administrative problems of staffing and morale as a law enforcement employer are examined.

185 Directed Study – Administration of Justice (1)

Allows a student to pursue Directed Study in Administration of Justice on a contract basis under the direction of a supervising instructor.

200 Police Academy Line Reserve, Level 1 (15) CSU

Prerequisite: Administration of Justice 102.

This course meets the minimum training standards established by the Peace Officer Standards and Training (P.O.S.T.) Commission for individuals entering the career of law enforcement as a Reserve Officer Level I.

201 Police Academy Technical Reserves Level III (1) CSU

Prerequisite: Administration of Justice 102

This course meets the minimum training standards established by the Peace Officers and Training (P.O.S.T.) Commission for individuals entering the career of law enforcement as a Reserve Officer Level I, Technical Reserve. All students must meet the minimum requirements for a police reserve officer as established by the P.O.S.T. Commission.

260 Juvenile Corrections Officer Core Course (8)

Prerequisite: Administration of Justice 102, or Law Enforcement Agency sponsored.

This course is for recently appointed juvenile counselors and juvenile custody officers. Topics include handling emergencies, housing, dealing with assaultive clients, diversity, and the juvenile justice system.

261 Probation Officer Core Course (12)

Prerequisite: Administration of Justice 102.

This is a basic training course for entry-level probation officers. Subject areas include the criminal justice system, roles and responsibilities of the officer, classification and housing, casework, visitation, report writing, handling disputes, tactics and procedures. May be certified by Board of Corrections, Standards and Training for Corrections.

285 Directed Study – Administration of Justice (2) CSU

Allows a student to pursue Directed Study in Administration of Justice on a contract basis under the direction of a supervising instructor.

306 Correctional Report Writing (3) CSU

This is an introductory course dealing with all aspects of public safety communication. It will cover the techniques of effectively communicating facts, information, and ideas in a clear and logical manner for a variety of public safety systems reports, i.e., crime/violation/incident reports, letters, memoranda, directives, and administrative reports. Students will gain practical experience in interviewing, note taking, report writing and testifying.

307 Street Gangs/Prison Gangs (3) CSU

This course will provide an introduction to the history and sociology of a gang. Topics will include a discussion on the problems law enforcement and the community have with gangs, the organization and structure of a street gang, recruitment into a gang, gang attire, hand signs, tattoos, body language, graffiti and the unwritten rules of gangs and their effect on society. The organizational structure of a prison gang and the relationship with organized crime is also covered.

308 Control and Supervision in Corrections (3) CSU

This course offers an overview of the methods, practices, and theories related to the custodial supervision of incarcerated persons in federal, state, and local correctional facilities. The course will introduce and discuss issues of custodial control on a continuum from day-to-day institutional living through crisis situations. The course will analyze interaction between the offender and the correctional employee. Topics will include the effects of violence, overcrowding, gangs, substance abuse, legislation and other factors that impact the offender, employee and facility. Skills related to effective communication and crisis intervention will also be discussed.

309 Correctional Interviewing and Counseling (3) CSU

This course provides an overview of the techniques in counseling and interviewing available to practitioners in corrections. Students will learn the use of appropriate techniques and theories in confidence building which may be used by correctional employees in interviews and counseling. This is a basic course for students planning to enter, or already employed within the Correctional Science field.

310 Field Work (3) CSU

(Same as Corrections 3)

This is a service/learning class. Students will participate, under supervision, in a law enforcement or correctional facility such as a probation/parole field office, jail, detention center, juvenile institution, or a similar agency. Students must meet the minimum entry-level requirements of the sponsoring agency and will be fingerprinted, take an oath and a TB test. The class meets once a week for one hour and then students will have a volunteer assignment for a minimum of five hours per week with a sponsoring agency.

311 Field Work II (3) CSU

(Same as Corrections 4)

This is a service/learning class. Students will participate, under supervision, in a law enforcement or correctional facility such as a probation/parole field office, jail, detention center, juvenile camp, juvenile institution, or a similar agency. Students must meet the minimum entry-level requirements of the sponsoring agency and will be fingerprinted, take an oath, and TB test. The class meets once a week for one hour and then students will have volunteer assignments for a minimum of five hours per week a sponsoring agency.

312 Aviation Security (1.5)

This course is designed for the student who is working in an airport, or who is seeking employment with an airport, to provide a basic understanding of the various types of threats to airport security and to understand how to respond to a criminal threat. Topics will include Federal Aviation Regulations, explosive devices, weapons, narcotics and dangerous drug recognition, and contraband that are prohibited at airports.

320 Emergency Management of Terrorism (1.5)

This is a survey course on terrorism. Topics will include biological and chemical threats, cyber-terrorism, hostage taking and hostage negotiation, identification of terrorist cells and threat organizations, the aftermath recovery from an act of terrorism, and the emergency response to national security interests. Special emphasis will be placed on current events and current threats to Homeland Security.

321 P.C. 832 Arrest Course (2)

This course covers information regarding powers of arrest, search and seizure for peace officers with limited powers. When certified, this course satisfies the curriculum requirements for Peace Officer Standards and Training P.C. 832 Arrest Course and by the Board of Corrections, Standards and Training for Corrections.

Course Descriptions

385 Directed Study – Administration of Justice (3) CSU

Allows a student to pursue Directed Study in Administration of Justice on a contract basis under the direction of a supervising instructor.

393 P.C. 832 Firearms Course (1.33) RPT 2

This course covers firearms safety, hand gun familiarization, care, cleaning and storage, and live fire. When certified, this course satisfies the curriculum requirements for the Commission on Peace Officers Standards and Training for P.C. 832.

911 Cooperative Education – Admin. of Justice (1) CSU

921 Cooperative Education – Admin. of Justice (2) CSU

931 Cooperative Education – Admin. of Justice (3) CSU

941 Cooperative Education – Admin. of Justice (4) CSU

AFRICAN-AMERICAN STUDIES

2 The African-American in Contemporary Urban Society (3) UC:CSU

A survey of the urbanization of African-Americans, with emphasis on social and political contemporary problems, proposed solutions to civil rights issues, and equality of opportunity.

4 The African-American in the History of the United States I (3) UC:CSU

(Same as History 41)

This course provides a survey of United States history from the early Colonial period through the Civil War, with emphasis on the contributions of African-Americans. It provides a background in the political, economic, and social development of the United States for students majoring in the Social Sciences, and for those who want to gain a better understanding of the African-American in American society.

5 The African-American in the History of the United States II (3) UC:CSU

(Same as History 42)

This course provides a survey of United States history from the end of the Civil War to the present, with emphasis on the contributions of African-Americans to the social, cultural, political, and economic development of the United States. Also included is a continued survey of the United States Constitution.

AIRCRAFT ELECTRONICS TECHNOLOGY

(See Aviation Maintenance for additional Aviation courses)

65A Avionic Systems for Aircraft Maintenance Personnel 1 (6)

Prerequisites: Aviation Maintenance Technician 1 – 14 or equivalent, or possession of a valid FAA Mechanic Certificate, Repairman Certificate.

This course is designed to introduce the practicing aircraft mechanic, aircraft maintainer or graduating mechanic student to the operating concepts of aircraft communication and navigation systems currently used aboard commercial transport and large general aircraft. Equipment functions will be discussed at the black box level. Laboratory work includes soldering, typical wiring practices and modifications. Troubleshooting failure is emphasized. A scientific calculator with operator's manual is required.

65B Avionic Systems for Aircraft Maintenance Personnel 2 (6)

Prerequisites: 65A.

This course continues the study of operating concepts for aircraft communication and navigation systems. Students gain an understanding of the workings of various avionic equipment and their relationship to other aircraft systems, the ability to interpret aircraft electrical schematics, and the ability to use test equipment. The combination of the above will provide the skills necessary to be an effective troubleshooter of avionic systems.

ALLIED HEALTH

EMERGENCY MEDICAL TECHNICIAN,

EMERGENCY MEDICAL TECHNOLOGY

CARDIOPULMONARY RESUSCITATION (CPR)

These courses are offered in partnership with the University of California Los Angeles (UCLA) Center for Prehospital Care.

12 Introduction to Health Occupations (3)

This course is designed for students interested in learning about health care careers, including work descriptions, work environment, employment opportunities, educational requirements, and earnings. Students will also learn about the health care system in the United States, including the development of medicine and trends in financing.

20 Heartsaver CPR (.25) (RPT 9)

This course covers one-rescuer adult CPR, treatment of choking patients, and heart disease prevention. Successful course completion earns an American Heart Association Heartsaver card. The CPR card is valid for two years; students may want to retake the course to maintain their educational status.

21 Basic Cardiac Life Support for the Healthcare Provider (.5) (CR/NCR) CSU

This course covers infant, child and both one-rescuer and two-rescuer adult CPR. Treatment of the choking patient, and heart disease prevention is also included.

22 Advanced Cardiovascular Support (1) (CR/NCR) CSU

Prerequisite: Allied Health 21, and must be a licensed health care provider.

This course provides information for advanced cardiovascular life support. Lecture topics include acute cardiac care, pathophysiology, treatment modalities, and pharmacology.

23 Pediatric Advanced Life Support (1) (CR/NCR) CSU

Prerequisite: Allied Health 21, and must be a licensed health care provider.

This course provides information for Pediatric Advanced Life Support. Lecture topics include interactive teaching stations related pediatric life support.

33 Medical Terminology (3)

(Same as CAOT 44)

This course is designed for students interested in learning more about medical terminology and basic anatomy and applying this knowledge to a variety of allied health professions. Students will develop a comprehensive medical vocabulary applicable to all specialties of medicine through the study of Greek and Latin prefixes, suffixes and root words. Students will also develop a basic understanding of anatomy and the function of major body systems.

Course Descriptions

43 CO Anatomy and Physiology for Emergency Health Care Personnel (4)

Prerequisite: Admitted through the UCLA Center for Prehospital Care.
Corequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO will be offered concurrently through UCLA Center for Prehospital Care.
This course will provide an overview of the structure and function of all bodily systems. Emphasis will be placed on knowledge that will enhance the student's ability to treat medical emergencies.

44 CO Introduction to Emergency Medical Service Systems (2)

Prerequisite: Admitted through the UCLA Center for Prehospital Care.
Corequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO will be offered concurrently through UCLA Center for Prehospital Care.
Overview of Emergency Medical Service Systems, the ethics of patient care management and the law and policies of emergency services, including the relationship between the emergency care provider and other health care professionals. Verbal and nonverbal behavior and communications related to the delivery of emergency medical services.

45 CO Patient Assessment and Airway Management (2)

Prerequisite: Admitted through the UCLA Center for Prehospital Care.
Corequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO will be offered concurrently through UCLA Center for Prehospital Care.
This course gives an overview of prehospital patient assessment for Emergency Health Care. This course provides foundational knowledge and skills to effectively assess and treat patients in a prehospital setting.

46 CO Cardiology Assessment and Medical Emergencies (6)

Prerequisite: Admitted through the UCLA Center for Prehospital Care.
Corequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO will be offered concurrently through UCLA Center for Prehospital Care.
Through lectures and discussions, this course will cover the pathophysiological principles and assessment findings in cardiology, neurology, and respiratory emergencies.

47 CO Emergency Response to Crisis (4)

Prerequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO.
Corequisites: Ald Hth 48 CO, 49 CO.
This course will focus on techniques of immediate intervention in a variety of field crises including shock, pediatric emergencies, abuse, and trauma to various body systems, obstetrics, and burns.

48 CO Medical Emergencies and Pharmacological Interventions (5)

Prerequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO.
Corequisites: Ald Hth 47 CO, 49 CO.
This course emphasizes pathophysiology, assessment and management of patients with various systematic diseases, and the application of advanced life support techniques in medical emergencies. Formulation of a field impression and implementation of pharmacological intervention in a laboratory setting are also studied.

49 CO Clinical Internship (4)

Prerequisites: Ald Hth 43 CO, 44 CO, 45 CO, 46 CO.
Corequisites: Ald Hth 47 CO, 48 CO.
This course presents the coordination of advanced emergency medical service training within a hospital setting. Students will be able to participate in multiple departments within the hospital: critical care units, OB/GYN, operating rooms, anesthesia, recovery, pediatrics, and psychiatrics. This will assure a variety of patient presentations and complaints.

50 CO Field Internship (9)

Prerequisites: Ald Hth 47 CO, 48 CO, 49 CO.
Corequisites: None.
Coordination of advanced emergency medical service training with a field advanced life support unit. Students will be able to participate in emergency intervention in traumatic and medical emergencies. Field internship represents the phase of instruction where the student learns how to apply knowledge and skills to the field environment.

51 Emergency Medical Training – Review (1.5) (CR/NCR) CSU RPT 9

Prerequisite: Allied Health 52 or EMT Basic certification.
This course reviews the basic emergency medical training curriculum and qualifies students for EMT-B re-certification through the Los Angeles County Department of Health Services.

52 Emergency Medical Training - Basic (7) CSU

This course provides education in basic emergency medical techniques and qualifies students for EMT-B certification through the Los Angeles County Department of Health Services.

53 Emergency Care Technician (3) CSU

Prerequisites: Allied Health 21 and Allied Health 52.
(Same as ADM JUS 129)
This course combines theoretical information and practical skills to train students to as work as nurse extenders, and care for the sick and/or injured in an emergency department.

54 CO Prehospital Trauma Life Support (1)

The Prehospital Trauma Life Support (PHTLS) course is designed to enhance and increase knowledge and skill in delivering critical care in the prehospital environment. The course is designed to provide the prehospital provider (EMT, paramedic and RN) with the knowledge and skills for the prehospital assessment and care of the trauma patient.

55 CO Trauma AIMS (3.5)

This course is designed to prepare military prehospital EMTs, paramedics and RNs to provide emergency medical treatment, limited primary care, health protection and evacuation in a variety of operational and clinical settings, from point of injury to illness, through the continuum of care. Students receive training in trauma assessment, advance airway management and ventilation, intravenous infusion, pharmacology, medication administration and shock management.

ANATOMY

1 Introduction to Human Anatomy (4) UC:CSU

Recommended: College Biology.
This course presents the structure of the human body by subdividing it into individual body systems. The functional anatomy of each level of organization is then studied from the microscopic level of organization to the gross level. In addition, the embryological development of each body system and selected pathologies will be examined. Laboratory exercises include the study of histological slides, photomicrographs, x-rays, the human skeleton, and the dissection of a cat. This course is intended to meet the requirements of students majoring in nursing, dental hygiene, occupational therapy, psychology, physical education and life sciences, or for those who wish to extend their knowledge of the human body beyond the scope of introductory biology.

Course Descriptions

ANTHROPOLOGY

101 Human Biological Evolution (3) UC:CSU (CAN ANTH 2)

The focus of this course is the relationship between human biology, culture and the physical environment as interpreted within the frameworks of evolutionary theory and the science of genetics. It traces man's place in the animal kingdom, with special emphasis on primates. Archeological evidence associated with human fossils is examined, and human physical variability is probed within the context of Mendelian and population genetics.

102 Human Ways of Life: Cultural Anthropology (3) UC:CSU (CAN ANTH 4)

This course presents an anthropological understanding of the varieties of lifestyles in human societies throughout the world, from nomadic hunter/gatherer tribes to highly technologically advanced societies such as our own. The varied forms of marriage and the family, economic, political, and legal arrangements, religious expressions and art forms are examined in their own contexts and compared with others. Extensive use is made of audio-visual materials.

103 Archaeology: Reconstructing the Human Past (3) UC:CSU (CAN ANTH 6)

The course focuses on the discovery and reconstruction of the ways of life of extinct societies through the excavation, analysis and interpretation of their material remains, including refuse, stone tools, pottery, burials, and housing. By examining these remains within the context of their environments and changes over time, students acquire a means of understanding the human past. Extensive use is made of audio-visual materials.

104 Human Language and Communication (3) UC:CSU

This introductory course in Linguistic Anthropology surveys the great variety of ways humans communicate both verbally and non-verbally. The course focuses on the structure, function, history, and evolution of language.

109 Gender, Sex and Culture (3) UC:CSU

This course presents a cross-cultural comparison of gender roles as viewed from biological/evolutionary, cultural, psychological, prehistoric and historic perspectives as they relate to the status of women and men in tribal and modern Western societies.

111 Human Biology Lab (2) UC:CSU

This laboratory class offers an exploration of selected topics in biological anthropology including genetics, human variation, the living primates, and human paleontology.

119 An Introduction to Forensic Anthropology (2) CSU

This course will be a hands-on study of the types and nature of information that can be recovered from bones and teeth including age, sex, size, population affinity, pathology, diet, and demography.

121 Anthropology of Religion, Magic, and Witchcraft (3) UC:CSU

This course provides a socio-cultural understanding of religious behaviors. It deals with the components, function and symbolism of religious behavior as manifested through practices such as magic, witchcraft, totemism, divination, shamanism, ancestor worship and cults. Special emphasis is given to tribal religious systems through the use of information gathered by anthropologists in the field. Non-tribal religious systems are included for comparative purposes. Extensive use is made of audio-visual materials.

132 Native Peoples of North America UC:CSU

This course offers a broad survey of American Indians living north of Mexico, with emphasis on the Indians of California. The various aboriginal groups surveyed are viewed as they existed at time of contact. Issues facing Indian groups in urban society today will be explored.

ARCHITECTURE

The Architecture program is a transfer program primarily intended for students who wish to pursue a professional degree (B. Arch.) in architecture or related design fields. The design projects in the first two years are designed to prepare students for further study and work in the field of architecture and the related fields of graphic, industrial, and digital design.

At the conclusion of this two-year design segment of study, as an option students may work in the professional office of a mentor for one or two semesters. Mentors will be required to provide each student with a broad exposure to architectural and/or design practice. At the conclusion of the three-year program, students will be eligible to apply for advanced placement in a local university for completion of a degree in architecture or design.

This admission and advanced placement process is subject to portfolio review. In general, transferring students can expect to attend three years in university to complete the requirements for a professional degree (B. Arch.), which is normally a five-year curriculum. Alternatively, the three-year course is preparation for entry into the profession via the internship process.

Architecture courses are taught at the Los Angeles Institute of Architecture and Design (LAIAD) in Los Angeles. LAIAD is in partnership with West Los Angeles College, and LAIAD courses are articulated through West Los Angeles College and will appear on West Los Angeles transcripts.

1 Introduction to Architecture (1) UC:CSU

An introduction to architecture through a series of lectures exploring architectural theory, presentation techniques, professional practice, and building construction. Students will gain an awareness of architectural, technical, historical, social and cultural issues through lectures, visiting experts, field trips, visits to architectural offices, and related discussions.

5 Architectural Drawing I (3) CSU

This course explores the nature and limitations of materials using two- and three-dimensional studies of form and composition. The study of architectural plan and section drawings, model making and finishing skills, materials studies, painting and finishes are also included.

6 Architectural Drawing II (3) CSU

Prerequisites: Architecture 5, Architecture 9.

A continuation of Architectural Drawing 1, exploring classical and contemporary geometrical drawing and ordering systems, from Roman town planning to the present. The emphasis is on uniquely American land development concepts. The class will continue the development of 2-D and 3-D hand and computer-aided drawing skills.

9 Elements of Architecture (3) UC:CSU

An introduction to the processes of architectural design through studio projects addressing the relationship between idea, structure, function, and form.

Course Descriptions

30 Residential Planning (3)

This course is a design studio with an emphasis on the residential and domestic environment in terms of spatial, formal qualities, and pragmatic requirements as informed through historical, cultural and technological forces. These topics are explored through case studies, design terminology and building design problems.

33 Basic Architectural Design (3) CSU

Prerequisites: Architecture 5, Architecture 9.

An introduction to the formal and spatial language of architecture explored through studio projects, informed by the case study projects completed in Architecture 9.

34 Basic Architectural Design 2 (3)

This course further extends the theories of space, form and vision, and applies them to architectural problem solving. Horizontal and vertical flow are studied. Computer application to design are also studied.

36 Introduction to Computer-Aided Architectural Drawing (2)

This is an introductory course in two-dimensional computer-aided drafting. Students learn the basic concepts involved in making computer-aided drawings which are constructed using a microcomputer with appropriate software such as AutoCAD. Students use workstations equipped with a microcomputer, monitor, disk drives, digitizer, plotter, and printer.

37 Computer-Aided Design/Drafting (3)

This second-semester course provides instruction in computer-aided drafting. Students use concepts learned in the introductory course and apply the fundamentals of two-dimensional concepts to three-dimensional concepts. Drawings are constructed using a microcomputer with appropriate software such as AutoCAD.

39 Computer-Aided Architectural Laboratory (1)

This course is designed to reinforce the lectures presented in each computer-aided architecture class. It gives students the needed practice in applying software programs to various class assignments.

41 Architectural Model Building (2)

Prerequisites: Architecture 5, Architecture 9.

This course will acquaint students of architecture with the techniques and materials for constructing architectural study models.

48 History of Western Architecture: Ancient to Baroque (3) UC:CSU

A survey of the architecture of ancient Greece and Rome, of the Early Christian and Byzantine eras, of the Romanesque and Gothic periods in Western Europe, and the Renaissance and Baroque periods up to 1750 with an emphasis on Italy, France, and England.

49 History of Modern Architecture (3) UC:CSU

Prerequisite: Architecture 48

A survey of European and American architecture from the late eighteenth century to the end of the twentieth century including stylistic revivals, technological changes, and achievements of major architects.

ART

NOTE: Outstanding works of student art may be retained for a maximum of two years by the college art gallery.

UC Transfer Credit Limit: A maximum of 12 units from the following courses will be acceptable for credit: Art 501, 502, 503, 708, 709, 710, 711. A maximum of 16 units from the following courses will be acceptable for credit: Art 201, 202, 203, 204, 205, 206, 300, 301, 302, 304, and 305.

101 Survey Of Art History I (3) UC:CSU (ART 2)

This course introduces students to some of the great ancient civilizations of the world. By studying the visual arts created during these times, students will come to understand the beliefs and aspirations of cultures such as the Ancient Egyptians, Greeks and Romans, and civilizations in geographic areas such as Africa, India, and Central America prior to the Spanish Conquest.

102 Survey of Art History II (3) UC:CSU (CAN ART 4)

NOTE: Art 101 is not a prerequisite to Art 102.

This course introduces students to the visual arts of Western Europe and the United States, beginning with the Renaissance and ending in the late twentieth century. The constantly-changing world view of this period will be studied in the works of such artists as Michelangelo and Rembrandt, and also through such movements as Romanticism, Impressionism, Expressionism and Cubism.

103 Art Appreciation I (3) UC:CSU

This broad introduction to the nature, vocabulary, media, and history of art, with selections from Western and non-Western culture, is designed to expand awareness and understanding of the visual arts as a unique medium for human interrelationships.

107 Mexican Art – Modern (3) UC:CSU

This course surveys the pictorial arts of Mexico from the Pre-Revolutionary years of 1900 to the present day. It includes the Renaissance of Indigenous Mexican Art, the contemporary popular and fine arts, and investigates the development of Mexican-American Art. Among the artists discussed are Rivera, Tamayo, and Barragan.

109 Arts of Africa, Oceania, and Ancient America (3) UC:CSU

This course introduces students to some of the great cultures of the world. The Ife and Benin kingdoms of Africa, as well as the Maya and Aztec empires of Central America are just some of civilizations which are brought to life once more through a study of their visual arts.

111 History of Contemporary Art (3) UC:CSU

This course traces the development of twentieth century European and North American painting, sculpture and architecture. Beginning with the late nineteenth century art movements of Impressionism and Post-Impressionism, this course attempts to reveal the meaning behind such visually challenging "isms" as Cubism, Expressionism, Dadaism, and Surrealism. Artists discussed will include Monet, Picasso, Matisse, Dali, and Warhol.

117 Meso-American Art: From Olmec to Aztec (3) CSU

This introductory course covers the history of pre-Columbian art in Mexico, Guatemala, Honduras, and Belize from the Olmec to the Aztec periods (1500 BC – 1519 AD). Also included will be a survey of the art of the Late Formative Period, the city of Teotihuacan, the Classic Cities, and the Maya.

Course Descriptions

185 Directed Study – Art (1) CSU

Allows a student to pursue Directed Study in Art on a contract basis under the direction of a supervising instructor. Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

201 Drawing I (3) UC:CSU (CAN ART 8)

This course can teach you how to draw. Students learn to draw the world around them while developing their personal expressive visions. Various media, including pencil, ink, and charcoal is used. Students are expected to complete an additional 2 hours per week of studio homework.

202 Drawing II (3) UC:CSU

Recommended: Art 201 with a grade of "C" or better, or equivalent. Compositional aspects of drawing as applied to still lifes, natural forms, landscapes and human figures are explored. Students are expected to complete an additional two hours per week of studio homework.

203 Drawing III (3) UC:CSU

Recommended: Art 202 with a grade of "C" or better, or equivalent. Working primarily from a nude model, students learn to render the human figure in expressive and aesthetic ways, and a variety of media are used. Students are expected to complete an additional two hours per week of studio homework.

204 Life Drawing I (3) UC:CSU

Recommended: Art 201 with a grade of "C" or better, or equivalent. An introductory study of human structure and proportion is provided. Fundamental drawing approaches are explored in black and white media, with emphasis upon the development of observation and skill in graphic representation. Students are expected to complete an additional two hours per week of studio homework.

205 Life Drawing II (3) UC:CSU

Recommended: Art 204 with a grade of "C" or better, or equivalent. This course consists of drawing from the human figure, with emphasis upon the development of observation, structure and draftsmanship. Various media are explored stressing line and tone. Students are expected to complete an additional two hours per week of studio homework.

206 Life Drawing III (3) UC:CSU

Recommended: Art 205 with a grade of "C" or better, or equivalent. This course is a continuation of Art 205. Students are expected to complete an additional two hours per week of studio homework.

285 Directed Study – Art (2) CSU

Allows a student to pursue Directed Study in Art on a contract basis under the direction of a supervising instructor. Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

300 Introduction to Painting (3) UC:CSU (CAN ART 10)

Recommended: Art 201 or 501 with a grade of "C" or better, or equivalent.

This course provides a solid foundation for success in painting. Using a variety of media and techniques, students learn to paint aesthetically and expressively. Students are expected to complete an additional two hours per week of studio homework.

301 Watercolor Painting I (3) UC:CSU

Recommended: Art 300 with a grade of "C" or better, or equivalent. This course is an introduction to and an exploration of watercolor media in varied styles, techniques and pictorial methods. Students are expected to complete an additional two hours per week of studio homework.

302 Watercolor Painting II (3) UC:CSU

Recommended: Art 301 with a grade of "C" or better, or equivalent. This is a continuation of Art 301. Students are expected to complete an additional two hours per week of studio homework.

304 Acrylic Painting I (3) UC:CSU

Recommended: Art 300 or 501 with a grade of "C" or better, or equivalent.

This course is an introduction to fundamental skills in acrylic media, canvas preparation and brush techniques. Composition and color theory are studied as applied to still life, landscape and natural forms. Students are expected to complete an additional two hours per week of studio homework.

305 Acrylic Painting II (3) UC:CSU

Recommended: Art 304 with a grade of "C" or better, or equivalent. This course is a continuation of Art 304. Students are expected to complete an additional two hours per week of studio homework.

307 Oil Painting I (3) CSU

Prerequisites: Art 201, Art 501.

This is an introductory-level course in oil painting, and expands upon techniques and applied color theories explored in Art 304, 305 and 503. This course is geared toward the manipulation of more painterly, fuller-bodied and color rich characteristics specific to the oil medium.

385 Directed Study – Art (3) CSU

Allows a student to pursue Directed Study in Art on a contract basis under the direction of a supervising instructor. Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

501 Beginning Two-Dimensional Design (3) UC:CSU (CAN ART 14)

This course lays the foundation for all the arts. By learning how to organize two-dimensional space, students will be prepared to successfully work in such other areas such as painting, drawing, and graphic design. Students are expected to complete an additional two hours per week of studio homework.

502 Beginning Three-Dimensional Design (3) UC:CSU

Recommended: Art 501 with a grade of "C" or better, or equivalent. Art 503 may be taken concurrently.

This course provides an introduction to the organization of forms in three dimensions. Experimental problems in a variety of materials using various spatial constructions are dealt with. Students are expected to complete an additional two hours per week of studio homework.

503 Intermediate Design (3) UC:CSU

Recommended: Art 501 with a grade of "C" or better. Art 502 may be taken concurrently.

This course teaches students how to organize three-dimensional space, and lays the foundation for such other areas as sculpture, ceramics, and architecture. Students are expected to complete an additional two hours per week of studio homework.

Course Descriptions

523 Introduction to Entertainment Industry Crafts (1)

This course provides an introduction to the crafts as applied to the entertainment industry. Fundamentals in prop shop and carpentry will be covered.

604 Graphic Design I (3)

This is an introductory course in graphic design. Students learn to create thumbnail, rough and comprehensive layouts while exploring a variety of formats used to create graphic designs. Selecting appropriate type styles and sizes for headings and body copy, crop marks and presentation of the layout will also be covered. Students will prepare a camera-ready mechanical and have it printed in one color.

605 Graphic Design II (3)

This is a course in graphic design concentrating on full color applications of graphic art. Students learn to develop ad campaigns for print media, and to develop a series for advertising. Students will also create a mechanical for color printing.

633 Introduction to Computer Graphics (3)

This is an introductory course in computer graphics designed to introduce students to the microcomputer, its operating system, and applications used as tools by artists and graphic designers.

635 Desktop Publishing Design (3) CSU

This is an introductory course in desktop publishing design. The course is designed for students of design, fine art, computer graphics and journalism. Emphasis will be on computer layout and composition. Basic concepts relating to type fonts, type styles, page design, readability, digital output, laser printers, and typesetters will be explored.

638 Computer-Aided Art Laboratory (1)

This course is designed to reinforce lectures presented in each computer-aided art class. It allows the student needed practice in applying the concepts learned to various class assignments.

639 Introduction to Digital Imaging (3)

This is an introductory course in computer still-image manipulation. The topics presented include image editing, application of filters, integration of text, and the combination of scanned images.

641 Advanced Desktop Publishing (3)

This course presents the advanced use of "grids" in desktop publishing design. Emphasis will be placed on advanced computer layout, composition techniques, and team projects. Current issues regarding printing methods, pre-press and image setters will be explored.

700 Introduction to Sculpture (3) UC:CSU

Prerequisite: Art 502.

This course provides a general introduction to the materials and processes of sculptural art. Instruction in basic construction techniques, analysis of form, function, and decoration is given. This safe and proper use of materials and tools is emphasized.

701 Sculpture I (3) UC:CSU

Prerequisite: Art 700.

This course provides instruction in the conceptual, material, and organization designing and executing basics of sculptural forms. Basic skills, theory, historical background, and contemporary issues in sculpture will be discussed.

708 Introduction to Ceramics (3) UC:CSU

This course provides a general introduction to the materials and processes of ceramic art. Instruction in basic hand construction methods of vessel forms is provided. Analysis of form, function and decoration emphasizing the proper use of materials and tools is presented. Focus is placed on developing skills in forming and decorating primarily functional pieces.

709 Ceramics I (3) UC:CSU

Recommended: Art 708 with a grade of "C" or better, or equivalent. Continued utilization and expansion of skills developed in Art 708. Increased emphasis upon individual growth in creative design abilities. Introduction to use of the potter's wheel.

710 Ceramics II (3) UC:CSU

Recommended: Art 709 with a grade of "C" or better, or equivalent. This course continues to focus on the use of the potter's wheel as a forming method. Increased skill building on the wheel, and growth in creative design abilities will be emphasized.

711 Ceramics III (3) UC:CSU

Recommended: Art 710 with a grade of "C" or better, or equivalent. This course continues to focus on the use of the potter's wheel as a forming method. Design and decorative techniques will be applied to wheel-thrown forms, with increased emphasis upon individual growth in creative design abilities.

712 Ceramics Workshop (2) UC:CSU

Prerequisite: Concurrent or previous enrollment in any other ceramics course.

This course provides a studio experience for beginning and advanced students. A variety of construction methods are undertaken simultaneously, including hand-building and wheel-throwing. Techniques for surface enrichment, glazing and firing are explored at various levels of ability.

ASTRONOMY

1 Elementary Astronomy (3) UC:CSU

All areas of modern astronomy are discussed in this introductory course. Major topics include the history of astronomy, the sun, moon and planets, stars, constellations and galaxies, telescopes and other instruments.

AVIATION MAINTENANCE TECHNICIAN

(See Aircraft Electronics for additional Aviation classes)

NOTE: Subject credit for courses in this program may be obtained at California State University, Los Angeles and San Jose, and at National University after transfer with an AS Degree.

Program entrance requirement: All new and re-entering students must have appropriate placement level demonstrated through the assessment process.

1 Maintenance Procedures (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 2.

Instruction is offered in ground operations, servicing airplanes, maintenance publications, forms, records, and mechanic's privileges and limitations. Aircraft materials and processes are identified, with an emphasis on inspection procedures.

Course Descriptions

2 Maintenance Procedures Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 1.

Instruction and practice is offered in the ground operations and servicing of airplanes. Maintenance publications, forms, and records are used in conjunction with inspection and repair procedures. Materials are identified and inspected to specifications.

3 Basic Aircraft Science (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 4.

Instruction is offered in applied mathematics, physics, aircraft drawing, and application of aircraft coverings, doping, and corrosion control composites.

4 Basic Aircraft Science Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 3.

Instruction and practical application is offered in basic mathematics, physics, aircraft drawings and prints. Instruction and practice is also given in wood structures, aircraft coverings, aircraft finishing and corrosion control.

5 Basic Electricity and Auxiliary Systems (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 6.

Instruction is offered in basic electricity, Ohm's law, DC and AC circuits, semiconductors, metric prefixes, and scientific notation. Communication and navigation systems, cabin atmosphere control, and ice and rain control systems are also covered.

6 Basic Electricity and Auxiliary System Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 5.

This course describes relationships between voltage, current and power and explains how to use testing and measuring equipment in the inspection, checking, servicing and repair of the following systems: air conditioning, communication and navigation, and ice and rain control.

7 Electrical and Instrument Systems (4)

Prerequisite: AMT 5.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 8.

Instruction is offered in the function of aircraft electrical systems and components, generators, and aircraft instruments including flight, navigation, engine instrumentation, and position and warning systems.

8 Electrical and Instrument Systems Laboratory (2)

Prerequisite: AMT 6.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 7.

An analysis is made of series, parallel and complex electrical circuitry in DC and AC supplemented by discussions of testing and measuring equipment. Description, operation, and maintenance procedures for aircraft instrumentation are also explained, as well as position and warning systems.

9 Assembly, Rigging and Inspection (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 10.

Instruction is offered in assembly and rigging techniques, with weight and balance theory and procedure emphasized, and in the fabrication and installation of fluid lines and fittings.

10 Assembly, Rigging and Inspection Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 9.

Instruction is provided in the skills and techniques needed for the assembly and rigging of airframe structures, including weight and balance computation. Opportunity is provided to fabricate fluid lines and fittings.

11 Aircraft Metal Assembly (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 12.

This course offers a study of metal and non-metal repair procedures, including the materials and methods of fastening by welding, riveting, and other accepted techniques.

12 Aircraft Metal Assembly Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 11.

Instruction and practice is offered in cutting, bending, forming, welding and fastening metal structures. Plastic enclosures, honey-comb and composites are evaluated. Structural repairs using various fastening and bonding techniques are emphasized.

13 Hydraulic, Landing Gear, and Fuel Systems (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 14.

Instruction is offered in the study of hydraulic landing gear and aircraft fuel systems. Emphasis is placed on component design, operation, relationships, and systems troubleshooting.

14 Hydraulic Landing Gear, & Fuel Systems Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 13.

Hydraulic, landing gear, and fuel systems are studied and operated, with components removed and reinstalled. Emphasis is placed on procedures and techniques, troubleshooting and diagnosis.

15 Propeller and Powerplant Systems (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 16.

Instruction is offered in propellers and powerplant lubrication, and cooling, induction, and exhaust systems. Fire protection, including fire detection and extinguishing systems, is included.

16 Propeller and Powerplant Systems Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 15.

Instruction and practice is offered in identifying lubrication; troubleshooting engine lubricating systems; servicing and repairing propellers and control systems; troubleshooting and repairing powerplant cooling, induction and exhaust systems; and inspecting and servicing powerplant fire protection systems.

17 Ignition and Fuel Metering Systems (4)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 18.

Instruction is offered in the principles and practices of aircraft powerplant ignition systems and fuel metering systems.

18 Ignition and Fuel Metering Systems Laboratory (2)

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 17.

Instruction and practice is offered in inspecting, checking, servicing, troubleshooting, and repairing aircraft ignition and fuel metering systems.

Course Descriptions

19 Reciprocating Powerplant Overhaul (4)

Prerequisite: Aviation Maintenance Technician 15 and 17.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 20.

Instruction is offered in the maintenance, maintenance publications, and basic engine theory and overhaul procedures of reciprocating engines.

20 Reciprocating Powerplant Overhaul Laboratory (2)

Prerequisite: Aviation Maintenance Technician 16 and 18.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 19.

Instruction and practice is offered in the use of maintenance publication records relative to overhaul procedures. Complete engine overhaul procedures, methods and practice are presented.

21 Powerplant Troubleshooting and Testing (4)

Prerequisite: Aviation Maintenance Technician 19.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 22.

Instruction is offered in powerplant inspection and troubleshooting procedures for powerplants. Course includes turbine engine theory and operation.

22 Powerplant Troubleshooting and Testing Laboratory (2)

Prerequisite: Aviation Maintenance Technician 20.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 21.

Instruction and practice is offered in the installation, operation, and troubleshooting of aircraft powerplants.

23 Inspection and Evaluation (4)

NOTE: Students must have a minimum 2.0 GPA in Aviation Maintenance Technology prior to enrolling in AMT 23 and AMT 24.
Prerequisite: Aviation Maintenance Technician 1-22, or authorization for written exams.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 24.

Instruction is offered in conducting 100-hour inspections. General airframe and powerplant subjects for the Airframe and/or Powerplant License are reviewed. Emphasis is placed on preparation for Federal Aviation Administration written examinations.

24 Inspection and Evaluation Laboratory (2)

NOTE: Students must have a minimum 2.0 GPA in Aviation Maintenance Technology prior to enrolling in AMT 23 and AMT 24.
Prerequisite: Aviation Maintenance Technician 1-22 or authorization for written exams.

Corequisite: Must be taken concurrently with Aviation Maintenance Technician 23.

Instruction and practice is offered in conducting a 100-hour inspection on an airframe and powerplant using the appropriate reference material and correct procedures to determine airworthiness of an airframe or powerplant. Students perform general practical airframe and powerplant projects.

31 Inspection Authorization for Aviation Mechanics (3)

NDA

Prerequisite: FAA Mechanic Certificate with Airframe and Powerplant ratings.

Instruction is offered to the Certificated Aviation Mechanic to review regulations and inspection procedures in preparation for the Federal Aviation Administration Mechanic Inspection Authorization.

BIOLOGY

(Also see Anatomy, Environmental Science, Microbiology, and Physiology)

3 Introduction to Biology (4) UC:CSU

This is a course in general biology designed to fulfill a laboratory science requirement for students not majoring in biology. Students must be enrolled concurrently in a lecture and a lab section. The lecture portion of the course (Biology 3A) emphasizes the basic principles in biology and the fundamental characteristics of all living organisms. Lecture topics include the scientific method, cell structure and function, levels of organization of living organisms, heredity, and the genetic control of cellular processes, evolution, and ecology. The laboratory portion of the course (Biology 3B) emphasizes the diversity of living organisms. Laboratory topics include an introduction to the microscope, study of the cell, a survey of the microorganisms, plants, and animals that comprise the kingdoms of life, and the anatomic study of the earthworm, grasshopper, and fetal pig.

NOTE: 3A and 3B must be taken concurrently. Biology 3A and 3B do not transfer separately.

NOTE: UC Transfer Credit Limit: A maximum of one course from Biology 3 or 5 will be accepted for credit. No credit will be given for Biology 3 or 5 if taken after Biology 6 or 7.

3A Introduction to Biology – Lecture (3) UC:CSU 3B Introduction to Biology – Laboratory (1) UC:CSU

4 Heredity and Human Development (3) UC:CSU

This is an introductory genetics course for non-science majors. Emphasis is placed on the facts and fictions of heredity including its relationship to evolution, reproduction, genetic counseling and various human conditions and diseases. This course fulfills a non-laboratory science requirement.

5 Introduction to Human Biology (4) UC:CSU

This is a course in biology emphasizing human beings. It is designed to fulfill a laboratory science requirement and will also provide a foundation for advanced courses in biology, including human anatomy, physiology, and microbiology. Students must be enrolled concurrently in a lecture and a lab section. The lecture portion of the course (Biology 5A) emphasizes the fundamental principles in biology, cell structure and function, and the levels of organization in the human body. Lecture topics include the scientific method, an introduction to biological chemistry, heredity, the genetic control of cellular processes, and the organ systems of the body. The laboratory portion of the course (Biology 5B) includes an introduction to the microscope, detailed study of cells and tissues, and the dissection of a fetal pig.

NOTE: Biology 5A and 5B do not transfer separately.

NOTE: UC Transfer Credit Limit: A maximum of one course from Biology 3 or 5 will be accepted for credit. No credit will be given for Biology 3 or 5 if taken after Biology 6 or 7.

5A Introduction to Human Biology – Lecture (3) UC:CSU 5B Introduction to Human Biology – Lab (1) UC:CSU

6 General Biology I (5) UC:CSU (Biology 6 & 7 equal CAN BIO I SEQ A)

Prerequisite: Chemistry 101 with a grade of "C" or better.

The principles of molecular biology, cell structure and function, genetics, evolution and organization at the tissue level in plants and animals are studied. Biology 6 and 7 satisfy requirements of lower division zoology and botany for biological science majors, pre-medical, pre-dental and pre-pharmacy majors.

Course Descriptions

7 General Biology II (5) UC:CSU **(Biology 6 & 7 equal CAN BIO I SEQ A)** **(Biology 7 may be taken before Biology 6)**

This course covers the principles of organ and organ system physiology in plants and animals, ecology and the course of evolution. A survey of the various plant and animal groups is included.

NOTE: Many four-year institutions recommend the completion of both Biology 6 and 7 as a core program.

10 Natural History (3) UC:CSU

A natural history course with emphasis on animals. Topics include climate, physical environment, and how plant/ animal distributions and abundance are determined. Aspects of anatomy, physiology, ecology, behavior, evolution and systems are used to explain life history strategies.

185 Directed Study - Biology (1) CSU

285 Directed Study - Biology (2) CSU

385 Directed Study - Biology (3) CSU

Allows a student to pursue Directed Study in Biology on a contract basis under the direction of a supervising instructor.

Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

BROADCASTING

1 Fundamentals of Radio and Television Broadcasting (3) CSU

Required of all Broadcasting majors; open to others.

This is a survey course which introduces the student to the technical, historical and organizational aspects of the telecommunications industry. Areas explored may also include legal aspects, international systems, emerging media technologies, and the relationship and influence advertising and finance have upon the industry.

5 Radio and Television Acting (3) CSU

In this course, the fundamentals of acting for the camera are explored. Demonstrations, exercises and improvisations are used to practice the techniques, and scenes are practiced, taped and critiqued.

7 Radio Announcing 1 (3)

This course provides training for those interested in developing skills as announcers in radio or television, for commercials, news, sports, interviewers, on-air talent or talk show hosts.

12 Broadcast Station Operation 1 (3)

This is a laboratory course involving the operation of the campus radio station, WLAC. Duties will include on-air and internet radio operations.

14 Broadcasting Station Management (3)

This course offers a study of the elements, problems, and responsibilities in broadcast and cable management. Emphasis is placed on an examination of the management function as it relates to Federal Communications Commission (FCC) regulations.

25 Radio/TV/Film Writing (3) CSU

This course presents an analysis of the form and style of radio, television, and film script formats, and the preparation of scripts for radio, television, and film.

911 Cooperative Education - Broadcasting (1) CSU

921 Cooperative Education - Broadcasting (2) CSU

931 Cooperative Education - Broadcasting (3) CSU

941 Cooperative Education - Broadcasting (4) CSU

See "Cooperative Education" section for complete details on the requirements.

BUSINESS

Also listed alphabetically in this catalog: Accounting, Business, Computer Applications and Office Technologies, Computer Science, Finance, Law, Management, Marketing, and Real Estate.

1 Introduction to Business (3) UC:CSU

This course is a survey of the fundamental aspects of all phases of business including entrepreneurship alternatives, management/ leadership, marketing, financial management and institutions, investing through the securities market, and challenges facing global markets.

NOTE: Students who are Business majors, or who are considering a change to this major, are advised to take this course as a foundation. It is a survey of the fundamental aspects of all phases of business.

5 Business Law I (3) UC:CSU (Same as Law I)

This course covers the essentials of the law of contracts: agency, employment, personal property, bailment, sales, and real property in their application to everyday problems pertaining to business and to the individual. Elementary safeguards regarding sales and sales contracts are covered.

31 Business English (3)

This course offers an intensive review of the techniques and mechanics of English: grammar, sentence structure, business vocabulary, capitalization, punctuation, various business letter styles, proofreaders' symbols, and website reference tools as specifically applied to the field of business.

NOTE: Required of all Business and CAOT majors.

32 Business Communications (3) CSU

Prerequisite: Business 31 with a grade of "C" or better.

This course covers the principles and techniques of effective business writing which includes the development of the ability to analyze, organize and compose various types of written and oral business communications. Emphasis is placed on writing clear, concise and persuasive letters, memos and reports, and the psychology of business letter composition and communications.

38 Business Computations (3) CSU

This course provides a comprehensive study of business mathematics and reviews basic mathematics such as decimals, fractions, and percentages. It also covers the topics of bank services, payroll, the mathematics of buying and selling, interest and loans, taxes, cash and trade discounts, depreciation and other business computations. This course is intended for students interested in pursuing careers in business.

61 Foundation Essentials: Values & Ethics (.5)

This course emphasizes the importance of values and ethics for supervisors in the workplace.

62 Basic Time and Space Management (.5)

This course is an introduction to time and space management using specific tools.

Course Descriptions

63 Communicating with People (.5)

Key elements in communicating within business organizations are introduced. The course includes verbal and non-verbal communications, and the development of listening skills.

64 Team Building (.5)

An understanding of how teams work, common problems teams encounter, and how to solve these problems are the focus of this course. Students will learn to recognize different team player styles, and will be introduced to team building in the workplace.

65 Decision Making & Problem Solving (.5)

Students are introduced to a variety of problem solving techniques and decision-making processes most important for a supervisor.

66 Customer Service (.5)

Certain key skills and attitudes are vital for meeting customers' needs. Students will be introduced to the concepts of internal and external customers, customer satisfaction, and customer retention. Communicating with customers, developing positive attitudes, handling complaints and the importance of sales skills are also emphasized.

67 Attitude in the Workplace (.5)

This course presents key skills for maintaining a positive attitude in the workplace. Topics include the three types of attitudes, how attitudes are communicated, and how to affect one's own attitude. Primary causes of a bad attitude, turnaround strategies, and specific techniques for improving the attitudes of others are also explored.

68 Conflict Resolution (.5)

This course presents an analysis of attitudes and behaviors which create conflict between individuals and groups within an organization.

69 Stress Management, Job Burnout, and Counseling (.5)

Supervisors need various skills to combat job stress and burnout in the workplace. This course will enable supervisors to recognize stress and learn how to manage it, recognize job burnout and what they can do about it, and how to counsel employees in a variety of situations.

70 Managing Organizational Change (.5)

This course addresses change, and the influence it has on an organization and its members. Understanding organizational change, theoretical models, stages of change, and how to manage change are all covered.

75 Leadership Lessons from Military History: From Troy to the Present (3)

The course covers leadership lessons from military history beginning with Troy, the Greek/Persian Wars, the Punic Wars, the American Civil War, WW I, WW II, Viet Nam, and the present.

185 Directed Study - Business (1) CSU

285 Directed Study - Business (2) CSU

385 Directed Study - Business (3) CSU

CHEMISTRY

12 Environmental Chemistry (3) UC:CSU

Corequisite: Chemistry 13.

Recommended: one year of high school algebra or Mathematics 115.

This course introduces the fundamentals of chemistry governing the forms of matter and their chemical transformations within the context of environmental issues. Specific topics include inorganic and organic reaction and equations, atmospheric pollutants, photochemical smog, acidic deposition (acid rain) and the complex of chemical reactions that result in acidification. Chemistry 12 and Chemistry 13, taken together, can be used to meet CSU general education requirements.

13 Environmental Chemistry Laboratory (1) UC:CSU (Same as Environmental Science 13)

The associated experiments for this laboratory course will complement Chemistry 12. Areas to be explored will include laboratory techniques for safe handling, storage, and transformation of hazardous materials, quality assurance/control, and chemical instrumentation. Physical and chemical property measurements of aqueous, non-aqueous, and solid samples of environmental importance will also be undertaken.

51 Fundamentals of Chemistry (5) UC:CSU (Formerly Chemistry 3)

Recommended: One year of high school algebra, or Mathematics 115.

This is a descriptive course in inorganic and organic chemistry. Topics include the metric system of measurement; chemical symbols; formulas and nomenclature systems; chemical equations; physical properties including density, solubility and states of matter; chemical properties; acids, bases, buffer and pH; basic principles of equilibrium and an introduction to radioactivity. Organic topics focus on functional group identification including hydrocarbons, organic halides, alcohol, ketones, acids, esters, amines, carbohydrates, lipids and proteins. This course is designed for Nursing and other Allied Health majors, students in Environmental Hazardous Materials, Elementary Education or Liberal Arts who do not intend to take Chemistry 101.

60 Introduction to General Chemistry (5) UC:CSU (Formerly Chemistry 10)

Prerequisite: One year of high school algebra, or Mathematics 115.

This basic chemistry course presents elementary principles of general chemistry, including nomenclature and problem solving. Students whose previous chemistry background is inadequate for Chemistry 101 should take this course in preparation for Chemistry 101.

Chemistry 60 is also recommended for students who have been away from high school chemistry for more than two years.

NOTE: UC transfer credit limit maximum of one course from Chemistry 51 or 60. No credit for Chemistry 51 or 60 if taken after Chemistry 101.

70 Introductory Organic and Biochemistry (4) UC:CSU (Formerly Chemistry 9)

Prerequisite: Chemistry 51, 60, or 101 with a grade of "C" or better.

This course is designed for students who are majoring in Dental Hygiene, Home Economics or Nursing. Emphasis is placed on organic chemistry and the processes that occur in living tissues. The relationship between organic and biochemistry is presented at the molecular as well as the cellular level.

NOTE: UC Transfer Credit Limit: A maximum of two courses from Chemistry 70, 211, 212, or 221 will be accepted for UC credit.

Course Descriptions

101 General Chemistry I (5) UC:CSU (CAN CHEM 2) (Formerly Chemistry 1)

Prerequisites: (1) High school chemistry or Chemistry 60 with a grade of "C" or better; (2) A minimum of two years of high school mathematics or Mathematics 125 or equivalent.

This is a basic course emphasizing principles and theories. It includes discussions of chemical stoichiometry, atomic and molecular structure and the periodic table, gases, liquids, solids, solutions, oxidation reduction, acids and bases, and an introduction to chemical thermodynamics. The laboratory emphasizes basic laboratory skills, chemical principles, and quantitative relationships.

NOTE: No UC credit for Chemistry 51 or 60 if taken after Chemistry 101. One course maximum credit for 51 or 60.

102 General Chemistry II (5) UC:CSU (CAN CHEM 4) (Formerly Chemistry 2)

Prerequisite: Chemistry 101 with a grade of "C" or better.

This course is a continuation of Chemistry 101, with an introduction to chemical kinetics, chemical equilibrium with emphasis on aqueous equilibria, electrochemistry, nuclear chemistry, organic chemistry, and descriptive inorganic chemistry. The laboratory includes both quantitative experiments and qualitative analysis.

NOTE: No UC credit for Chemistry 51 or 60 if taken after Chemistry 101.

211 Organic Chemistry for Science Majors I (5) UC:CSU (Formerly Chemistry 14)

Prerequisite: Chemistry 102 with a grade of "C" or better.

The student is introduced to structure, bonding, naming, stereochemistry and functional group chemistry with emphasis on reactions and reaction mechanisms. In the laboratory, the essential skills of preparation, isolation, purification and identification of organic compounds are presented.

NOTE: UC Transfer Credit Limit: A maximum of two courses from Chemistry 70, 211, 212 or 221 will be accepted for UC credit.

212 Organic Chemistry for Science Majors II (5) UC:CSU (Formerly Chemistry 18)

Prerequisite: Chemistry 211.

Chemistry 212 is a continuation of Chemistry 211 with additional emphasis on the remaining functional groups as well as on multi-step synthesis and reaction mechanisms in stereochemistry and modern instrumental and analytical methods. Special attention is given to reactions and organic compounds of biochemical importance. Significant laboratory time is devoted to synthesis of complex organic compounds.

NOTE: UC Transfer Credit Limit: A maximum of two courses from Chemistry 70, 211, 212, 221 will be accepted for UC credit.

221 Biochemistry for Science Majors (5) UC:CSU (Formerly Chemistry 15)

Prerequisite: Chemistry 211 with a grade of "C" or better.

An introduction to the structure, properties, and metabolism of carbohydrates, fats, proteins, nucleic acids, vitamins and hormones. Relationships between metabolism and energy are presented. In the laboratory, the preparation and reactions of biologically important compounds, both chemical and enzymatic, are investigated.

NOTE: UC Transfer Credit Limit: A maximum of two courses from Chemistry 212, 70, 211, 221 will be accepted for UC credit.

185 Directed Study - Chemistry (1) CSU

285 Directed Study - Chemistry (2) CSU

385 Directed Study - Chemistry (3) CSU

Allows a student to pursue Directed Study in Chemistry on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

CHICANO STUDIES

8 The Mexican-American in the History of the United States II (3) UC:CSU (Same as History 44)

A survey of United States history from 1865 to the present emphasizing the contributions of Mexican-Americans to the development of the U.S. Included is a continued survey of the United States Constitution.

CHILD DEVELOPMENT

1 Child Growth and Development (3) UC:CSU

The process of human development from pre-birth to adolescence is studied. Emphasis is placed on development that enables children to reach physical, mental, emotional and social maturity.

2 Early Childhood: Principles and Practices (3) CSU

Prerequisite: Verification of an annual tuberculosis test.

This is a survey course of preschool education. Students become aware of various types of schools offering experiences to children between 2 and 5 years of age. The personal characteristics of preschool teachers and opportunities for careers in the field are studied. Curriculum suitable for preschool children is included.

3 Creative Experiences for Children I (3) CSU

Recommended: Child Development 1 and 2.

Many types of creative experiences for young children are explored including painting, clay modeling, music, drama, art materials and language development. The student has an opportunity to learn to set up, control and evaluate children's experiences in a classroom setting.

4 Creative Experiences for Children II (3) CSU

Recommended: Child Development 1 & 2.

Creative experiences for children in language arts, mathematics, social studies, science, perceptual motor development and cooking. Curriculum planning, evaluation of the child's experience, and environmental design of the classroom and its impact on learning will be covered.

10 Child Health (3) CSU

Recommended: Child Development 1 and 2.

This course includes information on the nutritional needs and physical and mental well being of children from birth to adolescence. Information dealing with special problems/disabilities is included. Habits and attitudes toward health are discussed. Community resources which are available to assist in the physical and mental well-being of the child are explored.

11 Home, School and Community Relations (3) CSU

Recommended: Child Development 1 and 2.

A study is made on the effect of children's homes, schools and communities on children's development. Special emphasis is placed on the dynamics of human relations in the multicultural urban setting. The cooperation between all agencies connected with the young child is studied in depth.

Course Descriptions

12 Parent-Teacher-Child Interaction (3) CSU

Recommended: Child Development 1 and 2.

Emphasis is placed on familiarizing students with techniques used in parent-teacher conferences to enable them to relate better to the families of the children in their classrooms. Techniques such as role-playing and personal interviews are utilized to give students confidence in working with parents and their specific problems.

21 Child Development Practices and Observation (3) CSU

Recommended: Child Development 1 and 2. Verification of an annual tuberculosis test and fingerprinting is required.

Teaching methods and program planning for preschool students are examined along with the use of materials and equipment in the classroom. Observation and limited participation in the preschool classroom is included, as well as discussions on the development of a well adjusted personality during the preschool years.

22 Laboratory in Child Development I (4) CSU

Recommended: Child Development 1, 2 and 21. Verification of an annual tuberculosis test and fingerprinting is required.

Work with nursery school children is conducted under the direction of a nursery school staff member and is supplemented by the supervision of the course instructor. Emphasis is placed on developing, implementing and evaluating classroom experiences for young children.

23 Practicum In Child Development II (4) CSU

Recommended: Child Development 1, 2, 3, 4, and 22 with a grade of "C" or better. A tuberculosis test and fingerprinting is required.

This is the second semester of practicum teaching experience in a different setting and under the supervision of a master teacher and college instructor. This course provides the practical application of theories covered in recommended courses.

30 Infant and Toddler Studies I (3) CSU

Recommended: Child Development 1.

This course will include a study of infant and toddler development from birth through toddler-hood. The birth process, attachment, temperament and development physically, cognitively, socially and emotionally will be included. Care giving and environments that support development will be covered. Assessments and observations will be implemented by students in a fieldwork format.

31 Infant and Toddler Studies II (3) CSU

The principles of inclusive, respectful caregiving for infants and toddlers within a variety of program designs will be studied and analyzed. Skills for designing appropriate curriculum and environments will be included in the content of the course. Health, safety and licensing requirements will be examined. Modalities for communicating with parents and providing resources for support will be discussed as part of this course.

34 Observing and Recording Children's Behavior (3) CSU

This course includes observing, recording and interpreting children's behavior in a variety of settings. Diaries, anecdotes and other forms of written and oral records are explored and used.

35 Literacy Development in Young Children (3)

This course examines early literacy as the beginning stages of learning to read and write. The course surveys ways to promote early literacy through curriculum, assessment, talking, playing, reading, writing, and learning the code. The use of developmentally appropriate approaches in promoting and reinforcing early literacy are implemented in hands-on projects. Students are exposed to recognizing the alphabet as a code for the sounds of language.

38 Administration and Supervision of Early Childhood Programs (3) CSU

Recommended: Child Development 1, 2 and 11.

The principles and practices of nursery school organization and administration covered include organizational structure, budgeting, personnel policies and practices, records, statistics, reporting and relationship with community resources.

39 Administration and Supervision of Early Childhood Education Programs II (3) CSU

Recommended: Child Development 38.

An in-depth study of budget and staffing, including the use of computers. The course will include proposal writing, advocacy, staff relations, in-service training, working with parents, dealing with supervising agencies or boards, professional activities and current research in the field, as well as changes in the laws.

42 The Child in a Diverse Society (3) CSU

This course presents the philosophy and methods related to working with young children and families within a diverse society, including race, language, culture, gender, age, social class and children with special needs. Curriculum development and environmental designs will be studied from an inclusive perspective.

44 Programs for Children with Special Needs I (3) CSU

This course focuses on accommodating and adapting the physical environment, instructional strategies and curriculum to meet the needs of differently-abled children and their families. Legal mandates and the impact of laws and legislation will be examined in respect to the impact on children and their families. Understanding the process of assessment and developing an Individual Family Service Plan will be analyzed and discussed.

45 Programs for Children with Special Needs II (3) CSU

This course identifies the political and social implications that affect special education, and it identifies the different categories of disabilities. The Individual Education Plan is discussed and evaluated. Students are exposed to techniques for identifying and implementing goals and objectives for children with special needs. Teaching techniques and curriculum activities are discussed designed and implemented in the class projects.

46 School Age Programs I (3) CSU

The student will be introduced to school-age programs. It is designed for those planning to work in before and after school childcare. Topics to be covered will include growth and development, creative experiences, and developmentally appropriate practices and environments. Techniques for guiding children's behavior and communication will be discussed. Appropriate administration and staffing for school-age programs will be analyzed and discussed.

47 School Age Programs II (3) CSU

Students will be introduced to the different types of school age childcare programs. Topics to be covered will include the child in context to the family, community and society. The physical environment and the modalities for facilitating learning will be discussed and analyzed. Opportunities to develop and implement age and content appropriate activities for school-aged children will be executed in classroom projects.

48 Positive Guidance in Early Childhood Settings (3) CSU

This course will explore developmentally appropriate management techniques for children in early childhood settings. Emphasis will be placed on developing culturally sensitive individualized plans for behavior management of traditional and special needs children.

Course Descriptions

60 Introduction to Family Child Care I (1)

This course is designed for family childcare providers and persons entering the profession. Focus is placed on business and environmental considerations, age appropriate activities for multi-ages. The importance of maintaining accurate business records will be discussed. Identifying and maintaining a quality program will be discussed in terms of such aspects as: health, safety, nutrition, physical environment, and communication with parents and children.

61 Introduction to Family Child Care II (1)

This course is designed for students who are interested in family day care. It will focus on business management, business law, insurance, budget, contracts and record keeping, taxes and marketing. Students will explore marketing techniques and design advertising materials and contracts.

62 Developmental Profiles: Pre-Birth Through Age Eight (2)

This course defines concise profiles of physical, emotional, social and intellectual development from pre-birth through age eight. It reviews commonly used terms and concepts of child development. Students will examine observation and assessment techniques to enable them to evaluate children.

63 Creative Curriculum in a Family Child Care Setting (2)

This course has an emphasis on play and creative experiences for children in the home setting. Demonstrations and participation in dramatic play, manipulatives, music, math, science, art, crafts, and language will be covered, with emphasis placed on promoting an environment and techniques that will foster creativity and individuality in children.

65 Adult Supervision and Early Childhood Mentoring (2)

This course is a study of the methods and principles of supervising student teachers in early childhood programs. The course emphasizes the role of classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents, and staff. This course identifies and examines the roles of supervisors, teachers, support staff, the child and the family. Different styles of supervising are discussed and evaluated.

185 Directed Study - Child Development (1) CSU

285 Directed Study - Child Development (2) CSU

385 Directed Study - Child Development (3) CSU

These courses allow the student to pursue directed study in Child Development on a contract basis under the direction of a supervising instructor. Refer to the "Directed Study" section of this catalog for additional information. A maximum of 6 units in Directed Study may be taken for credit.

911 Cooperative Education - Child Development (1)

921 Cooperative Education - Child Development (2)

931 Cooperative Education - Child Development (3)

941 Cooperative Education - Child Development (4)

(See Cooperative Education Section for guidelines.)

CHINESE

1 Elementary Chinese I (5) UC:CSU

This course stresses the fundamentals of pronunciation, grammar, practical vocabulary, useful phrases, and the ability to understand, speak, read and write basic Mandarin Chinese. It includes an introduction to Chinese civilization and culture.

CINEMA

(Also See Theater)

1 Introduction to Motion Picture Production (3) UC:CSU

Prerequisites: Cinema 3, Cinema 107.

(Same as Theater 501)

This course is a comprehensive introduction to basic film production techniques and equipment. Proper procedures are explained for the use of cameras, lenses, filters, film stock, light, microphones, tape recorders, editors, and other motion picture equipment. The goal of this course is to appreciate and understand the elements unique to cinematic production and post-production.

3 History of Motion Pictures (3) UC:CSU

Prerequisite: Cinema 1

(Same as Theater 505)

This course covers the history of motion pictures and television. Films and shows from the beginning to present times are screened in class. Both American and foreign productions are discussed.

5 Introduction to Screenwriting (3) UC:CSU

Prerequisite: Cinema 1.

Screenwriting is taught with special attention to the development of script, lot and character as related to technical scripts and screenplays.

18 Main Currents in Motion Pictures (3) UC:CSU

In this course, students will explore the major categories of movies, including comedy, science fiction, suspense, the western, horror, and the musical. Most weeks feature in-class screenings of significant feature films.

107 Understanding Motion Pictures (3) UC:CSU

This course analyzes the elements that make film and art form, including visual composition, color, music, acting, editing, lighting, story, and sound. This course also includes regular screenings of classic and contemporary motion pictures.

111 Cinema: Developing Content for Movies (3) CSU

This survey course presents an overview of the art and business of the film industry, and explains the cultural function and aesthetic significance of the medium. It analyzes how movies are made today, discusses how a project evolves from concept, through script, to production.

112 Script Analysis (3) CSU

Prerequisite: English 101.

This course will train the student to write a professional evaluation ("coverage") identifying strengths and weaknesses of literary material submitted to the producers of film and television. Student's written analysis of scripts will become part of their professional portfolio.

125 Film Production Workshop I (3) (RPT 3)

Prerequisite: Cinema 1

Introduction to 16 mm film making focuses on all technical and creative aspects of the medium. This hands-on course includes developing the script, filming, and post-production culminating in a finished film.

931 Cooperative Education - Cinema (3) CSU (RPT 3)

Course Descriptions

933 Database Design and Programming (3) CSU

Prerequisite: CO SCI 930 or equivalent experience.

This class explains the concept of a relational database management system. It illustrates how the Microsoft Access database management system may be used in common business applications such as report and screen design, database design, and computer-aided decision making. This course covers advanced Access features including SQL programming.

934 Operating Systems (3)

Prerequisite: CO SCI 902 or equivalent experience.

This course covers operating system topics in the A+ certification exam and provides students with the technical foundation in current Microsoft operating systems, including PC hardware architecture, operating system installation, configuration, administration, and troubleshooting. This course has a particular focus on Microsoft operating system command-line commands, batch file programming and Windows scripting. This course is appropriate for computer science majors and/or users who require skills to perform operating system support tasks. *NOTE: This course is a prerequisite to enter Microsoft Certified Systems Engineer (MCSE) or the CISCO (CCNA) training program.*

936 Introduction to Data Structures (3) UC:CSU

Prerequisite: CO SCI 939 or equivalent experience with the C++ programming language.

This course introduces the student to the concept of "software engineering" that is a disciplined approach to the design, production, and maintenance of computer programs. Concepts of data design, encapsulation, and information hiding will be emphasized. Arrays, stacks, queues, linked lists, binary search trees, sorting algorithms, and recursive programming techniques will be covered. Students will also learn advanced features of the C++ programming language, such as creation of multi-file programs and dynamic memory allocation. Techniques of the object-oriented programming paradigm will be used to develop data structures.

937 Teleprocessing Systems (3) CSU

Prerequisite: Computer Science CO SCI 901 or CO SCI 902 or equivalent experience.

This course introduces students to basic concepts of telecommunications. Modems, serial I/O, protocols, security and telecommunications software will be covered. Students will use telecommunications software to communicate with other computers. They will learn how to access the World Wide Web and gain practical experience creating websites.

938 Basic Programming (3) CSU

Prerequisite: CO SCI 902 and familiarity with Windows.

This course explains how to use the visual basic programming language in order to develop Windows applications. Graphic User Interface design skills are emphasized, and advanced skills such as accessing information in a database and using object linking and embedding are taught.

939 Programming in C++ (3) UC:CSU

Prerequisite: CO SCI 902 or equivalent experience.

This course teaches the student to write programs in the C++ language, and introduces the object-oriented programming paradigm. After reviewing basic statement types, students learn to write functions utilizing pass-by values and pass-by references. Structures, classes, and objects are introduced, and students learn to use objects effectively in writing programs. Operator overloading and inheritance also facilitates the use of objects. Pointers, memory management techniques, friend and virtual functions are described. Finally, students examine streams and files as examples of the application of complex object-oriented programming in C++.

941 Cooperative Education - CO SCI (4) CSU

See "Cooperative Education" section.

948 Advanced Spreadsheet (3) CSU

Prerequisite: CO SCI 930 or equivalent experience with spreadsheet programs.

This course is designed to expose students to some of the advanced features of Microsoft Excel. Students will learn everything from basic skills such as creating professional worksheets using charts and graphs, to more advanced skills like creating and using pivot tables, creating Excel applications, and using Scenario Manager and Solver.

957 Introduction to Web Page Design (3)

This course will take the student through the various technical phases of web site development. Students will learn everything from basic skills such as creating web pages, tables and form, to more advanced skills like integrating a database with a web site, and publishing the site on the internet. This will be the first course in a series of courses in web site development and e-commerce.

965 Introduction to Computer Networks (3)

Prerequisite: CO SCI 901 or CO SCI 902, and CO SCI 934, or equivalent experience.

This course serves as a general introduction to the full range of computer networking, from local-area network to wide-area network technology. This course helps students build a foundation in current Microsoft networking technology using Windows 2000/3 Server. It includes text-based study materials, hands-on lab exercises and demonstrations to reinforce network concepts and theories. *NOTE: This course is one of the required core courses for the WLAC Microsoft Certified Systems Engineer (MCSE) or CISCO (CCNA) training program.*

967 Introduction to Windows Operating Systems (3)

Prerequisite: CO SCI 901 or CO SCI 902, and CO SCI 934, or equivalent experience.

This course is intended for those who are preparing for the MCSE 2000/3 certification examination 70-270. It helps students gain the knowledge and skills needed to support Microsoft Windows XP Professional in a Microsoft workgroup network and the Windows 2000/3 server domain environment. These skills include setup, configuration, customization, optimization, troubleshooting, network integration and other support issues. This course is one of the required courses for the WLAC Microsoft Certified Systems Engineer (MCSE) training program.

972 Introduction to Cisco Network Fundamentals (3)

Prerequisite: CO SCI 965, CO SCI 983 (TCP/IP), or equivalent experience.

This course covers topics including networking, network terminology and protocols, network standards, LAN, WAN, the layers of the OSI reference model, cabling, and cabling tools. In addition, this course provides students with their first exposure to Cisco routers, router programming, and routing protocols. Students will be introduced to router startup and setup configuration, the Cisco Internetworking Operating System (IOS), routing protocols, and network management issues. The course utilizes hands-on lab exercises and demonstrations to reinforce network concepts and theories. This course is equivalent to Cisco's Semester I & II of the Cisco Network Academy.

Course Descriptions

974 Introduction to Cisco Routers (3)

Prerequisite: CO SCI 972.

This course covers advanced networking topics including LAN switching, VLANs, LAN design, routing protocols, access control lists, and WAN design. In addition, students will learn more advanced Cisco router configuration techniques. The course utilizes hands-on lab exercises and demonstrations to reinforce routing concepts and router configuration. This course is the final course (equivalence to Cisco's Semester III & IV) in a series of four courses preparing students to pursue the Cisco Certified Network Associate (CCNA) certification.

981 Administering Computer Networks (3)

Prerequisites: CO SCI 965, CO SCI 967, or equivalent Microsoft certification.

This course is intended for those who administer Microsoft Windows 2000/3 Server and 2000 Professional, and for those preparing for the Microsoft Certified Systems Engineer Windows 2000/3 certification examination 70-210. It provides students with the knowledge and skills necessary to perform post-installation and day-to-day administration tasks in a Microsoft Windows 2000/3 Server networking environment. It also provides students with the prerequisite knowledge and skills required for course CO SCI 982, (Introduction to Microsoft Windows 2000/3 Server). This course is one of the required core courses for the Microsoft Certified Systems Engineer training program.

982 Introduction to Microsoft Windows 2003 Server (3)

Prerequisites: CO SCI 965, CO SCI 967 and CO SCI 981, or equivalent Microsoft certifications.

This course is intended for those who administer Microsoft Windows 2003 Server, and for those preparing for the Microsoft Certified Systems Engineer Windows 2003 certification examination 70-290. The course provides the core foundation for supporting Microsoft Windows 2003 Server. In addition, it provides support professionals with the skills necessary to install, configure, customize, optimize, network integrate and troubleshoot Windows 2003 Server. This course is one of the required core courses for the WLAC Microsoft Certified Systems Engineer (MCSE) training program.

983 Microsoft Network Infrastructure Administration (3)

Prerequisite: CO SCI 981, CO SCI 982, or equivalent experience.

This course will teach students how to plan a network infrastructure around features supported by Windows 2003. Students will learn how to configure and support the TCP/IP protocol and network services such as IPsec, DHCP, and DNS, and prepare for certification exam 70-291. In addition, it is appropriate for those interested in web server administration and network security. This course is one of the required core courses for the WLAC Microsoft Certified Systems Engineer (MCSE) training program.

984 Introduction to Windows Active Directory Services (3)

Prerequisite: CO SCI 981, CO SCI 982, CO SCI 983 or equivalent experience.

This course introduces students to Windows 2003 server Active Directory Services concepts and prepares students to plan, configure, and administer an Active Directory infrastructure. Students will learn to configure Domain Name System to manage name resolution, schema, and replication. In addition, students will also learn to use Active Directory to centrally manage users, groups, shared folders, and network resources. This course is one of the required courses for the WLAC Microsoft Certified Systems Engineer (MCSE).

990 Object-Oriented Programming in Java (4) CSU

Prerequisite: CO SCI 939.

This course is designed to take the student through the various phases of Java programming, from applications and applets to database programming using JDBC. The course will cover Java foundation classes (JFC), detailed exposure to Util and Lang packages, and some networking/animation.

991 Programming Laboratory (1) (RPT 3) (CR/NCR)

This class provides access to modern networked microcomputers for any student at West Los Angeles College. Students enrolled in this class will be provided with a "user ID" which will allow them to use word processing, spreadsheet, and desktop publishing software as well as computer programming languages. Written instructions will be provided in the use of the computer facilities.

992 Programming Laboratory (1) (RPT 3) (CR/NCR)

Any or all of the above UC transferable courses combined:
Maximum UC credit allowed, 6 courses total.

COOPERATIVE WORK EXPERIENCE EDUCATION

Cooperative Work Experience Education (CWEE) combines on-the-job experience with regular classroom instruction. It is designed to expand skills and knowledge and to improve self-understanding by integrating classroom study with planned, supervised work experience. CWEE is based on the principle that well-educated individuals develop most effectively by incorporating related education and work experience. These structured experiences in business, industry, government and human services bring enrichment to college studies and enhance the student's total development. It is called CWEE because the educational objectives are carefully planned and coordinated with the student's employer to provide realistic employment experience.

The objectives are to:

1. Provide opportunity for the student to secure employment on a part-time or full-time basis.
2. Gain realistic work experience that is meaningfully related to the student's college study program.
3. Provide the student opportunity to acquire knowledge, skills, and attitudes essential for successful employment.

Benefits of Cooperative Work Experience Education

The Student:

1. Has the opportunity to learn or improve employment skills under actual working conditions.
2. Gains perspective on career goals through application of classroom theory to "real life experience."
3. Builds self esteem and confidence as a worker through individual attention given by instructor or coordinators and employers.
4. Has opportunities to test personal abilities in work environments.
5. Has a more realistic approach to the job market.
6. Will gain a better understanding of human relations.

Course Descriptions

7. Will learn to apply Management by Objective (MBO).
8. May refer to work experience education on future job applications.
9. Benefits financially while learning.
10. Can begin a career earlier.

Student Qualifications:

1. Be pursuing a planned program based on measurable learning objectives agreed on with a CWEE instructor or coordinator.
2. Be enrolled in no less than seven units (including CWEE units).
3. Be enrolled in at least one other class in addition to CWEE during the summer session.

CORRECTIONS

(See Administration of Justice for additional course offerings)

2 Correctional Institutions (3) CSU (Same as Administration of Justice 75)

The student will become aware of cultural diversity during the presentation of the various course topics, such as community relations, race relations and cultural awareness.

3 Field Work I (3)

Prerequisites: Corrections 1 and 2. (Administration of Justice 1 can substitute for Corrections 1.)

Under supervision, students will participate in a correctional facility such as a probation/parole field office, jail, detention center, juvenile camp, juvenile institution, or a similar agency. Students must meet the minimum entry-level requirements of the participating agency and will be fingerprinted, take an oath and a TB test. The class meets once a week, and the student will have a volunteer assignment for a minimum of six hours per week with a sponsoring agency.

4 Field Work II (3)

Prerequisites: Corrections 1, 2, and 3. (Administration of Justice 1 can substitute for Corrections 1.)

Under supervision, students will participate in a correctional facility such as a probation/parole field office, jail, detention center, juvenile camp, juvenile institution, or similar agency. Students must meet the minimum entry-level requirements of the participating agency and will be fingerprinted, take an oath and a TB test. The class meets once a week, and the student will have a volunteer assignment for a minimum of six hours per week with a sponsoring agency.

5 Legal Aspects of Corrections (3)

This course provides students with an awareness of the historical framework, concepts, and precedents that guide correctional practices. Course material will broaden the individual's perspective of the corrections environment, the civil rights of prisoners, and the responsibilities and liability of correctional employees.

310 FIELD WORK I (3) (Same as Corrections 3)

311 FIELD WORK II (3) (Same as Corrections 4)

DANCE

All Dance classes require critical thinking to satisfactorily complete the course.

185 Directed Studies (1)

This course allows students to pursue directed studies in Dance on a contract basis, under the direction of a supervising instructor.

225 Yoga Skills (1)

An ancient form of movement involving prescribed postures and breathing techniques. Yoga helps to promote strength, flexibility, coordination and balance.

228 Body Conditioning (1)

This course combines aerobics with Pilates, dance, yoga and free weights for overall conditioning.

229 Body Dynamics (1)

This course combines aerobics with weight training and stretching for overall conditioning. Body mechanics, nutrition and diet information will also be provided.

431 Modern Dance (1)

Instruction and practice in the basic skills and techniques of various modern dance forms.

434 Ballet (1)

Students will be trained in classical ballet techniques. Correct placement and execution of movements will be emphasized.

437 Jazz Dance (1)

This course will train students in a variety of jazz dance techniques and principles.

440 Social Dance I (1)

All levels learn various social ballroom dances including salsa, swing, waltz, rumba, tango and others.

460 Ballet Techniques (1)

This course teaches traditional ballet techniques and principles. This course will emphasize not only the correct placement and execution of a wide variety of ballet movements, but will also teach the terminology and history of the movements.

462 Modern Dance - (1)

Students develop coordination, flexibility and cardiovascular strength while learning various modern dance techniques.

463 Modern Jazz Dance - (1)

This course provides instruction in the technique, principles, terminology and practice of modern jazz dance.

470 Step Aerobics (1)

This course will teach the student how to safely exercise aerobically using a step bench.

630 Aerobic Super Circuit Laboratory (1)

Using fundamentals of exercise physiology each student will assess his/her level of physical fitness and, using this information, develop, design and implement a personalized exercise program.

Course Descriptions

666 Body Conditioning (1)

This course combines aerobics with Pilates, dance, yoga and free weights for overall conditioning.

668 Body Dynamics (1)

This course is a combination of aerobic and calisthenics activities. Emphasis is on physical fitness through regular exercise. Body mechanics, nutrition and diet information will also be provided.

814 Dance Production (2)

This course offers instruction in choreographic techniques culminating in a student dance production. Students will be responsible for choreographing and performing a variety of dances. This course is open to all levels.

822 Dance Rehearsals and Performances (1)

This course is structured rehearsal time culminating in a student dance production. Students participate as dancers and or choreographers.

911 Cooperative Education – Dance (1)

Cooperative education is an intern type of work experience for future dance professionals where the employer and the college partner to ensure that the student receives on-the-job training and unit credit for dance-related work experience.

DENTAL HYGIENE

NOTE: Courses are open to enrolled Dental Hygiene Majors only.

87 Orientation to Dental Hygiene Application (1) (CR/NCR)

This class will discuss the educational program, the process and an overview of the dental hygiene profession.

88 Dental Hygiene Development Clinic (RPT 3) (1) NDA

Open to students enrolled in Dental Hygiene. Discussions and exercises presented will center on case reasoning for Clinical Dental Hygiene care. Accumulated theoretical knowledge will be related to practical clinical applications.

90 Special Projects in Dental Hygiene (2) NDA (CR/NCR)

Prerequisite: Permission of the instructor. Open to enrolled Dental Hygiene students or graduates of an approved Dental Hygiene program.

This course allows Dental Hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

91 Special Projects in Dental Hygiene (4) NDA (CR/NCR)

Prerequisite: Permission of the instructor. Open to enrolled Dental Hygiene students or graduates of an approved Dental Hygiene program.

This course allows Dental Hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

92 Special Projects in Dental Hygiene (6) NDA (CR/NCR)

Prerequisite: Permission of the instructor. Open to enrolled Dental Hygiene students or graduates of an approved Dental Hygiene program.

This course allows Dental Hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

96 Special Projects in Dental Hygiene - Laboratory (.5) NDA

Prerequisite: Permission of the instructor. Open to enrolled Dental Hygiene students or graduates of an approved Dental Hygiene program.

This course allows Dental Hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

97 Special Projects in Dental Hygiene (1) NDA

Prerequisite: Permission of the instructor. Open to enrolled Dental Hygiene students or graduates of an approved Dental Hygiene program.

This course allows Dental Hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

100 Principles of Clinical Dental Hygiene (2)

Open to enrolled students in Dental Hygiene. (First Semester)

This course will provide beginning Dental Hygiene students with the scientific knowledge and understanding of the basic principles of dental techniques and procedures for applying comprehensive dental hygiene services.

101 Clinical Dental Hygiene (2)

Open to enrolled students in Dental Hygiene. (First Semester)

This pre-clinical dental hygiene services course is designed to develop the skills and techniques required for performing dental hygiene services and orienting the student to the role of the clinical dental hygienist.

101A Clinical Dental Hygiene (1)

Modularized Class

101B Clinical Dental Hygiene (1)

Modularized Class

102 Radiology I - Introduction to Radiology (1)

Open to enrolled students in Dental Hygiene. (First Semester)

This course presents a study of the principals and techniques of exposing and processing dental radiographs. Emphasis is placed on radiation safety and protection.

103 Radiology I - Laboratory (1)

Open to enrolled students in Dental Hygiene. (First Semester)

This laboratory course is designed to provide experience in exposing, processing, mounting charting and interpreting dental radiographs on a mannequin.

104 Dental Morphology (2)

Open to enrolled students in Dental Hygiene. (First Semester)

Through lecture and demonstration, the morphological characteristics and development of the teeth and oral structures are presented. Emphasis is on comparative crown and root anatomy. Some drawing and wax carving of teeth may be required.

105 General Pathology (2)

Open to enrolled students in Dental Hygiene. (First Semester)

This lecture course focuses on the basic pathologic mechanisms in human disease. Major diseases and disorders encountered in practice are discussed, with emphasis on the clinical aspects of the diseases.

106 Anatomy of the Head and Neck (2)

Open to enrolled students in Dental Hygiene. (First Semester)

A detailed study of the anatomy of the human head, neck, face and jaw is presented through lecture and demonstration.

Course Descriptions

108 Introduction to Periodontics (2)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

This course is designed to provide the Dental Hygiene student with an introduction to periodontics. Etiology, prevention, diagnosis and Phase I therapy will be discussed histologically and clinically.

109 Infection Control in Dentistry (1)

Open to enrolled students in Dental Hygiene. (First Semester)

This course is designed to provide the dental health care worker with the principle and practical application concepts of infection control in dentistry. Occupational Safety and Health Administration (OSHA), environmental Protection Agency (EPA), Center for Disease Control (CDC) and other governmental agency standards will be presented and discussed.

150 Preventive Dentistry (1)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

This course provides the fundamentals for the clinical application of primary preventive dentistry procedures. Content centers on the strategies to prevent plaque diseases and the skills required for effective patient education and motivation.

151 Clinical Dental Hygiene II (3) (CR/NCR)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

At the UCLA School of Dentistry, students apply knowledge and basic clinical skills learned in DH 101 and other related classes toward competency in performing dental hygiene services. Emphasis will be on the periodontal maintenance and recall patient, and the patient with mild-to-moderate active periodontal involvement.

151A Clinical Dental Hygiene II (1)

Modularized Class

151B Clinical Dental Hygiene II (2)

Modularized Class

152 Special Patient Care (1)

Open to enrolled students in Dental Hygiene (First Semester)

The role of dental hygienist in the care of the special dental patient is the focus of this lecture course. The determining factors and treatment considerations for medically, physically and emotionally handicapped patients will be explored.

153 Radiology II - Interpretation (1)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

The clinical discipline of radiographic interpretation of oral and maxillofacial disease is presented for the dental hygienist. Techniques in extra-oral and specialized radiography are discussed.

154 Oral Pathology (2)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

The interpretation of pathological conditions is presented with emphasis on clinical signs and symptoms. Oral abnormalities are presented through the use of color slides and case histories.

155 Dental Materials (2)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

The purpose of this course is to study the properties, composition and manipulation of materials used in dentistry. The study of dental materials enables the dental hygienist to understand the behavior of these materials, and provides a scientific rationale for selecting, using and understanding the varied relationships of dental bio-materials.

156 Histology and Embryology of Oral Tissues (2)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

Through lecture and demonstration, the histological structure of oral tissues is presented.

160 Clinical Dental Hygiene (2) II B

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Summer)

Students will apply knowledge and basic clinical skills learned in DH 101 and DH 151 and other related classes toward proficiency in performing dental hygiene services. Emphasis will be on supportive periodontal treatment for the patient with mild-to-moderate, active periodontal involvement.

200 Cariology and Occlusion (1)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

This course provides understanding, recognition and proper treatment of cariology and occlusion. Lectures and discussions cover the aspects of temporomandibular dysfunction, dental caries, dental desensitization and traumatic injuries to the teeth.

201 Clinical Dental Hygiene III (4) (CR/NCR)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental hygiene courses attempted with a grade of "C" or better. (Third Semester)

In a clinical setting, students apply specific knowledge and skills learned in pre-clinical and didactic courses. Emphasis will be on treating the patient with moderate periodontal involvement. Rotating assignments into dental specialty clinics at UCLA provide the opportunity to learn of the role of the dental hygienist in these areas.

201A Clinical Dental Hygiene III (2)

Modularized Class

201B Clinical Dental Hygiene III (2)

Modularized Class

203 Expanded Functions - Laboratory (1) (CR/NCR)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

This laboratory course is designed to provide experience in selected functions and manipulations of various dental materials, with emphasis on the role of the dental hygienist as a member of the team. Procedures include: placement and removal of rubber dams, sizing of stainless steel crowns, sizing, placement and removal of temporary crowns and restorations, mouth-guard construction, placement and removal of anterior and posterior matrices, finishing of amalgam restorations, intra-oral photographs, placement of pit fissure sealants, placement and removal of periodontal dressings, placement and removal of sutures, vitality testing, placement of temporary wire ligations and taking amalgam impressions.

Course Descriptions

204 Dental Health Education (1)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

This course in dental health education is designed to orient Dental Hygiene students in the role of dental health educator. The course focuses on the concepts of school program planning, development of evaluation mechanisms, and coordinating efforts with educational and community systems in teaching elementary and preschool-aged children and those with special handicaps.

205 Dental Health Education - Practicum (1)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

This practicum course to Dental Health Education (DH 204) is designed to provide the Dental Hygiene student with experiences in dental health education.

206 Periodontics (1)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

Lectures on anatomy, histology and pathology of the periodontium are correlated with the clinical aspects of periodontal disease and the various therapeutic measures currently in use. Rationale and procedures for gingival curettage will be discussed.

207 Pain Control (2)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

Management of pain control through the use of local anesthetics and nitrous oxide and oxygen sedation is studied through lectures and laboratory exercises.

207A Pain Control (1)

Modularized Class

207B Pain Control (1)

Modularized Class

208 Pharmacology (3)

Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of "C" or better. (Third Semester)

This course presents the general principles of pharmacology, including the pharmacodynamics, pharmacokinetic adverse reactions, and contraindications of drugs. Emphasis will be placed on those drug groups especially relevant to dental practice including the general anesthetics, local anesthetics, sedatives, analgesics, antiseptics, autonomic drugs, anti-inflammatory drugs and antibiotics.

210 Emergencies in Dental Practice (1)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

This course is designed to provide the student with the background and skill to recognize and manage any medical emergency situation. Emphasis will be placed on prevention, prompt recognition, and effective treatment of life-threatening emergency situations that can occur in the practice of dentistry.

250 Advanced Periodontal Seminar (1)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

This course is designed to provide the dental hygienist with an advanced understanding in periodontics. The development of a periodontal treatment philosophy will be accomplished through reading in the classical and current literature. Emphasis will be placed on nuances of periodontal care, controversies and state of the art understanding developed through the reading of scientific literature.

251 Clinical Dental Hygiene IV (5) (CR/NCR)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

In a clinical setting, students apply specific knowledge/skills learned in clinical/didactic courses. Emphasis will be on treating the patient with moderate-to-advanced active periodontal involvement. Clinical experiences at higher levels of skill are required to prepare the student for licensure. Rotating assignments into dental specialty clinics at UCLA provide the opportunity to learn of the role of the dental hygienist in these areas.

251A Clinical Dental Hygiene IV (3)

Modularized Class

251B Clinical Dental Hygiene IV (2)

Modularized Class

252 Essentials of Dental Hygiene Practice (2)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

Lecture, discussion and group activities will focus on the legal, ethical and managerial aspects of dental hygiene practice.

253 Community Dental Health (1)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

This course is a study of the concepts and methods of preventive dentistry as they relate to the oral health of groups. Issues central to community dental health such as access to care, supply and demand, quality assurance, health financing, and recognition of abuse as it is described in health policies are discussed.

254 Community Dental Health - Practicum (1)

Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of "C" or better. (Fourth Semester)

The purpose of this practicum is to provide experiences in program planning and implementation at various governmental and voluntary community agencies.

256 Biochemical Nutrition (3)

Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of "C" or better. (Second Semester)

The relationship of diet and nutrition to various diseases such as periodontal disease, cancer, diabetes, and obesity will be considered, as will the nutritional considerations of patients with special needs. Each major nutrient group will be covered along with its biological role.

Course Descriptions

260 Research Design and Methodology (1) RPT 1

This course is designed to introduce the student to how research projects are designed, undertaken and evaluated utilizing quantitative and qualitative methodologies. In addition, students will learn to analyze and evaluate scientific literature in health-related areas.

EARTH SCIENCE

(Also see **Environmental Science, Geography, and Oceanography**)

1 Earth Science (3) UC:CSU

This course provides a broad-based, integrated introduction to the geosciences. The course content includes a survey of topics from geology, geography, oceanography, meteorology, and astronomy. This course is designed to fulfill a natural science requirement.

ECONOMICS

1 Principles of Economics I (3) UC:CSU (CAN ECON 4)

This introductory microeconomics course provides students with an understanding of the basic economic principles and forces which govern the production and distribution of goods and services. Topics include forms of business organization, the role of government in the economic system, value and price in a free-enterprise system, labor/management relations, and contemporary economic developments.

2 Principles of Economics II (3) UC:CSU (CAN ECON 2)

This is an introductory course in the principles of macroeconomics. Topics considered include: the national income, business fluctuations, the financial system, public finance, international economics, and the application of economic principles to contemporary economic developments.

EDUCATION

1 Introduction to Teaching (3) CSU

This course introduces students to the field of professional education and teaching as a career. Students are assigned to schools to observe current teaching practices and trends, and to assist a master teacher in the operation of a modern classroom.

6 Methods and Materials of Tutoring (1) (NDA)

Students preparing to be peer tutors will learn strategies for teaching grammar and the mechanics and organization necessary for the writing process.

911 Cooperative Education - Education (1) CSU

921 Cooperative Education - Education (2) CSU

931 Cooperative Education - Education (3) CSU

941 Cooperative Education - Education (4) CSU

Cooperative Education is approved for Cooperative Work Experience credit. See Cooperative Education section for prerequisites, course descriptions and credit limits.

EMERGENCY MEDICAL TECHNICIAN/TECHNOLOGY

(See **ALLIED HEALTH** for course listings)

ENGINEERING (GENERAL)

2 Introduction to Engineering Drafting (3) UC:CSU

Prerequisite: High school drafting, college drafting or General Engineering 52.

Intermediate level multi-view and pictorial drawings are covered. Introduction to descriptive geometry. Sketching, auxiliary views, developments, intersection and linear tolerancing are included.

4 Engineering Descriptive Geometry (3) UC:CSU

Prerequisite: General Engineering 2.

This course presents the fundamental principles of engineering descriptive geometry and its application to engineering problems, orthographic projections, including auxiliary and oblique views, and point, line and plane problems. Intersections and developments are included.

7 Statics (3) UC:CSU

Prerequisite: Mathematics 261.

Force systems and equilibrium conditions are studied, with emphasis on engineering problems covering structures, machines, distributed forces and friction. This course is required of all Engineering majors.

52 Elementary Engineering Drafting (3)

Instruction is provided in the proper use and care of drawing instruments, in technical lettering, geometric construction, orthographic and pictorial views, sectional views, developments, fasteners and dimensioning.

ENGLISH

20A College Reading Skills I (3)

This course teaches students basic college reading skills and related writing skills.

21 English Fundamentals (3) NDA

Prerequisite: Appropriate placement level demonstrated through the English assessment process.

This is a reading/writing course that teaches basic skills in composition, reading and grammar/mechanics. Objectives relate to writing effective sentences and structuring academic prose based on readings. The course prepares students for transfer-level English and technical/vocational courses.

22 Technical English (3)

Technical English is designed for students in the business, industrial and technical fields. Instruction covers reading, writing, and speaking. Emphasis is placed on writing business and technical correspondence, technical procedures, and a variety of reports. Summarizing trade reports, technical reports; other technical data, and the preparation and presentation of oral reports is also studied.

23 Advanced Vocabulary (3) NDA

This course teaches a technique of enlarging and enriching a student's vocabulary through a more in-depth understanding of words. The class includes the history of English and a survey of the varied elements which make up individual vocabularies. It introduces the laws of word formation, derivatives from Latin, Greek and Old English, and the application of prefixes and suffixes to the roots of words.

Course Descriptions

28 Intermediate Reading and Composition (3)

Prerequisite: Completion of English 21 or English 73 with a grade of "C" or better, or appropriate placement level demonstrated through the English assessment process.

This is an intermediate course in written composition and critical thinking. It is a prerequisite for English 101 and is a designated requirement for an AA or AS degree. The course emphasizes academic writing based primarily on critical reading. Six compositions of 500–750 words are required.

31 Composition and Critical Reading (5)

Prerequisite: Successful completion of English 21 or 73, appropriate placement level demonstrated through the English assessment process, or consent of the instructor.

This class focuses on academic reading and writing with particular emphasis on writing full-length essays. Analytic reading techniques are taught using a variety of sources including subject-area textbooks, magazine articles, essays, and a variety of literature. Students discuss and analyze these sources as basis for eight to ten full-length papers, and several short papers.

33 Basic Vocabulary (3) NDA

This course familiarizes students with the wealth of information contained in dictionaries, and instructs in their usage as a tool for communication. The student's vocabulary is increased through a systematic study of word structure, prefixes, suffixes and combining forms. The student becomes aware of the utility and beauty of language.

46 Reading and Study Improvement (3) NDA

This course is designed to aid the student in increasing reading and studying efficiency. Each student is assisted in analyzing reading skills and, by means of intensive practice with a variety of reading materials, learns how to read more effectively for a variety of purposes: textbook reading, on-the-job reading tasks and other situations where rapid reading and high retention are desirable.

67 Writing Laboratory (.5)

This course is designed to improve the student's writing ability by providing supervised instruction emphasizing individual conferences. Completion of specific assignments are based on personal needs and skills required in both English and other college courses.

69 Writing and Revising on the Computer (1) (RPT 3) (CR/NCR)

Students use computers to improve their writing skills, including organizing, spelling, punctuating, grammar and mechanics.

73 Beginning College Reading and Writing (3)

Prerequisite: Same as English 21.

This course provides integrated methods of reading, writing, and critical thinking in preparation for college reading and composition courses (English 28 and English 101). The class teaches basic language conventions and editing skills.

75 Methods for Tutoring Writing (1) NDA

Students preparing to be peer tutors in the Learning Resource Center will learn strategies for teaching grammar, mechanics, organization, and writing as a process.

85 College English as a Second Language II (5) CSU

Prerequisite: Appropriate placement level demonstrated through the English assessment process.

This course introduces ESL students to the English writing sequence by giving practice in writing short academic essays in response to reading non-fiction and literature. Attention will be given to sentence structure, vocabulary, grammar and critical reading.

86 College English as a Second Language III (5) UC:CSU

Prerequisite: Appropriate placement level demonstrated through the English assessment process.

This course prepares advanced ESL students for English 101 with intensive practice in essay writing and critical reading skills.

94 Intensive Grammar Review (3) NDA

Advisory: Eligibility for English 21.

An intensive review of grammar, usage and sentence structure for students who want extra help before taking English 28 or 101.

101 College Reading and Composition I (3) UC:CSU (CAN ENGL. 2)

Prerequisite: Appropriate placement level demonstrated through the English assessment process or a grade of "C" or better in English 28.

This course teaches students to write college-level essays in response to reading and analyzing college-level texts. Students will be required to write analytically and read critically texts that reflect cultural diversity and/or texts that focus on contemporary issues or classical ideas. Full length works and literature may be included. Students will be required to write a research paper of a series of research-based essays in which they accurately, clearly and coherently synthesize ideas and information from a variety of sources and points of view.

102 College Reading and Composition II (3) UC:CSU (CAN ENGL 4)

Prerequisite: English 101 with a grade of "C" or better.

This course expands the reading and writing skills obtained in English 101. Critical reading and interpretation of literary works in the genres of the novel, short story, play and poem are emphasized. Students are required to write critical essays about these literary forms, emphasizing critical thinking. Acceptable for English 4 credit, UCLA.

103 Composition and Critical Thinking (3) UC:CSU

Prerequisite: English 101 with a grade of "C" or better.

This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in English 101. The course will focus on the development of logical reasoning, analytical and argumentation writing skills.

127 Creative Writing (3) UC:CSU RPT 2

Prerequisite: English 101 or equivalent.

This course introduces the student to the elements of fiction, poetry and drama by introducing the basic elements of each genre through reading and writing assignments. Students will learn to produce imaginative writing by generating ideas and by shaping those ideas into complete works. Class discussion of student writing is an important part of the course.

130 Report Writing for Law Enforcement (3) CSU (Same as Administration of Justice 14)

Recommended: Eligibility for English 28.

This course has been designed to provide basic writing skills necessary for the law enforcement professional. Emphasis will be placed on correct sentence structure, spelling, punctuation and grammar.

185 Directed Study - English (1) CSU

203 World Literature 1 (3) UC:CSU

Prerequisite: English 101

This survey of world literature in translation begins with works of the Near and Far East, continues with the Greek epic and drama, follows with Latin and Italian literature, and closes with major writings from Spain, France and Germany through the sixteenth century. Critical papers are required.

Course Descriptions

204 World Literature II (3) UC:CSU

Prerequisite: English 101.

This course surveys Continental and Oriental literature from the seventeenth century to the present, and emphasizes works from France, Germany, Scandinavia, Russia, Japan and China. Critical papers are required.

205 English Literature I (3) UC:CSU (CAN ENGL 8)

Prerequisite: English 101, English 102.

This survey of English literature begins with Beowulf and continues to the decline of neoclassicism in the eighteenth century, with special emphasis on major figures and works. The writing of critical papers is required.

206 English Literature II (3) UC:CSU

Prerequisite: English 101, English 102.

This survey of English literature includes writings from the Romantic Age to the present. The writing of critical papers is required.

207 American Literature I (3) UC:CSU

Prerequisite: English 101.

This survey of American literature, from the earliest period through the Civil War, includes major literary works which express the social and political concerns of a pluralistic society. The writing of critical papers is required.

208 American Literature II (3) UC:CSU

Prerequisite: English 101.

This survey of American literature from the Civil War to the present places special emphasis upon those writers who significantly treat the social, political and philosophical problems of each period. The writing of critical papers is required.

209 California Literature (3) UC:CSU

Prerequisite: English 101.

This course surveys literary works by and about Californians, ranging from Indian myths to poems, short stories and novels. The course introduces students to writing critical essays about literature and explores, through reading, writing, and class discussion, the archetypal patterns reflected in the literature of California.

210 The Twentieth Century Novel (3) UC:CSU

Prerequisite: English 101.

This course is a study of the twentieth century novel from 1910 to the present. Landmark European, British and American novels are read and discussed, with critical papers required.

211 Fiction (3) UC:CSU RPT 1

Prerequisite: English 101.

This course offers an analysis of selected novels and short stories from different nations and cultures. Students will write critical papers in response to these works of literature. The course covers plot, character development, setting, point of view, symbolism, theme, as well as style, tone and the use of irony.

NOTE: UC transfer credit limit: one course from either English 211, 212, or 240.

212 Poetry (3) UC:CSU RPT 1

Prerequisite: English 101.

In this course, students read and analyze selected poems as they consider the range of poetic forms and explore the nature of poetry. Topics covered include word choice, word order, tone, imagery, figures of speech, symbol, allegory, irony, sound and rhythm.

NOTE: UC transfer credit limit: one course from English 211, 212, 240.

213 Dramatic Literature (3) UC:CSU

Prerequisite: English 101.

This survey of drama analyzes plays by important and influential playwrights. They may include Sophocles, Shakespeare, Ibsen, Beckett, Williams, Hansberry and/or Shepard.

215 Shakespeare I (3) UC:CSU

Prerequisite: English 101.

In this course, poems and plays selected from the works of Shakespeare are studied. Some attention is paid to the background of his times, and to the Renaissance theater. The writing of critical papers is required. Acceptable for English 90 credit at UCLA.

218 Children's Literature (3) CSU

Prerequisite: English 101.

This course is a survey of the literature suitable for children of different age levels, and is recommended for prospective nursery, kindergarten and elementary school teachers. Parents will also find the course material helpful in discovering what reading material is available for a child's home library.

219 The Literature of American Ethnic Groups (3) UC:CSU

Prerequisite: English 101.

This course considers noteworthy fiction and other literature arising from the traditions and contemporary problems of several ethnic groups, each of which offers a unique contribution to American life.

233 American-Jewish Literature (3) UC:CSU

Prerequisite: English 101.

(Same as Jewish Studies 6)

This course explores writings by Jewish-American authors. Topics include European and Middle-Eastern traditions, the American dream, creativity and art, the family, and images of women.

234 African-American Literature (3) UC:CSU

Prerequisite: English 101.

This course surveys the literary, social and historical aspects of essays, novels, dramas, short stories and poetry written by African-Americans. Critical papers are required.

239 Women in Literature (3) UC:CSU

Prerequisite: English 101.

This course is a global and historical survey of women's literature, from early seminal works by female writers to the present time. Students write critically about pervasive themes in women's literature and female archetypes, images and roles. Texts are predominantly female-authored literary and autobiographical works, although excerpts from some male-authored texts about women may be included.

240 Literature and the Motion Picture I (3) UC:CSU

Prerequisite: English 101.

This course is designed to develop skills in analyzing and evaluating the comparative arts of literature and the motion picture. The student will be given an opportunity to view feature-length films of cultural and artistic significance and read related works of literature including novels, short stories, plays, and film scripts.

NOTE: UC transfer credit limit: one course from either English 211, 212, or 240.

250 Mythology and Literature (3) UC:CSU

Prerequisite: English 101.

This course is an introduction to the mythology of Western and Middle-Eastern civilizations. The course treats these myths as they appear in epics, plays, and other literature both ancient and modern, and shows how myths relate to folk stories, dreams, and fantasy through powerful symbols shared by people all over the world.

Course Descriptions

254 The Latin-American Short Story (3) UC:CSU

Prerequisite: English 101.

A study of contemporary short stories from Latin American authors covering the traditional elements of plot, character, setting, symbolism, style and tone, as well as social and magical realism.

285 Directed Study - English (2) CSU

385 Directed Study - English (3) CSU

Prerequisite: English 101 with a grade of "C" or better.

This class allows a student to pursue directed study in English on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

ENGLISH AS A SECOND LANGUAGE

In order to enroll in the correct course level, ESL students should ask for the ESL assessment test when registering.

1 College English As A Second Language I: Integrated Skills (12) NDA

This course is for beginning ESL students. Emphasis is on development of basic reading and writing skills in preparation for college work.

1A Integrated Skills (6) NDA

1B Integrated Skills (6) NDA

2 College English As A Second Language II (12) NDA

Prerequisite: Appropriate placement level demonstrated through the ESL assessment process.

A beginning course for students to learn and practice basic grammar, sentence structure, vocabulary and reading skills. Emphasis is on oral and written language for success in school, work and everyday life.

2A College English As A Second Language I (6) NDA

2B College English As A Second Language II (6) NDA

3 College English As A Second Language (12) NDA

Prerequisite: Appropriate placement level demonstrated through the ESL assessment process. Level 3 is divided into modules 3A, 3B and 3C.

3A Writing/Grammar (6) NDA

Corequisites: ESL 3B and 3C.

This is a high-beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes basic sentence patterns and the development of writing through guided and free composition. Reading, speaking and listening activities reinforce writing and grammar-in-context lessons.

3B Reading/Vocabulary (3) NDA

Corequisites: ESL 3A and 3C.

This is a high-beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes the development of reading and vocabulary skills leading to college-level proficiency.

3C Listening/Speaking (3) NDA

Corequisites: ESL 3A and 3B.

This is a high-beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes pronunciation principles, listening strategies, and conversational skills.

4A Writing/Grammar (6) NDA

Prerequisite: ESL 3A

ESL 4A is an intermediate course in academic English as a Second Language for non-native speakers of English. Through the presentation and reinforcement of essential grammar patterns and rules, it emphasizes the development of skills leading from sentences to paragraph composition.

4B Reading/Vocabulary (3) NDA

Prerequisite: ESL 3B

This is an intermediate course in academic English as a Second Language for non-native speakers of English. It emphasizes the development of skills leading to college-level proficiency in reading and vocabulary.

4C Listening/Speaking (3) NDA

Prerequisite: ESL 3C

This is an intermediate course in academic English as a Second Language for non-native speakers of English. It emphasizes the development of listening comprehension, conversational skills, and English pronunciation to improve communication.

5A Writing/Grammar (6) UC:CSU

Corequisites: ESL 5B and 5C.

This is a high-intermediate course in English as a Second Language for non-native speakers of English. It emphasizes the development of grammar and writing skills leading to college-level writing and reading proficiency. Course work includes paragraph and short essay writing.

5B Reading/Vocabulary (3) NDA

Corequisites: ESL 5A and 5C.

This is a high-intermediate course in English as a Second Language for non-native speakers of English. It emphasizes the development of skills leading to vocabulary expansion and college-level reading proficiency.

5C Listening/Speaking (3) NDA

Corequisites: ESL 5A and 5B.

This is a high-intermediate course in English as a Second Language for non-native speakers of English. Students will improve listening comprehension, speaking in group situations, and brief formal presentations. Accent reduction instruction and practice is incorporated into communication exercises.

6A Writing/Grammar (6) UC:CSU

Corequisites: ESL 6B and 6C.

This is an advanced course in English as a Second Language for non-native speakers of English. It emphasizes the development of the writing and grammar skills necessary for college-level writing. Course work includes essay writing.

6B Reading/Vocabulary (3) NDA

Corequisites: ESL 6A and 6C.

This is an advanced course in English as a Second Language for non-native speakers. This course emphasizes the development of college-level reading and vocabulary skills through the analysis of unabridged short stories, non-fiction articles, and a novel. Students learn summarizing, paraphrasing, and research techniques.

6C Listening/Speaking (3) NDA

Corequisites: ESL 6A and 6B.

This is an advanced course in English as a Second Language for non-native speakers of English. Students will improve listening comprehension, speaking and pronunciation with a wide range of communication exercises.

Course Descriptions

7B College English as a Second Language - Reading/ Vocabulary (3) (NDA)

Prerequisites: Completion of ESL 6 with a grade of "C" or better, and appropriate placement level demonstrated through the ESL assessment process.

This is designed for ESL students who wish to develop college reading versatility and efficiency, and use critical reading skills in analyzing difficult material.

113 English Speech as a Second Language (3) CSU RPT 1

This course is designed for non-native speakers of American English. This course focuses on the "speech music" of the language – the stress, rhythm, and intonation patterns important to clear accent acquisition, as well as difficult sound contrasts. Students present speeches, debates and interviews.

8 Advanced ESL Composition (6)

Prerequisite: ESL 6A, or appropriate placement level demonstrated through the ESL or English assessment process.

This is a course in written composition and critical reading skills tailored for the English-as-a-Second Language student. It is a prerequisite for English 101. The emphasis is on writing based primarily on critical reading and secondarily on life experiences. Advanced grammar skills are emphasized throughout each lesson. Nine to ten compositions, including at least six essays of 500 to 750 words and one research paper are required.

ENTREPRENEURSHIP

1 Introduction to Entrepreneurship (3)

This course provides an overview of entrepreneurship: creating or finding a feasible business concept, starting, marketing, financing, organizing, and managing a successful company. The characteristics, knowledge and skills of entrepreneurs, as well as sources of capital, are also examined.

2 Starting a New Business (3)

Prerequisite: Entrepreneurship 1.

This course provides the student with the tools necessary to identify a business concept and test it for feasibility. Market analysis, entry strategy, import/export opportunities, ventures in information technologies, and capital sources are examined and used in building a feasible business model.

3 Building and Growing a New Business (3)

Prerequisite: Entrepreneurship 2.

This course provides the skills necessary to transform a feasible business concept into a successful new company. Students learn how to establish, start, and grow a company through the development of a business plan.

ENVIRONMENTAL SCIENCE

(Also see Earth Science)

1 The Human Environment: Physical Processes (3) UC:CSU

This introductory course discusses the effects of humans on their physical environment. Particular emphasis is placed upon modifications of physical processes due to industrialization and urbanization. Energy and pollution are stressed. Topics include energy sources and the environment, air pollution, climatic change, solid waste and water pollution, as well as topics of current interest.

2 The Human Environment: Biological Process (3) UC:CSU

This is a course in basic ecology and natural history that fulfills a non-laboratory science requirement. Topics covered include ecosystem structure and function, the use of natural resources, and the survival of plant and animal species. Environmental problems such as population and pollution will be discussed, as well as local plant and animal species.

12 Environmental Chemistry (3) UC:CSU

This is an introductory course in chemistry emphasizing those inorganic and organic substances released into the environment that are hazardous to human and environmental health. Topics include an introduction to chemical symbols and formulas; physical properties of chemicals including density, solubility, and states of matter; chemical properties including reactivity, ignitability and chemical compatibility; energy in chemical reactions; acids, bases and pH; the naming of organic groups of chemicals, including alcohol, ketones and esters, and their physical and chemical properties.

13 Environmental Chemistry Laboratory (1) UC:CSU

This laboratory course is designed to complement Environmental Science 12. It will provide an introduction to laboratory techniques, analytical methodologies, quality assurance/quality control, and "hands-on" use of analytic instruments. Laboratory topics will include detection and measurement of radioactivity, methods of water analysis, isolation and separation techniques, air pollutant monitoring, and the physical and chemical properties of organic compounds.

FAMILY AND CONSUMER STUDIES

21 Nutrition (3) UC:CSU (CAN FCS 2)

This course provides a basic understanding of nutrition. It deals with the six classes of nutrients and their dietary requirements. It discusses the effect diet has on achieving a health lifestyle, and how to avoid obesity and nutritionally-related illnesses.

FINANCE

2 Investments (3) CSU

This course covers the analysis of stocks and bonds, mutual funds, real estate trusts, commodities and related investments. Functions and operations of the investment market are also studied.

8 Personal Finance and Investments (3) CSU

This course is comprised of lectures, discussions and practice with regard to one's personal financial activities. Particular attention is given to consumer credit, life and property insurance, savings plans, taxes, retirement plans, estate transfers, securities, and miscellaneous investments.

Course Descriptions

FIRE TECHNOLOGY

27 Wildland Firefighter (4)

This course prepares students for entry level employment with public safety departments and other agencies that cross-train personnel for law enforcement and wildland fire suppression duties.

201 Fire Protection Organization (3) CSU

This course is an introduction to the fire service and fire protection, including examining careers in fire departments and related fields. Also covered will be the history of fire protection, causes of loss by fire, and public and private protection services. Also discussed will be the organization of fire departments, fire prevention, fire-fighting tactics, tools, equipment, apparatus, and alarm and water systems. This course includes field trips.

202 Fire Prevention Technology (3)

This course prepares students to make effective, complete and legal inspections by knowing fire prevention concepts. The course includes history, organization, laws, causes of fires, procedures, techniques, enforcement, and record keeping.

203 Fire Protection Equipment and Systems (3)

The student will learn about fire detection, alarm, and protection systems. It is oriented toward public safety departments and other agencies that cross-train law enforcement and fire suppression personnel.

204 Building Construction for Fire Protection (3)

This course examines building construction as it relates to fire control. It is oriented toward public safety departments and other agencies that cross-train law enforcement and fire suppression personnel.

205 Fire Behavior and Combustion (3)

Students will study fire chemistry and physics. It is oriented toward public safety departments and other agencies that cross-train law enforcement and fire suppression personnel.

209 Fire Tactics and Strategy (3)

This course covers the application of tactics and strategies to various types of fires. It is oriented toward public safety departments and other agencies that cross-train law enforcement and fire-fighting personnel.

213 Fire Investigation (3)

This course covers methods of determining point or origin, path of fire travel, and fire causes. It also covers recognizing and preserving evidence, interviewing witnesses, and understanding arson laws.

217 Fire Apparatus (3)

This course covers the principles of fire apparatus operating for public safety departments and other agencies that cross-train law enforcement and fire suppression personnel.

FRENCH

1 Elementary French I (5) UC:CSU

Corequisite: French 101.

This course stresses the fundamentals of pronunciation and grammar, practical vocabulary, useful phrases, and the ability to understand, read, write and speak simple French. Extensive use is made of films, slides and tapes to convey the language, culture and customs of France.

2 Elementary French II (5) UC:CSU

Prerequisite: French 1 with a grade of "C" or better, or two years of high school French or equivalent.

Corequisite: French 101.

This course completes the basic grammar of the French language. Videos are employed to develop an understanding of French culture and history, improve comprehension, enrich vocabulary, and serve as topics for discussions and written compositions.

3 Intermediate French 1 (5) UC:CSU (CAN FREN 8)

Prerequisite: French 2 with a grade of "C" or better, or three years of high school French or equivalent.

This course provides a review of the fine points of grammar and seeks to perfect fluency, comprehension and cultural knowledge through dramatic films, short novels, poetry, plays, music and magazines. Acceptable for French 4 credit at UCLA.

4 Intermediate French II (5) UC:CSU (CAN FREN 10)

Prerequisite: French 3 or four years of high school French.

This course continues to refine speaking, reading and writing comprehension skills through literary and visual media.

5 Advanced French I (5) UC:CSU

Prerequisite: French 4.

This course continues the study of advanced composition and grammar through the use of literature, film and music. The readings are the basis for regular composition works and student discussions in French.

6 Advanced French II (5) UC:CSU

Prerequisite: French 5.

This course completes the study of advanced composition and grammar through the use of literature, film, and music. The readings are the basis for regular composition works and student discussions in French.

10 French Civilization (3) UC:CSU

This course consists of lectures and discussions in English on the geography, history, government and institutions of France; the life and customs of its people, literature, arts and sciences, and its contributions to civilization. It is especially recommended to all students of French.

101 French Language Lab (1) CSU RPT 2

A mediated, independent study course which allows students to enhance their French language skills through audio, video, and computer work in the language lab.

185 Directed Study - French (1) CSU

285 Directed Study - French (2) CSU

385 Directed Study - French (3) CSU

Allows a student to pursue Directed Study in French on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

Course Descriptions

GEOGRAPHY

(Also see Earth Science, Environmental Science, and Oceanography)

1 Physical Geography (3) UC:CSU (CAN GEOG 2)

This course is a systematic study of the elements of the physical environment (e.g. weather, climate, landforms, water, soil and vegetation), and an analysis of their interrelationships and patterns of world distribution.

2 Cultural Elements of Geography (3) UC:CSU (CAN GEOG 4)

NOTE: Geography 1 is not a prerequisite for Geography 2.
The cultural elements of geography, and their correlation with the physical environment are introduced. Population patterns, cultural diversity, livelihood, settlement, environmental modification and perception are emphasized.

3 Introduction to Weather and Climate (3) UC:CSU

In this course, atmospheric elements and controls, storms, human modification and the regional distribution of climates are studied.

7 World Regional Geography (3) UC:CSU

This introductory course provides information about the major regions of the world, including their occupancy and modification by man. It is especially recommended for teaching majors and anyone desiring a general understanding of contemporary world conditions.

15 Physical Geography Laboratory (2) UC:CSU

Prerequisite: Geography 1 or concurrent enrollment in Geography 1.
This course will introduce the student to the description, analysis, explanation and representation of natural phenomena such as: Earth-Sun relationships, Earth's representation on maps and in air photos, temperature, moisture, and pressure, air masses, fronts, and storms, and landform evolution by tectonic, erosion, and depositional forces.

GEOLOGY

(Also see Earth Science and Oceanography)

1 Physical Geology (3) UC:CSU

This course surveys the materials and structures of the earth and the agents and processes that modify it. A study of rocks and their mineral composition; the work of rivers, winds, glaciers and oceans as agents of erosion; and volcanoes and earthquakes as forces which change the surface of the earth are covered. The main purpose of the class is to stimulate student interest in the geological aspects of the environment in which they will spend their lives.

NOTE: Geology 1 and Geology 6 taken together fulfill a laboratory science course, (CAN GEOL 2).

2 Earth History (3) UC:CSU (Formerly Historical Geology)

Prerequisite: Geology 1.
Principles of interpretation of earth history are covered. The evolution of continents, oceans, mountain systems and other features of the earth and the development and evolution of life are dealt with. North American geology is stressed.

NOTE: UC Transfer Credit Limit: A maximum of 4 units from Geology 2 and 7 will be accepted for UC credit.

6 Physical Geology Laboratory (2) UC:CSU

Prerequisite: Geology 1 or concurrent enrollment in Geology 1.
This course deals with laboratory exercises that aid students in the identification of rock-forming minerals, igneous, metamorphic and sedimentary rocks and the interpretation of topographic and geologic maps.

NOTE: Geology 1 and Geology 6 taken together fulfill a laboratory science course (CAN GEOL 2).

7 Earth History Laboratory (2) UC:CSU

Prerequisite: Geology 2 or concurrent enrollment in Geology 2.
This course deals with laboratory exercises that aid students in the identification of fossils, and the use of fundamental principles of historical geology in solving practical geological problems. Field trips are held during class time.

NOTE: UC Transfer Credit Limit: A maximum of 4 units from Geology will be accepted for UC credit.

HEALTH

11 Principles of Healthful Living (3) UC:CSU

This course is required for all students seeking an associate degree. It is also recommended for students entering the teaching profession, or in preparation for health care professions such as nursing, medicine, physical therapy, dentistry, and areas in the biological sciences. Emphasis is placed upon up-to-date and factual information related to personal, family, and public health, as well as approaches to critical thinking with reference to important health issues and publications.
NOTE: UC Transfer Credit Limit: A maximum of one course from Health will be accepted for UC credit.

12 Safety Education and First Aid (3) UC:CSU

This course meets the certification requirements of both the standard and advanced first-aid courses offered by the American Red Cross. It covers prevention of accidents, care of common injuries, and emergency procedures at an accidents scene.

HEBREW

21 Fundamentals of Hebrew I (3) CSU

This class introduces the Hebrew alphabet and provides basic skills in reading, understanding, and speaking modern Hebrew.

22 Fundamentals of Hebrew II (3) CSU

Prerequisite: Hebrew 21 or equivalent.
This course is a continuation of Hebrew 21, completing the elementary grammar of Hebrew.

Course Descriptions

HISTORY

NOTE: Check with the Counseling Office to determine which History courses meet the American Institutions Requirement.

1 Introduction to Western Civilization I (3) UC:CSU (CAN HIST 2)

This course provides a broad historical study of the main cultural, economic and political trends and events, from the rise of civilization in the Near East, to the Age of Absolutism.

2 Introduction to Western Civilization II (3) UC:CSU (CAN HIST 4)

The course encompasses major developments in Western history over the past three centuries. Emphasis is given to political, economic, cultural and diplomatic thoughts and actions of peoples and nations. Special attention is placed upon the impact of ideas: nationalism, democracy, capitalism, socialism, communism, imperialism, etc.

5 History of the Americas I (3) UC:CSU

This course presents the major socio-cultural and economic developments that accompanied the discovery and colonization of the Americas, from the pre-Columbian era through the period of U.S. and Latin American independence.

6 History of the Americas II (3) UC:CSU

This course surveys the history of the Americas, from the Latin American wars of independence to the present, stressing Latin America development, inter-American relations and constitutional patterns.

11 Political and Social History of the United States I (3) UC:CSU (CAN HIST 8)

This course surveys the political, social, economic and constitutional history of the United States from the colonial settlements through the Civil War and reconstruction.

NOTE: UC Transfer Credit Limit: one course from History 11, 14, 41, 43 and one course from History 12, 13, 42, 44 will be accepted for UC credit.

12 Political and Social History of the United States II (3) UC:CSU (CAN HIST 10)

This course presents the major socio-cultural, political and economic developments during the course of the history of the United States, from the Reconstruction period through the present day.

NOTE: A maximum of one course from History 12, 13, 42, and 44 will be accepted for UC credit.

27 History of Africa (3) UC:CSU

This is an introductory course in African history. It summarizes and highlights the main events, both internal and external, which have shaped the particular course of African history. The course will cover the origins of humanity and the progression from simple to complex societies from the colonial era to the present day, touching on all of the main political, economic, and socio-cultural developments that may be of interest to Africans on the continent and in the Diaspora.

29 Asian Civilization: The Middle East (3) UC:CSU

An introductory survey of the modern Middle East emphasizing Islamic culture and its political and socio-cultural development. The course deals with the life and teachings of Mohammed, development of the Islamic world, and the relationship between the Islamic world and the rest.

40 American History in Film (3) UC:CSU

This course will survey the development of American films, and explore the way in which American history has been both accurately and falsely presented for popular consumption.

41 The African-American in the History of the United States I (3) UC:CSU

(Same as African American Studies 4)

This course provides a survey of U.S. history from the early Colonial period through the Civil War, with special emphasis on the contributions of African-Americans. It provides a background in the political, economic, and social development of the United States for students majoring in the Social Sciences, and for those who want to gain a better understanding of the African-American in American society.

NOTE: UC Transfer Credit Limit: one course from History 11, 14, 41, 43 and one course from History 12, 13, 42, 44 will be accepted for UC credit.

42 The African-American in the History of the United States II (3) UC:CSU

(See African-American Studies 5)

In a survey of U.S. history from the end of the Civil War to the present time, this course provides information about the African-Americans' part in the social, economic, and political development of American society and culture. Also included is a continued survey of the United States Constitution.

NOTE: Maximum UC credit allowed: one course from History 12, 13, 42, and 44.

43 The Mexican-American in the History of the United States I (3) UC:CSU

This course presents the major socio-cultural, political and economic developments during the course of the early history of the United States, from the pre-Columbian era through the period of Reconstruction, with special emphasis on the contributions of Mexican-Americans and the history of the Southwest. Included is a survey of the United States Constitution.

NOTE: Maximum UC credit allows one course from History 11, 14, 41, and 43.

44 The Mexican-American in the History of the United States II (3) UC:CSU

(Same as Chicano Studies 8)

The course will introduce students to the background of the political, social, economic and cultural development of the United States from Reconstruction to the present, with particular emphasis on the contributions of the Mexican-American to the development of the modern United States. There will also be discussion of key events in the history and development of Mexico when appropriate. Also included is a continued survey of the United States Constitution.

52 The Role of Women in the History of the United States (3) UC:CSU

This course will survey women's contributions to the economic, cultural and socio-political development of the United States between the Civil War and the present. The roles of women of African, Asian, European, and Hispanic descent will be emphasized.

68 Introduction to the Pacific Rim (3) CSU

This course presents an introduction to the history and culture of the nations of the Pacific Rim of Asia. This course is designed to introduce students to Pacific Rim cultures and history.

Course Descriptions

HONORS PROGRAM

The WLAC Transfer Honors Program is designed for students who plan to transfer to a major four-year college or university. The program consists of academically enriched general education courses. The honors courses are designed to foster not only mastery of content, but also increased critical thinking, analysis, discussion, research and writing skills. For additional information please see the Student Services section of this catalog on the Transfer Honors Program.

HUMANITIES

1 Cultural Patterns of Western Civilization (3) UC:CSU

This course is designed to introduce the student to the general concepts or principles of the Humanities as evidenced in the ideas of applied aesthetics. Music, literature, painting, sculpture, architecture and other art forms are studied in relation to their background, function, medium, organization and style.

5 Interdisciplinary Studies in the Liberal Arts (3) CSU

This course provides an opportunity for an interdisciplinary study of a particular historical era, its leading themes and definitive issues, or it provides an opportunity for an interdisciplinary study of one or more of the timeless themes of humankind. Art, music, literature, philosophy and science of the age are stressed. The specific age or themes will be announced in the Schedule of Classes.

30 The Beginnings of Civilization (3) UC:CSU

This survey of the cultural heritage of Western civilization, from ancient Egypt, Mesopotamia and Greece to the Early Renaissance, presents a history of culture and values with emphasis on artistic, literary, musical, religious and philosophical traditions. A wide variety of audio/visual materials are used.

31 People in Contemporary Society (3) UC:CSU

This survey of the cultural heritage of Western civilization from the High Renaissance to the end of the twentieth century presents a history of culture and values, with an emphasis on artistic, literary, musical, philosophical, and cinematic traditions using a wide variety of audio/visual materials.

60 People and Their World: Technology and the Humanities (3) UC:CSU

This course provides opportunities to examine the interaction between society and technology. Challenging and stimulating questions about cultural and social values in light of the effects of modern technology are developed and discussed.

61 People and Their World: The Creative Process (3) CSU

This course focuses on the creative processes. It surveys creativity as expressed through art, architecture, literature and music, incorporating historical, psychological and philosophical perspectives.

77 Medieval Cultures (3) UC:CSU

A comparative study of the cultures of the Middle Ages in Europe and the Middle East will include the literary, musical, and artistic traditions of Christianity, Islam, and Judaism.

185 Directed Study - Humanities (1) CSU

911 Cooperative Education - Humanities (1) CSU

921 Cooperative Education - Humanities (2) CSU

931 Cooperative Education - Humanities (3) CSU

941 Cooperative Education - Humanities (4) CSU

(See the Cooperative Education section for guidelines)

Course Descriptions

JAPANESE

1 Elementary Japanese I (5)

This course provides the fundamentals of the Japanese language with emphasis on the spoken word. The Japanese syllabary for Hiragana, Katakana and basic Kanji are introduced. In addition, the course introduces the study of Japanese culture.

2 Elementary Japanese II (5)

This course continues students' development of fundamental linguistic communication skills in Japanese. The course also continues the study of Japanese culture.

21 Fundamentals of Japanese I (3) UC:CSU

This is a course in spoken Japanese that stresses the fundamentals of pronunciation and grammar, basic vocabulary, useful phrases, and the ability to understand and speak simple Japanese. It includes an introduction to the Hiragana writing system.

22 Fundamentals of Japanese II (3) UC:CSU

Prerequisite: Japanese 21 with a grade of "C" or better, or the equivalent.

Japanese 22 is a continuation of Japanese 21. Together Japanese 21 and 22 are equivalent to Japanese 1, a 5-unit course. This course stresses pronunciation, intonation, grammar, and basic vocabulary. An introduction to the Kanji and Katakana writing systems is included. *NOTE: A maximum of 5 units from Japanese 21 and 22 will be accepted for UC credit.*

JEWISH STUDIES

3 Contemporary Hebrew Literature in Translation (3) UC:CSU

This course is an introduction to imaginative literature by contemporary and recent Israeli writers of fiction, poetry, and drama. Writers may include Agnon, Amichai, Appelfeld, Grossman, Oz, and Yehoshua. All readings are translated into English. Students will write analytical papers in response to the readings.

6 American Jewish Literature (3) UC:CSU (Same as English 233)

Students in this course will read and learn to analyze and write about fiction, poetry and drama that reflects the American Jewish cultural experience. The selected short stories, novels, poems and plays illustrate the following themes: tradition versus modernity, identity, assimilation, the American dream, creativity and art, the family, and love.

26 Survey of Jewish Thought and Culture (3) UC:CSU

In this course, students examine important ideas in Judaism (such as Creation, good and evil, truth and justice) as well as art, music, and film that may reflect Jewish ideas and culture. The course generally features a field trip to the Skirball Cultural Center.

27 Holocaust: A Prototype of Genocide (3) UC:CSU

Students in this course study novels, memoirs, stories, and films that comment on the murder of six million Jews, a twentieth century tragedy that expanded our notion of the depths of evil to which humans can descend. The course examines the Holocaust from philosophical, psychological, and theological perspectives. Students have the option of attending a field trip to the Museum of Tolerance.

RELATED COURSES:

English 127 Creative Writing (3) UC:CSU

In this special section focusing on Jewish thought, students read the Bible and Jewish mysticism as a source of ideas and follow directed writing exercises that help them to generate stories, poems, and plays. The course is suitable for beginning writers who need help getting started and experienced writers with works in progress. It is open to students interested in writing, art, or Jewish thought.

JOURNALISM

101 Collecting and Writing News (3) CSU (CAN JOUR 2)

This course stresses instruction and practice in news gathering, with particular emphasis on documentation, research and news writing. Adherence to professional writing style; and legal and ethical aspects of the profession are included. Emphasis will be on publishing both a print newspaper and an online news site featuring subjects of interest to students, staff and faculty of WLAC.

105 Mass Communication (3) CSU (Formerly Journalism 5)

This course analyses the impact of mass media on society. Special attention is devoted to newspapers, magazines, radio, television, motion pictures, public relations and advertising.

LAW

Note: This program is not designed as preparation for law school admission. Students should consult catalogs from the law schools of their choice.

1 Business Law I (3) UC:CSU (Same as Business 5)

Essentials of the law of contracts, of its application to everyday problems pertaining to business and to the individual are covered. Elementary safeguards regarding sales and sales contracts are also considered. Case discussions and lecture methods are utilized. Credit is not granted for students enrolled in or with credit for Business 5.

2 Business Law II (3) UC:CSU

This course covers essentials of the laws of negotiable instruments, security devices, partnerships, corporations, estates and bankruptcy in their application to everyday problems of business.

NOTE: A maximum of one course from Law 1 or 2 is acceptable for UC transfer.

3 Civil Rights and the Law (3) UC:CSU

This course presents a comparative and analytical study of the law and related problems concerning the Bill of Rights and the U.S. Constitution. Life and the death penalty, freedoms of speech and press, freedom of religion, racial and sexual equality, and privacy are some of the topics under consideration, with emphasis on recent court decisions and current events. The course is a recommended elective for the Paralegal Certificate.

4 Directed Field Work in Legal Assisting (3) (Same as Paralegal 4)

Prerequisite: Law 10 and English 101.

Directed field work in selected private law firms or public institutions of legal assisting are assigned to individual students. An effort is made to rotate office assignments.

Course Descriptions

10 Introduction to Legal Assistant I (3) CSU (Same as Paralegal 10)

An introductory course in formalizing the career of the legal assistant, an introduction to law, social forces and the law, comparison of the role of the legal assistant and the lawyer, and an introduction to legal terminology and bibliography, including research problems.

11 Introduction to Legal Assistant II (3) CSU (Same as Paralegal 11)

Prerequisite: Law 10 and English 101.

This course is a continuation of Law 10 with a study of the composition, location and jurisdiction of all courts, a study of document production and administration within the judicial structure, a detailed examination of civil and criminal litigation, and an introduction to legal drafting and writing.

12 Tort Law and Claims Investigation) (3) (Same as Paralegal 12)

Prerequisite: Law 10 and English 101.

A study of the fundamental principles of law of torts, including insurance and an examination of the techniques of investigation involved in the lawyer's handling of tort and insurance claims.

13 Wills, Trusts, and Probate Administration) (3) (Same as Paralegal 13)

Prerequisite: Law 10 and English 101.

A study of the fundamental principles of the law of wills and trusts, including simple will and trust forms; an examination of the organization and jurisdiction of a California Probate Court; and the administration of estates in California Probate Courts.

14 Law Office Management) (3) (Same as Paralegal 14)

Prerequisite: Law 10 and English 101.

A study of the basic objectives of the management of a law office; a study of hardware and software used in a law office; an examination of indexing and filing principles; law office manuals; a study of basic accounting principles; practice in and study of law office correspondence.

15 Property, Bankruptcy, and Family Law) (3) (Same as Paralegal 15)

Prerequisite: Law 10 and English 101.

This course studies the law of personal property and real property, including community property, joint tenancy, leases, deeds, contracts, escrows, deeds of trust, study of the system of recording and search of public documents, a study of the bankruptcy laws and forms and a study of family law, with emphasis on the dissolution of marriage.

16 Civil and Criminal Evidence) (3) (Same as Paralegal 16)

Prerequisite: Law 10 and English 101.

This is a study of the rules of civil and criminal evidence and the admissibility of such evidence in court; deposition comprehension and use in court; interrogatory summarizing and use in court.

17 Legal Writing) (3) (Same as Paralegal 17)

Prerequisite: Law 10 and English 101.

This course covers advanced legal drafting and writing, including special research and projects.

20 Basic Probate Procedures) (3) (Same as Paralegal 20)

Prerequisite: Law 10, English 101, and Law 13.

A comprehensive study of methods for fact gathering, office procedures, and required court work involved in the handling of probates of both testate and in testate decedents.

33 Law and the Media) (3) CSU (Same as Paralegal 33)

Prerequisite: Law 10 and English 101.

This course presents an overview of the legal aspects in the entertainment industry. Students will be exposed to legal aspects of contractual agreements, copyright requirements, privacy, regulations of the Federal Communications Commission, libel and slander, freedom of speech and press, publishing rights, trademarks, unions, and related concerns.

35 Immigration Law for Paralegals) (3) (Same as Paralegal 35)

Prerequisite: Law 10 and English 101.

This course is a study of concepts of immigration law including grounds of exclusion, defense to deportation, petitions and visa applications. Research and writing will be emphasized in the areas of amnesty, naturalization, citizenship, international law and criminal aspects of immigration.

51 Legal Research for Paralegals) (3)

Prerequisite: Law 10 and English 101.

The student will gain a working knowledge of legal research methods, both in traditional print and electronic formats. The student will be exposed to materials not necessarily covered in other courses.

52 Introduction to Law and Legal Terminology) (3)

Legal language is the cornerstone of all legal professions. This course presents common terms used in the legal profession, and students will learn the proper use of terminology through reading and practice.

LEARNING SKILLS

1 Reading (3) (RPT 3) NDA

Corequisite: Enrollment in one or more college course.

A self-paced program intended for all students having difficulty with their college reading assignments. The course features diagnostic testing, individual attention and instant feedback about students' progress toward prescribed goals. (This 3-unit course is modularized into three, 1-unit modules.)

1A Learning Skills - Reading A (1) (RPT 3) NDA

1B Learning Skills - Reading B (1) (RPT 3) NDA

1C Learning Skills - Reading C (1) (RPT 3) NDA

2 English Fundamentals (3) (RPT 3) NDA

A self-paced, individualized Basic Skills class utilizing multi-media and computer-assisted instruction, workshops, and cooperative study groups. This 3-unit course is modularized into three, 1-unit modules.

2A English Fundamentals - A (1) (RPT 3) NDA

2B English Fundamentals - B (1) (RPT 3) NDA

2C English Fundamentals - C (1) (RPT 3) NDA

Course Descriptions

3 Vocabulary Development (5) (RPT 3) NDA

Learning Skills 3A and 3B are group conversation classes designed to provide students with class activities that will expand their comprehension and use of spoken English. Through the use of role-playing, practice dialogues, and impromptu speaking exercises, students are given the opportunity to improve their oral communication skills in small group settings. Learning Skills 3C, 3D, and 3E are individualized, self-paced vocabulary programs for all students, and have been designed for various levels of difficulty. These courses focus on continued vocabulary growth and development, as well as providing students with helpful strategies for understanding complex vocabulary words.

3A Vocabulary Development - A (1) (RPT 3) NDA

3B Vocabulary Development - B (1) (RPT 3) NDA

3C Vocabulary Development - C (1) (RPT 3) NDA

3D Vocabulary Development - A (1) (RPT 3) NDA

3E Vocabulary Development - B (1) (RPT 3) NDA

4 The Mechanics of Spelling (1) (RPT 3) NDA

There are two courses available in spelling, the first being presented at a lower level of difficulty than the second. The first half of this course offers individualized instruction in basic word-attack skills, covering vowels, consonants, blends, digraphs, and syllables. The second half offers individualized instruction in the basic rules and complicated patterns of spelling, covering vowels, consonants, and word families.

5 English as a Second Language Fundamentals (1) NDA

This computer-assisted instruction (CAI) class is designed specifically to help the ESL student build language skills in vocabulary, reading speed, reading comprehension, and basic writing. The student will learn on computers in a non-stressful environment tailored around his or her own schedule.

10 Mathematics Fundamentals (1) (RPT 3) NDA

This class is designed both to prepare a student for Mathematics 105 and to serve as a complementary computer-assisted lab for the student already enrolled in Mathematics 105 who wants to enhance his or her learning experience. This is an individualized learning skills class.

10A Mathematics Fundamentals - A (1) (RPT 3) NDA

10B Mathematics Fundamentals - B (1) (RPT 3) NDA

10C Mathematics Fundamentals - C (1) (RPT 3) NDA

15 Overcoming Math Anxiety (1) NDA

This class helps the student to ease into the world of mathematics. The course is designed to help students understand math anxiety, as well as provide an opportunity to discuss its myths and realities, and to improve a student's ability to be successful in a mathematics course. Strategies, techniques, and activities will be offered which enable students to overcome the barriers impeding their success in mathematics.

30 Computer-Assisted Instruction in Reading (CAI) (1) (RPT 3) NDA

This class provides reading development and practice, communication skills in speaking, listening, and comprehension, and use of CAI. It provides guided practice in reading, with feedback and opportunities for independent work.

40 Introduction to Learning Disabilities (1) (RPT 1) NDA

Individualized diagnostic assessments are conducted to determine whether a student meets California Community College criteria for learning disability program services. The student becomes aware of his or her pattern of learning, strengths and weaknesses, and develops an individualized educational plan.

41 Study Strategies for the Learning Disabled (3) (RPT 2) NDA

Prerequisite: Learning Skills 40.

This 3 unit course is modularized into three, 1-unit segments. (CR/NCR). The course will help students with identified learning disabilities to develop strategies to cope with the demands of an academic environment. Strategies include discovering "hidden agendas," and developing time management, note-taking, memo- rizing, and other comprehension and study skills.

41A Study Strategies for the Learning Disabled (1) NDA

Recommended corequisite: Learning Skills 40.

This course is the first in a series designed to help students with identified learning disabilities to develop strategies to cope with the demands of a regular college classroom environment. These strategies include time management and organizational skills, communication skills, goal setting and decision making. Orientation to college, the nature of learning disabilities and how to compensate for them, personality and learning styles will be explored.

41B Study Strategies for the Learning Disabled (1) NDA

Recommended corequisite: Learning Skills 40.

This course is the second in a series designed to help students with identified learning disabilities develop strategies to cope with the demands of a regular college classroom environment. Topics include active learning, classroom listening and note taking, reading, writing, problem solving and test taking.

41C Study Strategies for the Learning Disabled (1) NDA

Recommended corequisite: Learning Skills 40.

This course is the third in a series designed to help students with identified learning disabilities to develop strategies to cope with the demands of the college classroom environment. Topics include memory techniques, question formation, critical thinking, and comprehension and evaluation skills.

49 Introduction to Computer Assisted Instruction (Application) (1) (RPT 3) NDA

Self-paced computerized instruction in the Learning Skills PC Lab. Students will have the opportunity to become familiar with various software packages including word processing and spreadsheet programs. Knowledge of these programs will enable students to develop skills in formatting term papers and writing resumes. In addition, hands-on interactive instructional programs are available.

50 Introduction to Computer-Assisted Instruction - Language Arts (1) NDA

Using recognized software programs that enhance reading speed and comprehension, this class helps students advance their reading rates in a pressure-free, supportive environment.

73 Online Grammar and Writing Workshop (1)

This course provides students with an introduction to the foundations of grammar in the writing process. Students will have access to nearly 50 online writing labs, and will be required to submit written assignments for peer and instructor review.

74 Learning Skills for Political Science (1) CSU

This course is designed both to prepare students for Political Science and to serve as a complementary computer-assisted lab for students in Political Science 1.

75 Learning Skills for Chemistry (1) CSU

This course is designed both to prepare students for Chemistry, and to serve as a complementary computer-assisted lab for students in Chemistry 51.

Course Descriptions

76 Learning skills for Geology (1)

This class is designed as a complementary, computer-assisted Learning Skills resource for students who wish to prepare for or are concurrently enrolled in Geology.

77 Learning Skills for History 11 (1)

This course is designed as a complementary, computer-assisted Learning Skills resource for students who wish to prepare for or are concurrently enrolled in History 11.

78 Learning Skills for History 12 (1)

This course is designed as a complementary, computer-assisted Learning Skills resource for students who wish to prepare for, or are concurrently enrolled in, History 12.

79 Learning Skills for Health Education (1)

This course is designed as a complementary, computer-assisted Learning Skills resource for students who wish to prepare for, or are concurrently enrolled in, Health Education.

185 Directed Study (1) (RPT 3) NDA

This is a very specific computer-assisted class designed to address individualized, even unique, learning needs. Consultation with the instructor is strongly recommended before adding this course.

LIBRARY SCIENCE

88 Business Resources on the Internet (1)

This course provides an overview of the many business resources available in computerized format on the Internet, and elsewhere. The student will learn how and where to find information on companies, industries, stocks, securities markets, real estate, and on other business topics.

101 Library Research Methods (1) UC:CSU

This course teaches the student to develop efficient research skills utilizing traditional and selected computerized library resources. These skills will optimize the student's educational experience and enhance his or her ability to realize independent life-long personal benefits from using the library. Standard research techniques are emphasized, and both general and specialized information sources are examined.

102 Internet Research Skills (1) CSU

Successful completion of this course will enable the student to find and assess information found on the Internet. The student will also be able to devise effective search strategies in the pursuit of academic and personal interests utilizing approved principles of access, and standardized evaluation criteria.

103 Information Literacy: Search Strategies, Tools, and Resources in the Modern Library (2) UC:CSU

This course combines modern, up-to-date search strategies with the latest research tools to enable the student to access pertinent information and data from both print and electronic research resources.

104 Advanced Internet Research (1)

This course provides extensive coverage of the Internet and the world wide web using specialized and meta-searchers to find resources on the web and on the so-called "deep web." The student will learn to monitor the growth and direction of the internet, and learn how the internet affects society's views of privacy, intellectual property rights, social interaction, and communication.

117 Online Legal Research (1)

This class introduces paralegal students and interested laypersons to the wide array of primary and secondary legal sources on the Internet. It also provides an overview of Westlaw and/or Lexis/Nexis databases, and will prepare students to utilize their respective general search strategies and protocols. This course does not replace a traditional legal research class and assumes some familiarity with legal research and with computers on the part of the student. Such foreknowledge is not required to learn and benefit from the class.

130 Travel and the Internet (1)

This is an introductory Internet class on travel and tourism websites. It focuses on the many websites established by travel departments of the major countries of the world, and by travel businesses and agents. Students will learn about cruises, tours, discount fares, and vacations that are being made available to the fastest growing consumer group in the world: Internet users.

MANAGEMENT

(Also see Business)

1 Principles of Management (3) CSU

This course provides an introduction to the principles of management. A detailed analysis of basic managerial functions including planning, organizing, leading and controlling in a business or administrative environment is made.

2 Organization and Management Theory (3) CSU

This course provides an introduction to the theories of organization and management. Organizational structure, technology and systems; administrative behavior, communications, motivation and leadership, organizational development, change and manpower development are examined.

6 Public Relations (3) CSU (RPT 1)

This course covers the basic concepts and fundamentals involved in the organization of a public relations program. Community relations, customer relations, stockholder relations, press relations, and special-group relations are emphasized.

13 Small Business Management I (3) CSU

This course discusses the challenges of Entrepreneurship, and provides the tools to enhance success. The course provides a detailed treatment of strategic planning for small businesses, an in-depth coverage of creating and managing the business, new sources of small business funding, effective decision making and hands-on experience for creating a business plan.

33 Personnel Management (3) CSU

Prerequisite: Management 1.

This course discusses the growth and development of human resource management. The legal environment and implementation of equal employment opportunity, unions and their relationship to business enterprise, employee selection and development, handling personnel problems and employee compensation systems are studied. Guest lecturers will be featured.

911 Cooperative Education - Management (1) CSU

921 Cooperative Education - Management (2) CSU

931 Cooperative Education - Management (3) CSU

941 Cooperative Education - Management (4) CSU

Course Descriptions

MARKETING

1 Principles of Selling (3) CSU

This course emphasizes the principles used in persuasive communication. Consumer buying behavior, presentations, and closing sales are covered. The course is designed to help students currently involved in sales, as well as those seeking to improve their communication skills. Sales presentations, video tapes and case studies are used.

21 Principles of Marketing (3) CSU

This course introduces students to various activities in the field of marketing. It provides a broad understanding of the principles involved in the distribution of commodities from the producer to the user or consumer. It covers the consumer market, consumerism, packaging and brands, pricing, wholesaling, retailing, sales promotion, personal selling, and international marketing. Presentations, case studies and video tapes are used.

911 Cooperative Education - Marketing (1) CSU

921 Cooperative Education - Marketing (2) CSU

931 Cooperative Education - Marketing (3) CSU

941 Cooperative Education - Marketing (4) CSU

MATHEMATICS

NOTE: To enroll in a mathematics course, the student must satisfy one of the following conditions:

1. The prerequisite must have been completed, OR
2. Appropriate placement level must be demonstrated through the mathematics assessment process.

NOTE: The District-wide Mathematics Competency Equivalency Test for Elementary Algebra is given only during the spring and fall semesters.

100 Mathematics Workshop (1) (RPT 3) NDA (CR/NCR)

Corequisite: Current enrollment in any mathematics course.

Recommended: For students concurrently enrolled in any mathematics course.

This course is designed to increase comprehension of all levels of mathematics utilizing tutorial assistance from a mathematics instructor.

105 Arithmetic for College Students (3) NDA

This course is designed to give students an understanding of and a competency in the basic operations of elementary arithmetic. To attain this mastery, students must have a genuine desire to remove arithmetic deficiencies. Topics include operations with whole numbers, common and decimal fractions, percentages, the study of the metric system and simplified calculations.

112 Pre-Algebra (3) NDA

Prerequisite: Mathematics 105 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course bridges the gap between arithmetic and algebra. It reviews arithmetic and introduces concepts of algebra including signed numbers, variables, exponents, mathematical sentences and linear equations.

115 Elementary Algebra (5)

Prerequisite: Mathematics 112 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This is a first course in algebra. It covers the fundamental operations on natural numbers and carries on a logical development through all the real numbers. The course includes the solution of linear and quadratic equations and their graphs, factoring and statement problems.

117 Basic Elementary Algebra I (5)

Prerequisite: Mathematics 112 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course is designed for students who are beginning the study of algebra. It parallels the first half of the first year algebra course in high school. Additional topics have been added to the traditional material.

118 Basic Elementary Algebra II (5)

Prerequisite: Mathematics 117 with a grade of "C" or better.

This course parallels the second half of a first-year high school algebra course, including additional topics such as rational expressions, radicals and roots, graphs of linear and quadratic equations, and linear systems.

120 Plane Geometry (5)

Prerequisite: Mathematics 115 or 118 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This is a basic course in the fundamentals of Euclidean plane geometry, stressing the development of logical proof in a mathematical system.

NOTE: Mathematics 120 is a prerequisite for Mathematics 241.

125 Intermediate Algebra (5)

Prerequisite: Mathematics 115 or 118 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

Manipulative skills in algebra are developed and strengthened in the course. The topics include rational exponents, the complete number system of algebra, algebraic and graphical solutions to linear and quadratic equations, logarithmic and exponential functions, elementary theory of equations and inequalities and conics. A wide variety of statement problems are included in the course.

215 Principles of Mathematics 1 (3) UC:CSU

Prerequisite: Mathematics 125 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course helps students understand topics in mathematics, including sets, number bases, number systems, logic and probability. It is recommended for prospective elementary school teachers.

227 Statistics (4) UC:CSU (CAN STAT 2) (Formerly Mathematics 225 + 226)

Prerequisite: Mathematics 125 with a grade of "C" or better, or equivalent preparation and a satisfactory score on the Intermediate Algebra Placement test.

This course discusses averages, variability, graphical techniques, probability, hypothesis testing, sampling, estimation, correlation, prediction, and linear regression. Topics include collection and analysis of data and how inferences about a population are made from that sample.

Course Descriptions

235 Finite Mathematics (5) UC:CSU

Prerequisite: Mathematics 125 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course covers finite mathematics consisting of sets, graphing, linear programming, vectors, matrices, linear systems, combinations, probability, statistics, game theory and Markov chains, with emphasis on applications in business and social sciences.

NOTE: Maximum UC credit allowed: two courses from 235 & 236, 261 & 262 combined.

236 Calculus for Business and Social Sciences II (5) UC:CSU

Prerequisites: Mathematics 120 and 125 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course consists of elementary differential and integral calculus; exponential and logarithmic functions, and their applications to business and social sciences.

NOTE: Maximum UC credit allowed: two courses from 235 & 236, 261 & 262 combined.

241 Trigonometry (4) CSU

Prerequisites: Mathematics 120 and 125 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course of analytical trigonometry includes solutions of triangle problems, radian measure, graphs of trigonometric functions, trigonometric equations, identities, polar coordinates and inverse trigonometric functions and complex numbers.

245 College Algebra (3) UC:CSU

Prerequisite: Math 125 with a grade of "C" or better.

The course discusses relations, functions and their graphs, matrices and determinants, theory of equations, permutations, combination, probability, sequences and series, and conic sections.

260 Pre-Calculus (5) UC:CSU

Prerequisite: Mathematics 241 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

This course in pre-calculus combines the traditional courses of college algebra and analytic geometry, and covers such topics as inequalities, functions, matrices and determinants, properties of the straight line, conic, algebraic and transcendental functions, and parametric equations.

NOTE: Maximum UC credit 4 units.

261 Calculus I (5) UC:CSU (CAN MATH 18)

Prerequisite: Mathematics 260 with a grade of "C" or better, or appropriate placement level demonstrated through the mathematics assessment process.

Students learn basic principles and applications of calculus. Topics include: continuity and limits, differentiation and integration of algebraic and trigonometric functions, fundamental theorem of the calculus, applications of the derivative to curve sketching, rectilinear motion, maximum/minimum problems, and related rates, applications to the integral to problems of area, volume, arc length, and work.

262 Calculus II (5) UC:CSU (CAN MATH 20)

Prerequisite: Mathematics 261 with a grade of "C" or better.

The second course of calculus deals with the differentiation and integration of transcendental functions, standard techniques of integration, curves in polar coordinates, and sequences and series.

263 Calculus III (5) UC:CSU (CAN MATH 22)

Prerequisite: Mathematics 262 with a grade of "C" or better.

The third course of calculus deals with such topics as multivariable calculus, partial differentiation, two- and three-dimensional vectors, Stokes and divergence theorems, and differential equations.

270 Linear Algebra (3) UC:CSU (CAN MATH 26)

Corequisite: Mathematics 263.

This course covers vector spaces, linear transformations and matrices, matrix algebra. Determinants and solutions of systems of equations are made.

NOTE: Offered Fall semesters only.

275 Ordinary Differential Equations (3) UC:CSU (CAN MATH 24)

Prerequisite: Mathematics 263, which may be taken concurrently.

This course covers first-order differential equations and linear differential equations. Special methods for solution of these equations are developed and applied. Transforms are developed and used for the solution of differential equations and systems of equations. Existence theorems are stated and proofs are outlined. Series solutions and operator methods are included.

METEOROLOGY

(Also see Earth Science, Environmental Science, and Geography)

3 Introduction to Weather and Climate (3) UC:CSU

(Same as Geography 3)

Atmospheric elements and controls, storms, human modification and the regional distribution of climates are studied.

MICROBIOLOGY

20 General Microbiology (4) UC:CSU

Prerequisite: Biology 3A, 3B.

Recommended: Successful completion of English 28.

Study of microorganisms, including their structure, metabolism, methods of multiplying, and classification. The techniques used to control microorganisms and the human body's defenses against microbial attack are emphasized. The laboratory covers the microscopic examination of microorganisms, aseptic techniques, the cultivation of bacteria, the effects of anti-microbial agents, and the influence of the environment on bacterial growth.

MILITARY SCIENCE

1 Military History: From Troy to the Present (3) UC

This course covers military history around the world: from Troy, the Greek/Persian Wars, the Punic Wars, the American Civil War, World Wars I and II, and Viet Nam to the Gulf War.

2 State Military Reserve: Basic Training (3)

This course provides all of the requisite knowledge and orientation for recruits to function within the State Military Reserve, including fundamental military skills, the chain of command, and basic organizational procedures.

MULTI-MEDIA

100 Introduction to Multimedia (3) CSU

An overview of the interactive multimedia industry, the profession and career options, the market, and the production process including concept development, interactive design, asset manipulation, programming and delivery. This introduction forms the basis for study of digital and non-linear technologies and applications.

Course Descriptions

210 Digital Editing (3) CSU

This course introduces the student to computer applications for the digital editing of video and sound. Emphasis is placed on non-linear post-production tools.

320 Web Design (3) CSU

A fundamental course in the application of the principles of design to build websites. Students will use a web interface design they have created to build and publish a third- or fourth-generation website.

MUSIC

UC Transfer Credit Limit: A maximum of 12 units from the following courses will be accepted for UC transfer: Music 181, 182, 183, 184, 321, 322, 323, 324, 341, 411, 412, 413, 414, 561, 725, 775. See UC information under Music heading.

101 Fundamentals of Music (3) UC:CSU

The rudiments of musical notation, scales, keys, intervals, common musical terms and elementary keyboard are studied.

111 Music Appreciation I (3) UC:CSU

Designed for non-Music majors, this course meets Humanities/Fine Arts requirements by surveying a wide variety of musical styles and periods past and present. The emphasis is on perceptive listening along with expository readings.

112 Music Appreciation II (3) UC:CSU

Designed for non-Music majors, this course meets Humanities/Fine Arts requirements by surveying a variety of twentieth century musical styles. The emphasis is on perceptive listening, along with expository readings. Music 112 differs from Music 111 in that the focus is on twentieth century composers and styles.

NOTE: Music Appreciation I is not a prerequisite to Music Appreciation II.

121 Music History and Literature I (3) UC:CSU

This course presents a survey of musical practices and styles from the earliest times to 1750, including the Romanesque, Gothic, Renaissance, and Baroque periods. The artistic philosophy of each style period is explored.

NOTE: Music History and Literature I is not a prerequisite to Music History and Literature II.

122 Music History and Literature II (3) UC:CSU

Styles, techniques and forms of music from 1750 to the present are traced. Special emphasis is placed on the development of the orchestra and its forms. The artistic philosophy of each style period is examined.

NOTE: Music History and Literature I is not a prerequisite to Music History and Literature II.

133 Introduction to Asian Music (3) UC:CSU

This course consists of an introduction to Asian music and its place in history. Culture from the earliest period to the present will be explored.

141 Jazz Appreciation (3) UC:CSU

Designed for non-Music majors, this course meets Humanities/Fine Arts requirements by surveying jazz styles of music from their beginnings to the present. The emphasis is on perceptive listening, along with expository readings.

161 Introduction to Electronic Music (3) CSU

This course explores electro-acoustic music by surveying contemporary music and by becoming familiar with the use of technology in today's musical practices and procedures. Computers, synthesizers and MIDI software are utilized.

181 Applied Music I (1) CSU

182 Applied Music II (1) CSU

183 Applied Music III (1) CSU

184 Applied Music IV (1) CSU

Prerequisite: Open to Music majors by audition.

These courses are designed for both vocal and instrumental students and provide credit for independent study. Fifteen one-hour lessons and a minimum of five hours of weekly independent music practice are required for the semester. The development of vocal/ instrumental technique is emphasized. Workshop and recital participation are required.

200 Introduction to Music Theory (4) UC:CSU

Required of all Music majors.

This course explores the elements of music and discovers how musicians use the elements to create compositions. Topics include musical notation, basic rhythms, scales keys, sight singing, ear training, and an introduction to the keyboard.

201 Harmony I (3) UC:CSU

Required of all Music majors.

Prerequisite: Music 101.

Recommended: concurrent enrollment in Music 211.

This course deals with the fundamental harmonic principles of music including chord structure, diatonic harmony, inversions, harmonic progression, harmonic structure of the phrase, harmonization of a given part, and non-harmonic tones. Harmonic skill is developed through written exercises, analyses of classical examples and keyboard exercises. Students will be required to spend additional time in the Learning Resource Center with audio-visual and computer-assisted instructional materials, have some pianistic ability, and/or concurrent enrollment in an elementary piano course.

202 Harmony II (3) UC:CSU

Prerequisite: Music 201.

Corequisite: Music 212.

While further developing the material presented in Harmony I, Harmony II expands the musical vocabulary by presenting seventh chords and an introduction to chromaticism and modulation. Students in this course will be required to spend additional time in the Learning Resources Center with audio-visual and computer-assisted instructional material.

203 Harmony III (3) UC:CSU

Prerequisite: Music 202.

Corequisite: Music 213.

This course extends principles developed in Music 202, including augmented sixth chords, the Neapolitan sixth, altered dominants, diminished seventh chords, chromatic third-relation harmony, modulation to foreign keys and extended chords such as ninths, elevenths and thirteenth. Students in this course will be required to spend additional time in the Learning Resources Center with audio-visual and computer-assisted instructional material.

211 Musicianship I (2) UC:CSU

Required of all Music majors.

Prerequisite: Music 101 or equivalent.

Corequisite: Music 201.

Correlated with Harmony 1, this course consists of a study of sight reading, one-part melodic dictation, simple harmonic dictation, elementary theory, including scale structure, keys, intervals, musical terminology and notation, and the basic principles of musicianship.

Course Descriptions

212 Musicianship II (2) UC:CSU

Prerequisite: Music 211.

Corequisite: Music 202.

This course consists of sight reading, ear training and keyboard application of the subject matter covered in Music 202.

213 Musicianship III (2) UC:CSU

Prerequisite: Music 212.

Corequisite: Music 203.

This course consists of sight reading, ear training and keyboard application of the subject matter covered in Music 203.

271 Songwriters' Workshop I (3)

Composers, lyricists, book writers, actors and theater artists meet regularly to create new works for the musical theater. Introductory principles of the craft of creating new works for musical theater are presented.

272 Songwriters' Workshop II (3)

Prerequisite: Music 271.

Composers, lyricists, book writers, actors and theater artists meet regularly to create new works for the musical theater. Introductory principles of the craft of creating new works for musical theater are presented. This is a continuation of the principles begun in Music 271, with emphasis on longer works.

273 Songwriters' Workshop III (3)

Prerequisites: Music 271, 272.

Composers, lyricists, book writers, actors and theater artists meet regularly to create new works for the musical theater. Introductory principles of the craft of creating new works for musical theater are presented. A continuation of the principles studies in Music 272, with emphasis on performance and production.

274 Songwriters' Workshop IV (3)

Prerequisites: Music 271, 272, 273.

Composers, lyricists, book writers, actors and theater artists meet regularly to create new works for the musical theater. Introductory principles of the craft of creating new works for musical theater are presented. A continuation of the principles studies in Music 273, with emphasis on work suitable for submission to professional, regional and Broadway theater companies.

299 Music Honors (1) CSU (RPT 3)

Designed for the advanced Music major. This course provides the gifted Music student with an opportunity for concentrated independent study in selected areas under the direct supervision of an instructor. For UC transfer, Music 299 is considered the same as Directed Study.

321 Elementary Piano I (2) UC:CSU

This course begins a four-semester sequence covering music reading, basic keyboard technique, and principles of interpretation. Music majors are required to take four units of piano for the AA Degree. Anyone interested in learning to play the piano and in growing musically should find the piano sequence helpful.

NOTE: Students should have access to a piano, as daily practice is required.

322 Elementary Piano II (2) UC:CSU

Prerequisite: Music 321 or equivalent.

This course is a continuation of Music 321 topics with extended hand position; transposition; and selected exercises.

NOTE: Students should have access to a piano, as daily practice is required.

323 Elementary Piano III (2) UC:CSU

Prerequisite: Music 322 or equivalent.

Continuation of Music 322 topics including repertoire on level of Beethoven Sonata in G; Bach Minuet in G.

NOTE: Students should have access to a piano, as daily practice is required.

324 Elementary Piano IV (2) UC:CSU

Prerequisite: Music 323 or equivalent.

This course is a continuation of skills and concepts developed in Elementary Piano III.

NOTE: Students should have access to a piano, as daily practice is required.

341 Intermediate Piano (2) UC:CSU (RPT 3)

Prerequisite: Music 324 or equivalent.

The performance of appropriate repertoire is developed with emphasis on memorization and artistic interpretation.

411 Elementary Voice I (2) UC:CSU

Required of all Music majors.

This course is an introduction to the proper use of the voice through breath control and vocal placement, and includes posture, tone quality, diction, range, and stage presence. Repertoire includes simple art songs, folk songs and spirituals.

412 Elementary Voice II (2) UC:CSU (RPT 1)

Recommended: Music 411.

An extension of principles introduced in Music 411 and includes interpretive qualities. Repertoire: an introduction to Italian art songs and simple Broadway songs.

413 Elementary Voice III (2) UC:CSU

Recommended: Music 411 and 412 or equivalent.

All aspects of solo singing are stressed, especially English, Italian, and German diction. Repertoire includes art songs in the original language and less vocally demanding arias from opera and oratorio. See UC information under Music heading.

414 Elementary Voice IV (2) UC:CSU

Prerequisite: Music 413 or equivalent.

This course is a continuation of the principles and concepts presented in Music 413. An introduction to French art song and simple opera arias, the development of the student's ability to analyze and interpret the song repertoire are stressed.

501 College Choir (.5) UC:CSU (RPT 3)

Open to all students by audition.

This course consists of study and performance of selected choral literature for mixed voices, both accompanied and a cappella. The emphasis is placed on the development of reading skills, basic voice techniques and interpreting the score.

561 Chamber Chorale (.5) UC:CSU (RPT 3)

Open to all students by audition.

This course is for rehearsal and performance of choral music for small ensembles. The music is chosen from all stylistic periods. Emphasis is placed upon reading skills, interpreting the score and the development of a professional attitude toward public performance.

701 Instrumental Ensemble (.5) UC:CSU

This course provides students with the opportunity to study and perform a variety of music. The music selected will depend on the variety and mix of instruments being played each semester.

Course Descriptions

725 Community Orchestra (.5) UC:CSU (RPT 3)

Open by audition to all musicians who play orchestral instruments. Standard orchestral literature is rehearsed and performed.

725 A Community Orchestra (.25) UC:CSU (RPT 3)

Modularized Class

725 B Community Orchestra (.25) UC:CSU (RPT 3)

Modularized Class

775 Jazz Ensemble (.5) UC:CSU (RPT 3)

Open to all instrumentalists by audition.

This course provides instrumentalists and vocalists with the opportunity to rehearse and perform music of the past in the "big band" tradition, as well as contemporary compositions written for this ensemble.

OCEANOGRAPHY

(Also see Earth Science, Environmental Science, and Geography)

1 Introduction to Oceanography (3) UC:CSU

The student is introduced to the general field of oceanography, including a study of the features of the sea floor, the chemical and physical properties of sea water, currents, tides, waves and their effects on marine organisms. Special reference is made to the Southern California environment and the problems of people and the sea.

OFFICE ADMINISTRATION

(See Computer Applications and Office Technology)

PARALEGAL STUDIES

3 Civil Rights and the Law (3) UC:CSU

(Same as Law 3)

This course presents a comparative and analytical study of the law and related problems concerning the Bill of Rights and the U.S. Constitution. Life and the death penalty, freedoms of speech and press, freedom of religion, racial and sexual equality, and privacy are some of the topics under consideration, with emphasis on recent court decisions and current events. The course is a recommended elective for the Paralegal Certificate.

4 Directed Field Work in Legal Assisting) (3)

(Same as Law 4)

Prerequisite: Law 10 and English 101.

Directed field work in selected private law firms or public institutions of legal assisting are assigned to individual students. An effort is made to rotate office assignments.

10 Introduction to Legal Assistant I (3) CSU

(Same as Law 10)

An introductory course in formalizing the career of the legal assistant, an introduction to law, social forces and the law, comparison of the role of the legal assistant and the lawyer, and an introduction to legal terminology and bibliography, including research problems.

11 Introduction to Legal Assistant II (3) CSU

(Same as Law 11)

Prerequisite: Law 10 and English 101.

This course is a continuation of Law 10 with a study of the composition, location and jurisdiction of all courts, a study of document production and administration within the judicial structure, a detailed examination of civil and criminal litigation, and an introduction to legal drafting and writing.

12 Tort Law and Claims Investigation (3)

(Same as Law 12)

Prerequisite: Law 10 and English 101.

A study of the fundamental principles of the law of torts, including insurance and an examination of the techniques of investigation involved in the lawyer's handling of tort and insurance claims.

13 Wills, Trusts, and Probate Administration) (3)

(Same as Law 13)

Prerequisite: Law 10 and English 101.

A study of the fundamental principles of the law of wills and trusts, including simple will and trust forms; an examination of the organization and jurisdiction of a California Probate Court; and the administration of estates in California Probate Courts.

14 Law Office Management) (3)

(Same as Law 14)

Prerequisite: Law 10 and English 101.

A study of the basic objectives of the management of a law office; a study of hardware and software used in a law office; an examination of indexing and filing principles; law office manuals; a study of basic accounting principles; practice in and study of law office correspondence.

15 Property, Bankruptcy, and Family Law) (3)

(Same as Law 15)

Prerequisite: Law 10 and English 101.

A study of the law of personal property and real property, including community property, joint tenancy, leases, deeds, contracts, escrows, deeds of trust, study of the system of recording and search of public documents, a study of the bankruptcy laws and forms and a study of family law, with emphasis on the dissolution of marriage.

16 Civil and Criminal Evidence) (3)

(Same as Law 16)

Prerequisite: Law 10 and English 101.

This is a study of the rules of civil and criminal evidence and the admissibility of such evidence in court; deposition comprehension and use in court; interrogatory summarizing and use in court.

17 Legal Writing (3)

(Same as Law 17)

Prerequisite: Law 10 and English 101.

This course covers advanced legal drafting and writing, including special research and projects.

20 Basic Probate Procedures (3)

(Same as Law 20)

Prerequisite: Law 10, English 101, and Law 13.

A comprehensive study of methods for fact gathering, office procedures, and required court work involved in the handling of probates of both testate and in testate decedents.

33 Law and the Media (3) CSU

(Same as Law 33)

Prerequisite: Law 10 and English 101.

This course presents an overview of the legal aspects in the entertainment industry. Students will be exposed to legal aspects of contractual agreements, copyright requirements, privacy, regulations of the Federal Communications Commission, libel and slander, freedom of speech and press, publishing rights, trademarks, unions, and related concerns.

Course Descriptions

35 Immigration Law for Paralegals (3)

(Same as Law 35)

Prerequisite: Law 10 and English 101.

This course is a study of concepts of immigration law including grounds of exclusion, defense to deportation, petitions and visa applications. Research and writing will be emphasized in the areas of amnesty, naturalization, citizenship, international law and criminal aspects of immigration.

PERSONAL DEVELOPMENT

1 Introduction to College (1) (RPT 1) NDA

This course covers educational and vocational planning, including preparation of a detailed term-by-term plan, fixing of goals and objectives, career guidance, library skills, institutional roles and governance, student government, and deficiencies in preparation with relation to objectives and study skills.

4 Career Planning (1) CSU

This class examines the career developmental concepts of awareness and implementation (decision-making) as it relates to the self and the world of work. Students will develop a personal decision-making strategy utilizing the skills obtained in the class. The class will emphasize the philosophy and importance of career development and personal interests, values, and skills as well as occupational resources. Other topics include the personality type/work environment relationship, a work environment analysis, and educational planning.

5 College Survival (2) CSU

This course will enable students to survive and succeed in a college program. Emphasis will be placed on making informed decisions, developing study skills, learning productive time management techniques, financial planning, and other personal skills.

8 Career Planning and Development (2) CSU

This course is an introduction to career planning and is designed for students who are considering vocational careers. The focus is on a comprehensive career and personal evaluation, developing an appropriate educational plan, and utilizing a personal career strategy.

15 Personal Development Seminar (3) NDA

Modularized Courses Listed Below.

This class will provide students with testing and the assessment of individual abilities, interests and values. An individual educational plan, equipment orientation, campus orientation and effective communication techniques will be fully explored.

15A Personal Development Seminar A (1) NDA

15B Personal Development Seminar B (1) NDA

15C Strategies for Success in College and Life (1) NDA

17 College Survival Skills (1) CSU

This course provides the student with a variety of survival skills necessary to become a successful college student, including instruction on study skills, time management, stress management, identifying educational and career goals, and utilizing library resources, among other topics.

PHILOSOPHY

1 Introduction to Philosophy I (3) UC:CSU (CAN PHIL 2)

This course examines such questions as the existence of God, the problems of evil, the nature of the soul and the origin of knowledge. It takes a historical approach to philosophical problems in the Western tradition emphasizing the development of analytic and evaluative skills. An inquiry into the nature of science, religion, metaphysics and the theory of knowledge is undertaken.

6 Logic in Practice (3) UC:CSU (CAN PHIL 6)

An introduction to critical thinking, the skill of evaluating and constructing arguments as they appear in ordinary language. This course examines problems of clarity of language as they appear in a variety of disciplines such as science, the humanities, social sciences, law and business. Emphasis is placed on the practical application of logical skills to other disciplines.

8 Deductive Logic (3) UC:CSU

This course is an introduction to the principles of deductive and inductive reasoning emphasizing critical and evaluative skills. Introduces technical analysis of the reasoning process, categorical and propositional logic, and formal and informal fallacies. It is an excellent preparation for the LSAT.

9 Symbolic Logic I (3) UC:CSU

This course provides an introduction to formal logic including truth, validity, truth tables, tautologies, contradictions, contingencies, quantification and methods of deduction.

18 Business Ethics (3) UC:CSU

This course introduces the study of values, and their importance in the practical conduct of business.

20 Ethics (3) UC:CSU (CAN PHIL 4)

An inquiry into the nature of morality, and ethical theory in both historical and contemporary settings as they apply to business, the arts, science, and medicine. An analysis of utilitarianism, duty theory and virtue theory as well as contemporary moral issues such as abortion, capital punishment, animal rights, environmental issues and the role of ethics in political and social policy.

33 Comparative Survey of World Religions (3) UC:CSU (Formerly Philosophy 23)

This course analyses the world's great religions, including Hinduism, Buddhism, Confucianism, Judaism, Islam and Christianity. This course investigates pre-rational religions, mystic cults, myth and ritual. Emphasis is placed on the philosophical assumptions and principles underlying religious beliefs and the influence of environment and culture on these beliefs.

41 An Introduction to Philosophy and Literature (3) UC:CSU

This course offers an examination of great philosophical and literary works which explore the relationships between philosophy and literature. An analysis is made of philosophical themes such as the nature of self, faith and reason, and the problem of evil as it arises in plays, novels, poems and short stories.

Course Descriptions

185 Directed Study - Philosophy (1) CSU

285 Directed Study - Philosophy (2) CSU

385 Directed Study - Philosophy (3) CSU

Directed Study allows a student to pursue Philosophy on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester-units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

PHYSICAL EDUCATION

All Physical Education classes require critical thinking to satisfactorily complete the course.

UC Transfer Credit Limit: A maximum of 4 units from the following courses will be accepted for UC transfer: Physical Education 262, 504, 506, 508, 515, 516, 630 665, 666, 667 668, 679, 682, 683, 684, and 690. A maximum of 12 units will be accepted from Physical Education 460, 462, 463, 814

431 Modern Dance (1) UC:CSU (RPT 3)

Instruction and practice in the basic skills and techniques of various modern dance forms.

434 Ballet (1) (RPT 3)

Students will be trained in classical ballet techniques. Correct placement and execution of movements will be emphasized.

437 Jazz Dance (1) (RPT 3)

This course will train students in a variety of jazz dance techniques and principles.

440 Social Dance I (1) UC:CSU (RPT 3)

All levels learn various social ballroom dances including salsa, swing, waltz, rumba, tango and others.

460 Ballet Techniques (1) UC:CSU (RPT 3)

This course teaches traditional ballet techniques and principles. The course will emphasize not only the correct placement and execution of a wide variety of ballet movements, but will also teach the terminology and history of the movements.

462 Modern Dance - (1) UC:CSU (RPT 3)

Students develop coordination, flexibility and cardiovascular strength while learning various modern dance techniques.

463 Modern Jazz Dance - (1) UC:CSU (RPT 3)

This course provides instruction in the techniques, principles, terminology and practice of modern jazz dance.

814 Dance Production (2) UC:CSU (RPT 3)

This course offers instruction in choreographic techniques culminating in a student dance production. Students will be responsible for choreographing and performing a variety of dances. This course is open to all levels.

822 Dance Rehearsals and Performances (1) CSU (RPT 3)

This course is structured rehearsal time culminating in a student dance production. Students participate as dancers and or choreographers.

185 Directed Study - Physical Education (1) (RPT 2)

This course allows a student to pursue Directed Study in Physical Education on a contract basis under the direction of a supervising instructor. Enroll with instructor permission only.

212 Tennis Skills (1) UC:CSU (RPT 3)

This course offers instruction and practical application in the fundamental skills and techniques of tennis as well as the basic elements of physical fitness.

225 Yoga Skills (1) UC:CSU (RPT 3)

An ancient form of movement involving prescribed postures and breathing techniques. Yoga helps to promote strength, flexibility, coordination and balance.

228 Body Conditioning (1) UC:CSU (RPT 3)

This course combines aerobics with Pilates, dance, yoga and free weights for overall conditioning.

229 Body Dynamics (1) UC: CSU (RPT 3)

This course combines aerobics with weight training and stretching for overall conditioning. Body mechanics, nutrition and diet information will also be provided.

470 Step Aerobics (1) CSU (RPT 3)

This course will teach the student how to safely exercise aerobically using a step bench.

630 Aerobic Super Circuit Laboratory (1) UC:CSU (RPT 3)

Using fundamentals of exercise physiology each student will assess his/her level of physical fitness and, using this information, develop, design and implement a personalized exercise program.

666 Body Conditioning (1) UC:CSU (RPT 3)

This course combines aerobics with Pilates, dance, yoga and free weights for overall conditioning.

668 Body Dynamics (1) UC:CSU (RPT 3)

This course is a combination of aerobic and callisthenic activities. Emphasis is on physical fitness through regular exercise. Body mechanics, nutrition and diet information will also be provided.

690 Weight Training (1) UC:CSU (RPT 3)

This course offers instruction and practice in physical fitness conditioning through weight training. Students will also learn weight room etiquette and spotting techniques.

262 Track and Field Skills (1) UC:CSU (RPT 3)

Track and field fundamentals are emphasized while improving the students overall fitness and conditioning level.

304 Basketball Skills (1) UC:CSU (RPT 3)

Students will learn to identify and demonstrate basketball terminology and rules of the game while learning basic basketball skills and fundamentals.

519 Ice Hockey Skating (1) CSU (RPT 3)

This course is designed for the student athlete who is interested in learning to ice skate for Ice Hockey competition and is intended to provide focused strength and conditioning exercises while emphasizing safety and injury prevention.

520 Ice Hockey Skills Development CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, emphasize safety and injury prevention and present new rules and techniques for competitive Ice Hockey.

Course Descriptions

521 Strength and Fitness Training for Ice Hockey (1) CSU (RPT 3)

This course is designed for the student athlete who is interested in further developing ice hockey skating skills, agility and timing and is intended to provide focused strength and conditioning exercises.

523 Ice Hockey Theory (3) CSU (RPT 3)

This course will teach the rules of ice hockey to both the novice and the advanced player. Evaluating game situations and offensive, defensive and attack scenarios. Coaches' handouts and the USA Hockey Manual will be used.

550 Cheerleading/Yell Leading (2) (RPT 3)

This course will teach and practice the techniques, skills and knowledge necessary to perform on a cheerleading or yell leading squad.

552 Athletics Pre-season Conditioning (1) UC:CSU (RPT 3)

This course is designed for the student athlete and will cover physical conditioning, strength training and aerobic conditioning.

553 ICS Strength and Fitness Training Football (1) UC:CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules and game plays for football.

554 ICS Strength and Fitness Training Track and Field (1) UC:CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules for Track and Field.

555 ICS Strength and Fitness Training –Cross Country (1) UC:CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules for Cross Country.

556 ICS Strength and Fitness Training Basketball (1) UC:CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules for Basketball.

558 ICS Strength and Fitness Training Soccer (1) UC:CSU (RPT 3)

This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules and field strategy for Soccer.

665 Basketball Skills (1) UC:CSU (RPT 3)

This course offers instruction in all phases and fundamentals of the game of basketball, as well as developing basic fitness. Students will learn to identify and demonstrate basketball terminology and rules of the game.

667 Flag/Touch Football Skills (1) UC:CSU (RPT 3)

This course is designed to provide weekly participation in vigorous physical activity involving group work in flag football techniques, terminology, rules and regulations.

682 Tennis Skills (1) UC:CSU (RPT 3)

This course offers instruction and practical application in the fundamental skills and techniques of tennis as well as the basic elements of physical fitness.

718 Fundamentals of Athletic Training (3) UC:CSU

This course emphasizes the prevention and care of athletic injuries.

727 Academic Success for the Student Athlete (3) CSU

A college orientation class to help the student athlete set educational and career goals, develop good study skills, learn job hunting skills, and become informed about college resources.

504 Basketball (2) UC:CSU

This course is for the student athlete who is interested in competing at the intercollegiate level. The class emphasizes mastering individual fundamentals and performing complex offensive and defensive strategies.

506 Cross Country (2) UC:CSU

This call is designed for the athlete who is willing to compete on an intercollegiate cross country team. The course requires a minimum of 10 hours per week for practice, travel and competitive meets. The emphasis will be on teaching fundamentals and strategy.

508 Football (2) UC:CSU ((RPT 1))

This course is for the student athlete who is interested in competing at the intercollegiate level. The class emphasizes mastering individual fundamentals and performing complex offensive and defensive strategies.

515 Track and Field (2) UC:CSU (RPT 1)

This call is designed for the athlete who is willing to compete on an intercollegiate track and field team. The course requires a minimum of 10 hours per week for practice, travel and competitive meets. The emphasis will be on fundamentals and strategy.

522 Ice Hockey (2) CSU (RPT 3)

This course is designed for the student athlete who is interested in competing in an Intercollegiate Ice Hockey program. The course will emphasize both offensive and defensive strategies, team play and further develop competitive athletes.

PHYSICAL SCIENCE

1 Physical Science 1 (3) UC:CSU

This integrated course for non-science majors develops fundamental concepts and principles of physics, chemistry, geology, astronomy, and related fields. The course emphasizes the ideas that will give an overall understanding of our physical universe.

PHYSICS

6 General Physics I (4) UC:CSU (CAN PHYS 2)

Prerequisite: or concurrent enrollment in Mathematics 241 or equivalent trigonometry.

Physics 6 and 7 constitute a two-course sequence in general physics designed primarily for medicine, dentistry, pharmacy, optometry and geology majors. The areas of physics involved in this course are mechanics, energy, fluid mechanics, mechanical waves, thermal behavior, kinetic theory and the laws of thermodynamics.

NOTE: No UC credit will be given for Physics 11 or 12 if taken after the Physics 6–7, or 37–38–39 series.

Course Descriptions

7 General Physics II (4) UC:CSU

Prerequisites: Physics 6, Mathematics 241

Physics 6 and 7 constitute a two-course sequence in general physics designed primarily for medicine, dentistry, pharmacy, optometry and geology majors. This course is a continuation of Physics 6, covering electricity, magnetism, electromagnetism, alternating currents, electromagnetic waves, optics, the atom, quantum physics and relativity. **NOTE: No UC credit will be given for Physics 11 or 12 if taken after Physics 6, 7, or the 37, 38, 39 series.**

12 Physics Fundamentals (3) UC:CSU

Prerequisite: One year of high school algebra, or Mathematics 115.

This introductory course in physics, designed primarily for liberal arts students, provides qualitative knowledge of fundamental physical principles.

NOTE: No UC credit will be given for Physics 11 or 12 if taken after the Physics 6-7, or 37-38-39 series.

14 Physics Fundamentals Laboratory (1) UC:CSU

Prerequisite: Physics 12 or concurrent enrollment in Physics 12.

This course is designed for those liberal arts students who are taking or have taken Physics 12 and who wish or need to have a laboratory experience as part of their physical science education. The course consists of a large number of physical science experiments.

37 Physics for Engineers and Scientists I (5) UC:CSU

Prerequisite: Mathematics 261 with a grade of "C" or better.

Corequisite: Mathematics 262.

This course is the first semester of a three-semester calculus-level sequence in introductory physics. Topics studied include kinematics, particle dynamics, momentum and impulse, work-energy, rotational dynamics, statics, oscillations, gravitation, mechanics of solids and fluids, and special relativity.

NOTE: No UC credit will be given for Physics 11 or 12 if taken after the Physics 6, 7, or 37, 38, 39 series.

38 Physics for Engineers and Scientists II (5) UC:CSU

Prerequisites: Physics 37 and Mathematics 262.

Corequisite: Mathematics 263.

This is the second semester of a three-semester calculus-level sequence in introductory physics. Topics studied include electric fields, magnetism, electrical and magnetic properties of matter, direct and alternating current circuits, Maxwell's equations, electromagnetic waves and wave theory.

NOTE: Subject to UC limitation if combined with other physics courses. See Physics 12.

39 Physics for Engineers and Scientists III (5) UC:CSU

Prerequisites: Physics 37, Mathematics 263.

This course is the third semester of a three-semester calculus-level sequence in introductory physics. Topics studied include thermodynamics, waves and sound, geometrical and physical optics, quantum mechanics, some statistical mechanics, and nuclear physics.

NOTE: UCLA transfer students should plan to complete the sequence at WLAC. See NOTE in Physics 12.

185 Directed Study - Physics (1) CSU

385 Directed Study - Physics (3) CSU

Allows a student to pursue a Directed Study in Physics on a contract basis under a direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

PHYSIOLOGY

(Also see Anatomy)

1 Introduction to Human Physiology (4) UC:CSU

Prerequisite: College Biology 3 or 3A and 3B with a grade of "C" or better.

This course presents the biochemical and biophysical principles underlying the physiological processes of the human being. Lecture topics include the neural and hormonal regulation of bodily processes, and the integration of the organ systems to maintain a constant fluid environment within the body. Special emphasis will be placed on the evaluation of body temperature, blood pressure, breathing, and urine output, as well as the interpretation of clinical laboratory tests. Laboratory exercises will introduce the student to the spectrophotometer, EKG machine, blood pressure cuff, and urinalysis tests. This course is intended to meet the requirements of students majoring in Nursing, Dental Hygiene, Occupational Therapy, Psychology, Physical Education, and Life Sciences, or for those who wish to extend their knowledge of the human body beyond the scope of introductory biology.

185 Directed Study - Physiology (1) CSU

285 Directed Study - Physiology (2) CSU

385 Directed Study - Physiology (3) CSU

These courses allow a student to pursue Directed Study in Physiology on a contract basis under a direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

POLITICAL SCIENCE

1 The Government of the United States (3) UC:CSU (CAN GOVT 2)

This course deals with the principles, problems, structures, and functions of United States and California governments. The topics covered will be political concepts, ideology and government, the Constitution, Federalism, Congress, the presidency, the judiciary, civil rights and civil liberties, the media, elections, political parties, interest groups, California and the nation, the California Constitution, the state legislature, the state's plural executive, and the state judiciary.

2 Modern World Governments (3) UC:CSU

A comparative study is made of the major governments of the developed world in terms of their institutions, ideologies, political habits and foreign policies. Emphasis is placed upon the European governments of Great Britain, France, Germany, and Russia.

4 Introduction to State and Local Governments (3) CSU

This general survey course introduces students to the various functions, structures and services of state governments, their relation to local governments, and their interrelationships with the federal government.

7 Contemporary World Affairs (3) UC:CSU (RPT 1)

This course surveys the factors involved in international relations today. Emphasis is placed upon regional and global affairs, providing students with a framework for analysis.

8 The Modern Far East - Politics of the Pacific Rim (3) UC:CSU

This course is a comparative study of the history and culture of government, politics, and the economic development of Asia. The focus is upon China, Japan, Korea, and Southeast Asia, with emphasis on the political process and its relationship to economic development and modernization.

Course Descriptions

185 Directed Study - Political Science (1) CSU

285 Directed Study - Political Science (2) CSU

385 Directed Study - Political Science (3) CSU

Allows a student to pursue Directed Study in Political Science on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester units per semester, 6 units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

PSYCHOLOGY

1 General Psychology I (3) UC:CSU (CAN PSY 2)

This course presents an overview of the major fields of psychology, including research methods, learning and conditioning, biopsychology, memory, intelligence, health psychology, motivation and emotion, perception, human development, social psychology, personality, psychotherapy, and abnormal psychology. This history of modern psychology and its roots in philosophy is presented. Particular attention is given to the application of psychological concepts to the problems people find living in contemporary society.

2 General Psychology II (3) UC:CSU

Prerequisite: Psychology 1.

This course examines behavior from a biological, physiological approach. A detailed examination of the anatomy and physiology of the neuron and brain is provided, including the central, peripheral and autonomic nervous systems. Sensory systems are presented, including vision, audition and somato-sensory. A biopsychological perspective is taken to study motivation, emotion, language, sleep, consciousness, sexual behavior, and mental illness.

14 Abnormal Psychology (3) UC:CSU

This course deals with maladaptive or abnormal behavior of human beings. Topics covered include history of abnormal psychology, classifications, clinical frameworks, causal factors, treatment and outcomes of maladaptive behavior, assessment utilizing the DSM-IV, therapy, and prevention. Major categories of mental disorders are presented including mood, anxiety, stress, somatoform, disassociative, psychosexual, personality, and schizophrenia.

16 Intimacy, Marriage, and Family Relationships (3) CSU

This course deals with the psychological aspects of dating, love, and marriage. It is designed to provide students with a basic positive attitude toward the potential of marriage and to prescribe the circumstances that make the marital union an opportunity for a growing, greater, "other-centered" self-realization.

41 Life-Span Psychology: From Infancy to Old Age (3) UC:CSU

This course presents the psychological development of the person from the prenatal period through old age and death. Each of the eleven stages of life is presented. Emphasis is placed on theories and their application to the behavioral, cognitive, social and biological aspects of human development. Psychosocial and life-span approaches are employed to illustrate the interconnectedness of all stages of life.

52 Psychological Aspects of Human Sexuality (3) UC:CSU

This course addresses the psycho-sexual development if the individual and the values that are learned in our culture and comparative information from other cultures. This history of attitudes toward sexuality in America is studied. The anatomy and physiology of the human reproductive system, the physical and emotional orgasmic response, life-long development, sexually transmitted diseases, myths and misconceptions about the sexual response, sexual variance and dysfunction are presented. The interaction of personality and sexual behavior is explored. The student can achieve an understanding of this or her own unique sexuality.

63 Alcohol/Drug Studies: Prevention and Education (3)

This course focuses on drug and alcohol abuse prevention in different communities including families, schools, and the workplace. Strategies for implementing programs and obtaining government approvals are presented. Relapse issues and cultural differences are also considered.

64 Introduction to Drug and Alcohol Abuse (3) CSU

This survey course includes drug classification, drug physiology and psychopharmacology, theories of addiction, history and theories of treatment, dual diagnosis, drug testing and social policy, recovery and rehabilitation, and other related topics. This course is also the introductory course for drug and alcohol counseling programs.

65 Chemical Dependency, Intervention, Treatment and Recovery (3) CSU

An introduction to treatment and recovery from drug and/or alcohol addiction including the physiology of addiction, criteria of addiction, and the various treatment modalities with an emphasis on family and different populations. Other aspects include models of recovery, rehabilitation, relapse, and aftercare.

67 Counseling Techniques for the Chemically Addicted (3)

This course emphasizes counseling techniques for the chemically addicted. Major elements include ethics and confidentiality, interview and assessment techniques, observation and listening skills, dual diagnosis, crisis intervention, and documentation processes.

68 Biopsychology of Chemical Dependency: Drugs, Behavior, and Health (3)

This course offers comprehensive instruction on the pharmacological and behavioral effects of all major categories of both legal and illegal psychoactive substances, including an overview of contemporary and historical drug regulation and abuse, and a detailed review of the nervous system.

185 Directed Study - Psychology (1) CSU

285 Directed Study - Psychology (2) CSU

385 Directed Study - Psychology (3) CSU

Allows a student to pursue Directed Study in Psychology on a contract basis under the direction of a supervising instructor.

Course Descriptions

REAL ESTATE

1 Real Estate Principles (3) CSU

This beginning course in real estate fundamentals is required for the real estate salesperson's license, and is highly recommended as a foundation course in real estate. Real estate economics, terminology and definitions, real estate law, ownership rights, real estate investment and career opportunities, as well as other subjects vital to a basic understanding of real estate are covered.

3 Real Estate Practice (3) CSU

Prerequisite: Real Estate 1 or possession of a real estate salesperson's license.

This course covers the day-to-day activities of the real estate brokerage business from the viewpoint of both the owner and the sales staff. It gives practical training in such topics as: time management, human relations, client psychology, financing, leasing, appraising and property management. The course is required for those seeking the California broker's license.

4 Real Estate Office Administration

Prerequisite: Real Estate 1 or possession of a real estate salesperson's license

This course may be used as an elective toward the California salesperson's license. Topics presented in this course include management, leadership, communications, staffing, real estate market analysis, finance, and other topics pertinent to the successful operation of a real estate office.

5 Legal Aspects of Real Estate I (3) CSU

Prerequisite: Real Estate 1, or possession of a real estate salesperson's license.

This course covers in detail the principles of property ownership and management, with special emphasis on the law as it applies to community property, conveyances, deeds, trust deeds, leases, brokerage activities, liens, homesteads, wills, estates and taxes.

7 Real Estate Finance I (3) CSU

Prerequisite: Real Estate 1, or possession of a real estate salesperson's license.

Forms and sources of financing property, construction and permanent financing are studied. The procedures for FHA, Cal Vet and VA financing, mortgage capital from savings and loan associations, commercial banks, insurance companies and other sources, junior mortgages, appraising for mortgages, loan ratios and leaseholds are also covered.

9 Real Estate Appraisal I (3) CSU

Prerequisite: Real Estate 1, or possession of a real estate salesperson's license.

This course emphasizes the theory, principles and methods used in the valuation of various types of properties. Cost, market and income approaches are examined in great detail. Land and building residual techniques are also presented. An appraisal report on a single-family residence is usually required.

10 Real Estate Appraisal II (3) CSU

Prerequisite: Real Estate 9.

This advanced appraisal course features a brief review of the theory, principles and methods used in the valuation of residential, commercial and industrial properties. It also features case study problems illustrating the use of the three approaches to value, and a thorough analysis of the components utilized by the income approach. This course emphasizes the valuation of all income-producing properties. An appraisal report on an income-producing property is usually required.

14 Property Management (3) CSU

Prerequisite: Real Estate 1 or Real Estate 3.

This course is designed for real estate brokers, salespeople and owners of income-producing properties. Topics covered include the nature and types of property management, organization for management, leases and contracts, rent scheduling, selling of space and techniques of renting, tenant selection and supervision, relations with owners, budgets, purchasing accounts, reports, ethics and legal and professional relationships.

16 Income Tax Aspects of Real Estate (3) CSU

Prerequisite: Real Estate 1.

The impact of federal and California state income tax laws upon the purchase, sale, exchange and use of real property is covered. This includes depreciation, capital gains, installment sales, prepaid interest and tax saving opportunities.

18 Real Estate Investments I (3) CSU

Prerequisite: Real Estate 1.

This is an advanced course in which a thorough analysis is made of the investment factors that determine the evaluation of commercial, industrial and residential projects. The six basic steps in the investment process are covered in detail: search, analysis, negotiation, documentation, contingency removal and property management after purchase.

21 Real Estate Economics (3) CSU

Prerequisite: Real Estate 1.

This course covers the fundamentals of economic trends and factors which affect the real estate market. Topics covered include: urban structural relationships, real estate market analysis, problems of subdividing, and the governmental relationship to real estate development.

911 Cooperative Education - Real Estate (1)

921 Cooperative Education - Real Estate (2)

931 Cooperative Education - Real Estate (3)

941 Cooperative Education - Real Estate (4)

SOCIOLOGY

1 Introduction to Sociology (3) UC:CSU (CAN SOC 2)

This course is an overview of what we know (and do not know) about human behavior and human societies. It examines how social life (life in groups, organizations and societies) affects people, and how people affect each other and their societies.

2 American Social Problems (3) UC:CSU (CAN SOC 4)

This course deals with the analysis of societal problems in the United States today. It emphasizes problems related to poverty, deviance, criminal justice, group conflict, population, environment and social change.

11 Ethnic & Racial Minorities in the United States (3) UC:CSU

Examines minority/majority relationships in the United States, how these relationships developed historically, and the social, political, and economic forces that maintain or act to change these relationships. Analysis of similarities and differences in ethnic and racial groups' experiences will promote understanding of the forces underlying minority/majority relations.

185 Directed Study - Sociology (1) CSU

285 Directed Study - Sociology (2) CSU

385 Directed Study - Sociology (3) CSU

Allows a student to pursue Directed Study in Sociology on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

Course Descriptions

SPANISH

1 Elementary Spanish I (5) UC:CSU (CAN SPAN 2)

Corequisite: Spanish 101.

This is the first term of a two-term sequence in first-year Spanish. Communicative proficiency is the main objective. The four skills of listening, speaking, reading and writing are developed with emphasis on the active use of these skills. Culture is incorporated into the course in textual and visual materials to stimulate interest and reinforce understanding and appreciation of the Spanish-speaking world.

NOTE: Same as Spanish 21 with Spanish 22.

2 Elementary Spanish II (5) UC:CSU (CAN SPAN 4)

Prerequisite: Spanish I with a grade of "C" or better, or two years of high school Spanish or equivalent.

Corequisite: Spanish 101.

This course is a continuation of Spanish I. It is designed to provide the student with further skill development in understanding, reading, speaking, and writing Spanish. More advanced cultural material is presented to further develop the interest, knowledge and appreciation for the lifestyle of Hispanic peoples.

3 Intermediate Spanish I (5) UC:CSU (CAN SPAN 8)

Corequisite: Spanish 101.

Recommended: Spanish 2 with a grade of "C" or better, or three years of high school Spanish.

This course assists the student with the continued development of proficiency in Spanish language skills. It reviews and expands grammatical concepts learned in previous courses, and emphasizes idiomatic construction and conversational ability. Discussion of selected literary and cultural readings will provide training in oral and written expression.

4 Intermediate Spanish II (5) UC:CSU (CAN SPAN 10)

Corequisite: Spanish 101.

Recommended: Spanish 3 with a grade of "C" or better, or four years of high school Spanish.

This course provides a review of the more difficult aspects of grammar and seeks to perfect comprehension, fluency and cultural knowledge. Spanish and Spanish-American life and problems are considered through readings and discussion of literature. The readings provide the basis for regular composition assignments.

5 Advanced Spanish I (5) UC:CSU

Prerequisite: Spanish 4 with a grade of "C" or better.

This course continues the study of advanced grammar and composition, and seeks to perfect comprehension and fluency in the language, and skill in analyzing literature. It includes reading in prose and poetry from Spanish and Spanish-American literature. The readings are the basis for regular composition assignments and development of increased mastery in spoken Spanish through class discussions.

6 Advanced Spanish II (5) UC:CSU

Prerequisite: Spanish 5 with a grade of "C" or better.

This course continues the study of advanced grammar and composition, and seeks to perfect comprehension and fluency in the language and skill in analyzing literature. It includes readings in prose and poetry from Spanish and Spanish-American literature. The readings are the basis for regular composition assignments and development of increased mastery in spoken Spanish through class discussions.

8 Conversational Spanish (2) CSU RPT 3

This course is designed to increase the student's ability to comprehend native spoken Spanish and increase his or her fluency in conversation. Reading and writing are used to enhance opportunities for a student to acquire and use new structures and vocabulary.

NOTE: UC transfer credit limit: 4 units. No UC credit for Spanish 8 if taken after spring 1994.

14 Spanish for Public Service Personnel (3) CSU (RPT 1)

This course emphasizes the practical usage of Spanish in the areas of public service, business, and community activities.

21 Fundamentals of Spanish I (3) UC:CSU

This course provides the first half of the fundamentals of Spanish 1. It stresses pronunciation and grammar as well as provides practice in understanding, speaking, reading, and writing simple Spanish. Students are introduced to Spanish and Spanish-American civilization through simple readings. Emphasis is placed upon the spoken language.

NOTE: Spanish 21 and 22 together are equivalent to Spanish 1.

22 Fundamentals of Spanish II (3) UC:CSU

Corequisite: Spanish 101.

This course provides the second half of the fundamentals of first semester Spanish. It stresses pronunciation, grammar, and practice in understanding, speaking, reading and writing simple Spanish. Students are introduced to Spanish, Spanish-American and Hispanic culture and civilization through simple readings. Emphasis is placed upon the spoken language through practical material for simple conversation based on everyday experiences.

NOTE: Spanish 21 and Spanish 22 together are equivalent to Spanish 1. UC Transfer Credit limit: A maximum of 5 units from Spanish 21-22 will be accepted for UC credit.

101 Spanish Language Laboratory (1) (CR/NCR) CSU RPT 4

Corequisites: Spanish 1, 2, 3, or 4.

This is a mediated, independent study course which allows students to enhance their Spanish language skills through audio, video, and computer work in the language lab.

101A Spanish Language Laboratory (.5) (CR/NCR)

101B Spanish Language Laboratory (.5) (CR/NCR)

These are mediated, independent study courses which allow Spanish 21 and Spanish 22 students to enhance their Spanish language skills through audio, video, and computer work in the Language Lab. The course content is directly related to the level of the foreign language class in which the student is concurrently enrolled, and with the textbook being used for that course. These are Credit/No Credit courses.

NOTE: For Spanish 21 and Spanish 22, students must complete only 16 hours of lab work for each course.

Course Descriptions

SPEECH COMMUNICATIONS

101 Oral Communication I (3) UC:CSU (CAN SPCH 4)

Students will learn to recognize the importance of the First Amendment, define the process of sending and delivering messages, scrutinize feedback, analyze audiences. In addition, they will research, organize and prepare speeches that are focused, detailed, and cite attribution, utilizing outlines for delivery. Attention will be paid to relaxation exercises, eye-contact, body language, podium presence, the pause, articulation, voice projection and pacing. The role of the listener will be examined, as will self-evaluation. Informative, persuasive and argumentative speeches will be taught.

102 Oral Communication II (3) UC:CSU

Prerequisite: Speech 101.

This course encourages classroom discussion and analysis of subjects chosen by the class for special study. Discussions focus on the search for topics and the inquiry into the nature of each topic. Analysis of selected topics is undertaken to help students "invent" solutions for the "best means of persuasion." Arrangement, structure and delivery of class and public speeches are also considered. Students evaluate the manner in which different audiences perceive and judge issues and solutions presented in varying speech situations.

103 Business and Professional Speaking (3) CSU (RPT 2)

This beginning course for business and professional persons stresses the preparation and delivery of speeches, reports and briefings. Emphasis is placed upon technical aids to facilitate delivery. The course is recommended for career Education majors.

104 Argumentation (3) UC:CSU (CAN SPCH 6)

This course is an introduction to critical thinking and seeks to explore the various steps in the critical thinking process. Emphasis is placed on both how and why we make decisions as we do. Topics explored include claims, definitions, evidence, reasoning, fallacies, and persuasion. *NOTE: UC credit limits: one course from 104, 121, 151.*

111 Voice and Articulation (3) UC:CSU

This introductory course gives students the opportunity to practice proper methods of voice production, accurate articulation and enunciation of standard spoken American English. The IPA (International Phonetics Alphabet) is taught as a means of identifying sounds and enhancing listening skills.

113 English Speech as a Second Language (3) CSU (RPT 1)

This course is designed for non-native speakers of American English. This course focuses on the "speech music" of the language – the stress, rhythm, and intonation patterns important to clear accent acquisition, as well as difficult sound contrasts. Students will receive individual accent evaluations and prescriptives for improvement. They will practice and test new accents in communicative group activities.

121 The Process of Interpersonal Communication (3) UC:CSU

This is an advanced course in the analysis of the principles and significance of interpersonal social interactions in all areas of life. Perception, building positive relationships, personal disclosure, self-fulfilling prophecies, effective listening, communication apprehension, verbal and non-verbal communication, the impact of gender and culture on communication, expressing emotion, assertiveness, aggression, and conflict management will be examined. *NOTE: UC credit limits: one course from 104, 121, or 151.*

122 Communication Across Cultures (3) CSU

This course surveys the verbal and non-verbal communication styles of world cultures. The focus is on the communication fundamentals, language use, and interpersonal dynamics of different cultures. Students participate in research projects and discussions of selected cultural groups.

135 Storytelling (3) CSU

This course emphasizes the history, selection, analysis, preparation and presentation of narrative prose and verse for all age levels. It also develops the adult story teller's knowledge, critical ability, appreciation and taste in the field of children's literature. It is especially useful for teachers, nurses, librarians, recreation leaders and parents.

151 Small Group Communication (3) UC:CSU

This course provides an analysis of the purposes, principles and types of discussions. Emphasis is placed on developing skills to assume roles of leadership and active participation. Creative decision making, groupthink, the nature of power, conflict management, anger management and problem solving are explored.

185 Directed Study - Speech (1) CSU

285 Directed Study - Speech (2) CSU

385 Directed Study - Speech (3) CSU

Allows a student to pursue Directed Study in Speech on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

STATISTICS

(See Mathematics 227)

SUPERVISED LEARNING ASSISTANCE

(See Tutoring)

SUPERVISION

1 Elements of Supervision (3) CSU

In general terms, this course introduces the total responsibilities of a supervisor in industry. Among the items covered are organization, duties and responsibilities, human relations, grievances, training, and management/employee relations.

Course Descriptions

THEATER

100 Introduction to the Theater (3) UC:CSU

This survey course introduces students to the theater. Students learn to become aware of the components constituting an artistic entity and to intelligently and objectively evaluate a professional or non-professional performance. As a final project, students may collectively produce a play.

110 History of the World Theater (3) UC:CSU

This course surveys theater from its prehistoric beginnings to contemporary drama. It emphasizes the reflection of the culture in the drama of each historical period and follows throughout the threads of subject matter, dramatic structure, playwrights, acting techniques and approaches, playing space, and visual elements.

130 Playwriting (3)

This course introduces the student to the basic principles and techniques of playwriting. This is a hands-on practical introduction to playwriting culminating in the student's one-act play being presented by student actors to a live audience.

200 Introduction to Acting (3) UC:CSU

This course is an introduction to the art and craft of acting. The student will be exposed to a brief history of acting. Various areas of actor training including breathing and movement exercises will be covered through lecture/demonstration, ensemble exercises, scene work, play reading and viewing live performances.

233 Play Production (3) CSU

In this course students are actively involved in the production of plays for college and public performance. This course provides study and laboratory exploration in all aspects of play production involving the actor in order to develop his or her acting capabilities, skills, and disciplines.

240 Voice and Articulation for the Theater (3) UC:CSU

This is an elementary voice class which covers the mechanics of voice production, and the various elements of theater speech: quality, strength, timing, and pitch. Individual group exercises are combined to help the student acquire the basics of good theater speech.
NOTE: Credit allowed for only one course: Theater Arts 240 or Speech Communications 111.

265 Movement for the Actor (2) UC:CSU (RPT 1)

Selections from plays, poetry and prose are utilized to train the actor to approach the text from a "physical and emotional" point of view. Exercises and improvisations in sensory-motor awareness lead to flexibility, balance, energy and expressiveness on stage.

271 Intermediate Acting (2) UC:CSU

Prerequisite: Theater 200 with a grade of "C" or better, or consent of the instructor.

Acting principles are expanded and applied in staged scenes. The emphasis is on comprehension, translation into meaningful dramatic action, and character creation. The actor's self-awareness is explored and developed before a classroom audience.

275 Scene Study (2)

Prerequisites: Theater 100 and Theater 200.

This course provides the opportunity to increase proficiency in the advanced art and craft of acting. The students will explore the necessary techniques for developing and intensifying their dramatic abilities by demonstrating competency in character analysis and performance.

278 Film and Television Acting (3) CSU

The basic fundamentals of acting for the camera are explored. Demonstration, exercises and improvisations are used to practice the techniques. Scenes are practiced, taped and critiqued.

300 Theater (3)

501 Introduction to Motion Picture Production (3) UC:CSU

(Same as Cinema 1)

This course presents a comprehensive introduction to basic film production techniques and equipment. Proper procedures are explained for the use of cameras, lenses, filters, film stock, light, microphones, tape recorders, editors, and other motion picture equipment. The goal of this course is to appreciate and understand the elements unique to cinematic production and post-production.

505 History of Motion Pictures (3) UC:CSU

This course will involve the viewing of approximately 14 full-length motion pictures. Discussions centering on various film making techniques including acting and narration will follow each screening. The effect of changing social mores will also be discussed. Several formal typewritten papers will be required.

185 Directed Study - Theater (1) CSU (RPT 2)

285 Directed Study - Theater (2) CSU

385 Directed Study - Theater (3) CSU

Allows a student to pursue Directed Study in Theater on a contract basis under the direction of a supervising instructor.

NOTE: Maximum UC credit allows 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

Course Descriptions

TRAVEL

NOTE: Subject credit for courses in this program may be obtained at California State University Los Angeles after transfer with an Associate in Arts Degree.

100 Introduction to the Travel Industry (3)

This course gives students a practical overview of the fast growing travel industry, including such sectors as cruising, tours, travel agencies, air transportation, car rentals and lodging, as well as information on career opportunities, both full-time and part-time.

110 Apollo Computer Reservations (3)

This course gives students hands on experience with the Apollo computer system, one of the two systems most widely used by travel agents. Students will learn to make airline reservations, build passenger name records, quote fares and price itineraries.

115 Sabre Computer Reservations (3)

Students will get hands-on experience with Sabre computer system, one of the two systems most widely used by travel agents. Students will learn to make airline reservations, build passenger name records, quote fares and price itineraries.

130 Geography of North America, Hawaii and the Caribbean (3)

In this course students will become familiar with the major attractions, tourist centers, climate patterns, lodging choices, travel options and traveler motivations for the United States, Canada, Mexico and Central America.

135 Geography of Europe and the Middle East (3)

In this course students will become familiar with the major attractions, tourist centers, climate patterns, lodging choices, travel options and traveler motivations for Europe and the Middle East.

137 Geography of Asia, Africa, South America and the South Pacific (3)

In this course students will become familiar with the major attractions, tourist centers, climate patterns, lodging choices, travel options and traveler motivations for Africa, Asia, South America and the South Pacific.

140 Travel Industry Sales, Service and Marketing (3)

This course covers marketing objectives, strategy planning, travel motivation and research, promotional ideas, press releases, advertising, sales techniques and applications. Discover the secrets of selling travel profitably, effectively serving customer needs, and successfully marketing travel products.

155 Tour Escorting, Planning and Operations (3)

Tour conducting, guiding and planning are among the most rewarding and sought after careers in travel. In this course students will explore the appeal of tours, as well as job strategies, cross-cultural sensitivities, client psychology and anticipating customer and supplier needs. The course includes several field trips.

161 How to Run a Travel Business (3)

The key to business productivity and profitability: efficient operation. Using the travel agency as a model, this course will show students how to develop a business plan, generate sales reports, apply proven accounting systems and follow those best practices that can lead to success in any travel business.

175 Meeting/Convention and Incentive Planning (3)

Students will be prepared to plan, promote and operate travel programs for meetings, conventions and incentive groups, including site selection, pricing, entertainment, supplier negotiations, and motivational techniques.

180 Cruise Sales Specialization (3)

Cruising is the travel industry's fastest growing sector. This course will give students a deep understanding of the cruise experience and business, including client motivation, cruise line profiles, world-wide port geography, sales tactics and marketing strategies. Actual ship inspection field trips are included.

186 Internet Travel Research (3)

Students will become familiar with key travel industry web sites and learn how to book travel, communicate and access information from airlines, hotel chains, tour companies, cruise lines, tourist bureaus and government internet sites.

200 Introduction to the Airline Industry (3)

In this course, students will learn about entry-level jobs with airlines, and explore current issues such as airline operations, code sharing, sales and safety, and the market strategies of the 10 largest U.S. airlines.

300 Introduction to the Hospitality Industry (3) CSU

Students will learn about exciting careers in hotels, resorts, restaurants, private clubs and in institutional settings. Learn how knowledge of duties, organization, marketing and revenue sources and more give students world-wide opportunities in this growing industry.

305 Hotel and Restaurant Supervision (3)

Prerequisite: Travel 300

This course covers the application of management and supervision concepts and techniques in the hospitality industry. Emphasis is placed on leadership, communication, employee selection and training, performance appraisal, motivation, coaching, delegation, decision making and planning.

931 Cooperative Education - Travel (3)

In this course, students will intern at a travel-related business and also learn about career-building strategies.

TUTORING

1T Supervised Learning Assistance (0) NDA

Students who utilize general tutorial services, PC Labs, the Library's Internet Lab, and audio-visual services are automatically enrolled in Supervised Learning Assistance. There is no cost associated with the use of tutoring services, the audio-visual services or the Internet Lab.
